READ—

Letter No. 27, dated 20th August 1917, from the Superintendent of Inam Settlements in Mysore, forwarding the annual Administration Report* of the Inam Department for the year 1916-17.

*Printed as an accompaniment.

Order No. R. 4434—L. R. 255-17-2, dated 14th November 1917.

Recorded.

2. It is not stated whether a programme was drawn up as suggested in the last year's review to get through the remaining work of the Department before the close of the period, for which the Inam Superintendent's Office has been ordered to be continued. This information should now be submitted.

3. The main features of the year's work were as follows:—

(i) Nine land inams comprising an extent of 66 acres, 36 guntas and assessed at Rs. 68-14-0 were newly confirmed, 38 land inams and 16 whole inam villages were resumed and struck off the inam registers, 3 whole inam villages and 27 other land inams were revised, 77 ready money inams were converted into land inams and quit-rent registers issued therefor.

(ii) The number of quit-rent registers prepared during the year was 12 for whole inam villages, 104 for resumed and struck off cases, besides 648 supplemental quit-rent registers.

(iii) Quit-rent registers of the Muzrai institutions of nine taluks were checked and returned, and final quit-rent registers of Tarikere, Belur and Gudibanda were overhauled during the revision settlement.

4. The year's operations resulted in a decrease of Rs. 3,500-6-0 in the inam revenue against an increase of Rs. 9,032-12-10 in the shape of assessment under Land Revenue.

No. R. 4434—L. R. 255-17-2, dated 14th November 1917.

Letter No. 26, dated Bangalore, 20th August 1917, from D. K. Darashah, Esq., B. A., Superintendent of Inam Settlements in Mysore, Bangalore, to B. Ramaswamaiya, Esq., B.A., B.L., Officiating Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to submit herewith the annual Administration Report of the Inam Department for the year 1916-17.

2. The staff of the Department continued to be what it was at the commencement of the year under report.

3. During the year, 9 land inams comprising an extent of 66 acres, 36 guntas and assessed at Rs. 68-14-0 were newly confirmed with a combined quit-rent of Rs. 14.

Thirty-eight land inams and 16 whole inam villages were resumed to Government and struck off the inam registers during the year under report, on account of which the inam revenue was reduced by a sum of Rs. 3,567-11-0, while there was a corresponding increase of Rs. 9,032-12-10 under Land Revenue in the shape of assessment.

4. Three whole inam villages were revised on survey valuation during the year under report. Twenty-seven other land inams were also revised. The net result of the revision was that the combined quit-rent was increased by Rs. 53-5-0.

Seventy-seven ready money inams were converted into land inams and quit-rent registers issued therefor.

The number of quit-rent registers prepared during the year was 12 for whole inam villages and 104 for resumed and struck off cases. Besides these 648 supplemental quit-rent registers and correction statements were prepared and issued during the year on the basis of Purvani Tarav Patriks, Government Orders, etc

6. During the year under report, 3 final title-deeds for whole inam villages and 19 others for minor inams in Government villages were issued.

7. During the year under report, the quit-rent registers of four taluks and of a portion of Honnali Taluk were compared, differences were investigated and necessary alterations effected.

Besides the above which refer to taluks in which revision settlement was introduced in previous years the final quit-rent registers of Tarikere, Belur and Gudibanda were overhauled and brought up-to-date at the time when the revision settlements were being conducted.

8. Out of the manuscript copies of the quit-rent registers of the Muzrai institutions of the 15 taluks sent in by the Muzrai Superintendent for comparison and verification with the original inam records so as to allow of their being sent to the Press, those of six taluks had been compared and returned in 1915-16. The registers of the remaining nine taluks were verified, corrected and returned during the year under report.

9. The amount of correspondence both English and Vernacular was 2,005 as against 2,228 in the year previous.

Searching for old records required for reference by private parties and by various Government Departments as usual took up much time and labour.

10. There was a decrease in the year of Rs. 3,500-6-0 in inam revenue as shown below:—

				Rs.	a.	p.
Quit-rent on account of revision	...	...	...	53	5	0
Quit-rent on newly confirmed inams	...	...	...	14	0	0
		Total	...	67	5	0
Deduct on account of resumed inams	...	...	...	3,567	11	0
		Net Decrease	...	3,500	6	0

11. The cost of the Department for the year was Rs. 3,532-9-3 as against Rs. 3,690-12-2 in the year previous.

12. The total cost of the Department from 1868 up to the end of the year under report was Rs. 12,00,515-0-0, and the total annual recurring revenue is Rs. 2,69,372-10-7.

13. There were no amendments to make in the statement of landed property held by the staff of the Department during the year.

14. In conclusion, I am glad to be in a position to say that the Manager and the staff have worked willingly and well.

Opening of Hikkals under the Krishnarajasagara.

Proceedings of the meeting of the Land Compensation Committee held on 3rd September 1917, in the Public Office Buildings, Mysore.

* * * * * *

VI. Read Special Land Acquisition Officer's memo regarding the necessity for hikkals being opened by Government Agency, and suggesting that at least the line along which they should be run from field to field for all the survey numbers comprised in a block commanded by a fixed sluice should be tangibly demarcated on the field by the Public Works Department with reference to prevailing levels of the lands.

The Chief Engineer, Krishnarajasagara Works, said he would undertake to mark out the lines in which the hikkals have to run from field to field, the raiyats themselves being responsible for opening the hikkals.

This is considered sufficient.

SUBJECT.

Matters for discussion in the meeting of the Land Compensation Committee to be held in the Deputy Commissioner's Office, Mysore, at 8 A. M., on Monday the 3rd September 1917.

MEMO No. VI.

The subject of forming hikkals of minor distributaries of sluice water from field to field is a much contested point. This is said to be the task of the raiyats themselves, and the Public Works Department content themselves by determining the position of each sluice which should command a block of survey numbers (ranging from about 20 to about 50 in each block,) and letting water through the sluice, the dimension of whose outlet is also limited by the standard of duty of water which has now been raised to 50 from 25.

To the cry of inadequacy and insufficiency of water-supply is added the equally loud if not louder one raised in respect of hikkals. No doubt in an ordinary point of view it is but right to expect the raiyats themselves to open the hikkals through their fields from one end to the other, and the task itself would be much smoother if it were a case of raiyats of one and the same village being concerned in the act of co-operation and mutual benefit. But under existing circumstances wherein lands have been split and parcelled in all sorts of ways, and original holders view with askance eyes the awardees put in possession of the plots taken away from them; and moreover, the present settlement involves the interspersing in a village the holdings of local raiyats with those of absentee landlords and Government banjar, etc., the opening of hikkals cannot easily be left to be done by the raiyats themselves.

I have, therefore, been suggesting that this should be undertaken by Government agency in which cases the privileges of water-supply would be equitably dealt to all, and the necessary acquiescence of field owners in the passage of water through their fields to that of their neighbours would be ensured without any hitch. Any necessary provisions may be caused to be made in the channel rules for rendering it obligatory on the part of every land-holder in an irrigable area to allow hikkals on his lands, as may be determined by Government agency with respect to the relative claims of fields and the levels prevailing.

READ—

Letter No. C. Per. 37-1 of 17-18, dated 19th September 1917, from the Revenue Commissioner in Mysore, forwarding copy of his review on the reports received from the Deputy Commissioners of Districts, regarding the progress made in the constitution of Tank Panchayets during the half-year ended 30th June 1917.

Order No. R. 4582-90—L. R. 13-17-25, dated 19th November 1917.

Recorded.

2. There has been a delay of about two months in the submission of the report.

3. It is unsatisfactory to note that no progress has been made in the Bangalore, Hassan, Shimoga and Kadur Districts during the half-year under review.

4. The following discrepancies are observed and called for explanation and rectification :—

(1) The number of major tanks in the Kadur District which was shown as 131 in the previous half-year has been raised to 132 now ;

(2) The number of panchayets in the Kolar and Hassan Districts already in working order is only 2, and not 3 as shown in the statement and that in the Chitaldrug District is only 5 ;

(3) Again, the number of panchayets sanctioned in the case of the Kolar and Tumkur Districts during the half-year under review should be 2 and 7, respectively, instead of 3 and 4 ;

(4) Two panchayets which were actually constituted in the Chitaldrug District during the half-year under report have not been mentioned in the statement.

ACCOMPANIMENT.

Revenue Commissioner's review of the progress made in the constitution of Tank Panchayets in respect of major tanks during the half-year ending 30th June 1917, received from the Deputy Commissioners of the several districts.

The statement from the Chitaldrug District was received in time, and that from the Bangalore District was received after a delay of two months.

2. The accompanying statement shows the progress made during the period under review. It will be seen therefrom that no progress was achieved under the scheme in the districts of Bangalore, Hassan, Shimoga and Kadur. It is, however, reported that the formation of some panchayets in Hassan and Kadur are under correspondence.

3. In the statement for Tumkur District, the proposals in respect of the Honnudike tank in the Tumkur Taluk and Hulikunte tank in the Sira Taluk are shown as pending in this office. The Deputy Commissioner's attention is invited to Government Notifications Nos. R. 8516—L. R. 16-15-17 and R. 12321—L. R. 16-15-38, dated 8th March and 26th June 1916, sanctioning his proposals in the matter (*vide* copies of the *Mysore Gazette*, dated 9th March and 29th June 1916) and he is requested to take steps to form the panchayets in accordance therewith at an early date.

4. The number of panchayets in the Kolar and Hassan Districts was 2 on the 1st July 1916 and none was actually formed in either of those districts during the half-year ending December 1916 The number given under column 6 in the statements of these districts, *viz.*, 3, requires explanation. Similarly the figure 6 under the same column for the Chitaldrug District requires explanation as the number of panchayets at the beginning of the previous half-year was 4 and only 1 was formed during that half-year.

REVENUE COMMISSIONER'S REVIEW.

Recorded.

2. The accompanying statement shows that the total mortality in the State during the quarter under review was 25,454 against 23,078 in the corresponding quarter of the previous year. This is due to the prevalence of cattle diseases in the districts of Tumkur, Mysore, Hassan and Kadur. Special efforts were made by the officers of the Civil Veterinary Department to combat the diseases as far as possible.

Read—

Letter No. C. Per. 47, dated 22nd September 1917, from the Revenue Commissioner in Mysore, submitting with his review the statements received from the Districts showing the progress in the constitution of Village Forests during the half-year ended 30th June 1917.

Order No. R. 4799-4808—Ft. 14-17-29, dated 26th November 1917.

Recorded.

2. The returns have been submitted long after the due date, and they do not seem to have been prepared with sufficient care and attention. The figures to be shown in the several columns should be figures relating only to the half-year under report, and not the figures brought forward from the time the scheme was brought into operation. In this view, the repetition in columns 3 and 4 of the figures of the previous half-year against the districts of Bangalore, Kolar and Shimoga is incorrect. Apparently no proposals were sanctioned in these districts, during the half-year under report, and these columns should therefore have been left blank, as has been done in the case of the Tumkur, Mysore, Kadur, and Chitaldrug Districts.

3. It is observed that except in the Mysore District where two blocks, covering an area of 931-1 were constituted as Village Forests, no progress in this direction was made in any of the other districts during the half-year under report. Government desire once more to impress on the Deputy Commissioners and other Revenue Officers the necessity and importance of their taking greater personal interest in the promulgation of the new scheme of Village Forests wherever possible as the only effective means of meeting the requirements of the raiyat population.

4. The Revenue Commissioner is requested to submit a special report on the working of the Village Forests constituted up to November 1917 detailing the work done by the panchayets concerned, the revenue derived and manner in which it is utilized in each case.

5. With a view to prevent a recurrence of the errors noticed in the statements under review, Government now direct that the form of the statements should be revised as indicated in the annexure to this order.

14. *Cart-track*, from Alur to Vatigar. It enters the forest in the western boundary of the block at a point about 5 chains north-west from the south-east corner of Survey No. 34 of Alur and passes east through survey No. 37 of the said village for about 6 chains and reaches the western boundary of the enclosure No. II at a point about 8 chains south-east from the southernmost corner of survey No. 36 of Alur.

15. *Foot-path*, from the cremation ground in survey No. 38 of Alur to the halla in Survey No. 37. It enters the forest in the western boundary of the block at a point about 3 chains south-east from the north-east corner of survey No. 38 and runs east for about 5 chains through survey No. 38 and 37 of Alur and reaches the halla at a point about 5 chains south-east from the north-east corner of survey No. 38.

No. R. 4340-3—Ft. 73-17-4, dated 9th November 1917.

16. *Foot-path*, from Majare Hosakoppa to Vatigar. It enters the forest in the western boundary at a point about 3 chains north-west from the north-east corner of survey No. 30 and runs east for about 11 chains through survey Nos. 29 and 37 of Alur and reaches the western boundary of the enclosure No. II at a point about 10 chains north-east from the north-east corner of Survey No. 30 of Alur.

17. *Foot-path*, from Vatigar to Yogamalali. It enters the forest in the eastern boundary of the enclosure No. II at a point about 9 chains north-east from the north-east corner of survey No. 8 of Vatigar, passes south-east for about 35 chains through Survey Nos. 10 of Vatigar and 29 of Yogamalali and leaves the forest in the eastern boundary at a point about 3 chains north-east from north-east corner of survey No. 24 of Yogamalali, then runs west from Vatigar and enters the forest in the western boundary of the enclosure No. II at a point about 3 chains south-west from the southernmost corner of survey No. 38 of Alur, and passes through Survey No. 48 for about 16 chains and leaves the forest in the western boundary at a point 6 chains north-east from the south-east corner of survey No. 47 of Alur.

18. *Foot-path*, from Yogamalali to the enclosure No. III. It enters the forest in the eastern boundary of the block at a point about 8 chains south-east from the south-west corner of survey No. 4 of Yogamalali and runs south-west for about 18 chains through Survey No. 55 of the above village and reaches the enclosure at a point about 5 chains east from the easternmost corner of survey No. 52 of the same village.

19. *Foot-path*, from Demalapur to the enclosure No. III It enters the forest in the western boundary of the block at a point about 12 chains north-east from the south-east corner of survey No. 55 of Demalapur and runs north-east for about 9 chains through the abovenamed survey number and reaches the enclosure to survey No. 94 and goes further on in the same direction for about 59 chains through Survey Nos. 98 of Demalapur and 50 of Yogamalali and enters enclosure No. III at a point about 8 chains south-east from the south-west corner of Survey No. 53 of the latter village. The same foot-path branches at a point about 11 chains south-east from the southernmost corner of Survey No. 96 and passes on to the enclosures of Survey Nos. 96 and 95 of Demalapur as shown in the sketch.

20. *Foot-path*, from Adinasara to Yogamalali It branches from the cart-track number 22 *infra* at a point about 11 chains south from the north-east corner of Survey No. 61 of Aklapur and runs north through Survey No. 25 of Adinasara for about 11 chains and passes on through Survey No. 50 of Yogamalali for about 69 chains following the demarcation line for about 5 chains in the middle and quits the forest at a point 4 chains south-west from the south-east corner of Survey No. 58 of Yogamalali.

21. *Cart-track*, from Konandur to Yogamalali shown in the village map. It enters the forest in the northern boundary of the enclosure No. III at a point about 5 chains north-east from the northernmost corner of tank Survey No. 1 of Torebile and passes north-east and east through Survey Nos. 7 of Torebile and 15 and 10 of Vatigar and after going through the village of Yogamalali again enters the forest at a point 3 chains north-east from the northernmost corner of Survey No. 28 of Yogamalali and then runs north-west and north-east for about 65 chains through Survey No. 29 and quits the forest at a point about 3 chains west from the north-east corner of the same survey number.

22. *Cart-track*, from Adinasara to Konnangi as noted in the sketch. It enters the eastern boundary of the block at a point about 9 chains south-west from the north-west corner of the village site of Adinasara, then passes west and south-west through Survey Nos. 25 of Adinasara and 61 of Aklapur for 37 chains and quits the western boundary of the block at a point about 5 chains north-east from the north-east corner of Survey No. 68 of Aklapur.

23. *Cart-track*, from Torebile to the enclosure No. III. It enters the forest in the western boundary of the block at a point about 7 chains north-east from the north-east corner of Survey No. 22 and passes south-east for about 31 chains through Survey Nos. 24 and 7 of Torebile and reaches the enclosure No. III in its north-west corner.

24. *Cart-track*, from Aklapur to Mallapur. It enters the forest in the western boundary of the block at a point about 6 chains south-east from the south-east corner of Survey No. 6, runs south-east for about 25 chains through Survey No. 5 of Aklapur and quits the forest at a point about 20 chains north-east from the north-west corner of Survey No. 171 of Thriambakapur.

25. *Foot-path*, from Aklapur to the enclosure No. VII. It enters the forest in the western boundary of the block at a point about 8 chains north-west from the north-east corner of Survey No. 66 of Aklapur and passes north-east for about 11 chains through Survey No. 61 and reaches the enclosure at a point about 5 chains south-west from the south-west corner of Survey No. 65.

N. B.—The cart-tracks admitted here are 10 feet in width and foot-paths 6 feet.

The following concessions are admitted within the block.

N. R. 4340-3—FT. 73-17-4, DATED 9TH NOVEMBER 1917.

The marginally noted villagers are allowed to take from this forest on free permits obtained from the Forest Department the following at the rates mentioned against each :—

Kallur.
Kalasi.
Talali.
Yogamalali.
Torebile.
Alur.
Wadehosahalli.
Kaguchi.
Biderhalli.
Agrahar hobli of Tirthahalli Taluk and Humcha hobli of Nagar Taluk.

Vatey (i) Bidaroo, Kavri (ii).		One cart-load each per house per year.
Cane	...	Three head-loads per house per year.
Bende Fibre	...	Ten head-loads per house per year.
Dadasaloo or broom	...	Three head-loads per house per year.

Demalapur people are also allowed the above articles except Vatey.

Dry fuel when it is not available in the District jungle shall be granted on free permits at between 8 and 15 carts a year for each holder to the following villagers :—

Kallur, Kalasi, Talali, Yogamalali, Demalapur, Wadehosahalli and Vatigar.

Kotteyballi is allowed at three-head-loads per house per year on free permits from the Forest Department to the villagers of Talali, Yogamalali, Torebile, Wodahosahalli and Biderhalli.

Bagani Koradoo (*Dry*) is allowed to Biderhalli people as well as to the people of Agrahar hobli in Tirthahalli Taluk and Humcha Hobli in Nagar Taluk who are also allowed cane, vatey, bende and kowri naroo, tome required for household purposes from Wadehosahalli and Kalasi jungles to the extent allowed to Kalasi people.

Grazing at half the seigniorage rates in the prescribed season is allowed to the villagers of Vatigar, Kalasi and Wadehosahalli.

By Order,

Letter No. 526, dated 26th—28th June 1917, from B Basavaradhya, Esq., B.A., B.L., Forest Settlement Officer in Mysore, Bangalore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the Settlement of the Kumadvathi block in Tirthahalli and Nagar Taluks in Shimoga District.

2. The initial Notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State Forest appeared on pages 38, 39 and 40, Part I of the English issue of the *Mysore Gazette*, dated 2nd February 1911; and the proclamation under Section 5 of the Forest Regulation, was issued by my predecessor Mr. C. Venkata Rao and the same appeared on pages 130 to 134, Part II, dated 9th March 1911, of the Kannada issue of the *Mysore Gazette*.

3. The proclamatory notifications were got served on the villagers concerned through the Amildars of Nagar and Tirthahalli Taluks.

4. The locality was inspected and perambulated by me in company with the in-charge Amildar of Nagar and the District Forest Officer, Sagar Division, on the 6th, 7th, 9th, 20th, 21st and 22nd December 1916. The Amildar, Tirthahalli, was not present at the perambulation of the line.

The following (72) claims were preferred to me during the enquiry :—

(1) Three claims to right of water.
(2) Eleven claims to right of grazing.
(3) Seven claims to right of way.
(4) Five claims to Kan rights.
(5) Forty-six claims to miscellaneous rights.

The claims in (1), (2) and (3) were admitted. Of the eleven claims in (2) only three were admitted and the rest rejected, as the grazing area left for them was more than ample. Of the forty-six claims in (5) thirty-three claims were admitted, some fully and some partly and the rest rejected.

I noticed during my inspection many of the cart-tracks and foot-paths which seemed very important; but none of the villagers claimed them by ignorance or otherwise. I have granted eight foot-paths and ten cart-tracks in addition to the above for the convenience of their moving about from place to place.

5. The Deputy Commissioner, Shimoga District, says in his docket No. O. C. 3317, dated 29th April 1917, that no appeals have been preferred to him against my decision.

6. The following records are herewith submitted:—

(1) 'B' Register. (2) 'C' Register. (3) Sketch Map.
(4) Boundary Notification. (5) Topo-tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

1	Kolla of Talali ...	6th Dec. 1916.	Praying for a way of 10 feet in width from the village to his land survey No. 35 new—38 old.	....	May be allowed	Survey Nos. 38 39—40 (old) are treated as enclosures with a margin of 5 chains in width on three sides as they are cultivated lands and a cart-track of 10 feet wide from Talali village passing through Survey Nos. 37, 41—42 (old) is allowed for the use of the owners, throughout the year.		
2	Mitia of Talali ...	Do ...	Praying for a way of 10 feet in width from the village to Survey Nos. 37—40 old	.. ...	Do			
	Veerabhadrappa, Patel of Talali.	Do ...	1. Stating that he has a kan of 23 acres in Survey No. 39 new—37 old which has been included in the reserve and that he has applied for 5 acres of land in Survey No. 13 new—64 old for coffee cultivation which is 27 acres and 8 guntas in extent and is willing to have 23 acres in Survey No. 64 (old) in exchange for his kan in Survey No. (37) old.	.....	The exchange proposed may be done.	The kan in question is not defined by any metes and bounds and is not therefore capable of being located and confined to any definite portion of Survey No. 37. It cannot therefore be treated as an enclosure The claimant is willing to take 23 acres in Survey No. 13 new—64 old which is kharab and the District Forest Officer has no objection to this. I therefore adjudge that the exchange be allowed subject to the approval of the Deputy Commissioner.		
			2. That the demarcation line may be shifted a mile away from his Survey No. 41 new—44 old.		Not necessary as the line does not touch the survey number	As the line does not go within the prescribed distance from the survey number there is no necessity to shift the line.		
			3. That the demarcation line may be taken further away from his Survey No. 12 new—9 old as he wants leaf manure for his land. On behalf of the villagers :—		Wherever the line passes near the cultivation, a margin of 5 chains may be allowed. The District Forest area available for the village is ample for his requirements.	This cannot be done as the area available as District jungle is ample.		
			1. Free grazing is to be allowed.		Not necessary as the gomal and kharab left for them is ample.	The right of free grazing cannot be granted as the gomal and kharab left for them with 325 acres of assessed waste is more than ample for the cattle of the village.		
			2. Green wood for fuel may be allowed to be taken from the Reserve without payment or permit.		Not necessary as they can get this from the District Forests.	Not granted		
			3. Right to take annually from the reserve free of cost one cart-load of poles of Jambe, Hunal and Mathi kinds for each hut should be allowed.		D ...	Wood for repairs, etc., cannot be granted as they are found in sufficient quantities in the District jungles.		
			4. Ten crooked Mathi trees per year for each villager and two Hoone hollow blocks 2 to 4 yards in length may be allowed free of cost from the State Forest.		Not necessary as the District Forests available for them could meet their requirements.	Cannot be granted as the District Forests will meet all their requirements.		

			5. Cane, Kottayballi, Bende fibre Kowri fibre, Vatty Bidaroo, Bagany koradoos at 3 per raiyat per year. Dabasoo at one head-load per house per year should be allowed free of cost from the Forest.		The right to take these on free permits from the proposed block may be given.	The following articles are allowed on free permits:— Cane 3 head-loads per house per year. Kottibally ditto Bende fibre 10 head-loads per house per year Kowri, Vatty Bidaroo one cart-load per house per year Dabasoo at 3 head-loads per house per year. Bagany koradoos will not be allowed.
			6. Dry wood for fuel between 25 to 50 cart-loads per house per year may be allowed free of cost from the State Forest when it is not available in the District Jungle.		Not necessary as there is plenty of dry wood in the District Forests.	Dry wood at between 8 and 15 cart-loads per house per year as per his requirements shall be granted on free permits when it is not available in the District Jungle.
4	Siddappa, for the villagers.	6th Dec. 1916	Wood for plough and adasalu should be given from the State Forest at between 8 and 10 per raiyat, from Hadaga and Dadasalu trees.	.....	Not necesssary as it is available in the District Judges.	These will not be allowed to be taken from the State Forest as they are found in sufficient quantities in the District Jungle.
			2. Sivanic tree at two per pair of bullocks may be allowed to be taken from the State Forest.		This is not necessary as other equally good trees are available.	This is not necessary as other equally good trees are available in the District Forest.
5	Kagli Kotrappa of Talali.	7th Dec. 1916	Praying that demarcation line may be shifted a mile off from his land Survey No. 36 as the wild beasts that reside in the jungle damage the crop.	.....	Except a right of way to his land no special concessions are necessary.	The request is unreasonable as the nearest corner of his land is more than 1½ furlongs from the demarcation line and as it is not yet under cultivation. A foot-path of six feet wide will be allowed from the margin of Survey No. 35 to this land and he can use the cart-track from Talali allowed for the use of the owners of Survey Nos. 38, 39 and 40 (old). This land will be treated as an enclosure.
6	Veerabhadrappa, patel of Kalasi on behalf of the villagers.	Do ...	Stating that the demarcation line should be shifted a mile off from their cultivation lands as the gomal lands to the east of their village have been taken for Havobitlu State Forest.	.....	Not necessary as there still remains enough area of khanab and gomal to the villagers even *after deducting areas taken* for Havobitlu and the proposed block.	419 acres of khanab and gomal that remains to the villagers after deducting the areas taken for both the forests is quite ample to meet all the requirements of the villagers, *viz.* 110 people.
			2. Free grazing should be allowed for the cattle in the State Forest.		A concession rate of 2 annas per head of cow or oxen and 4 annas per head of buffalo may be allowed.	A concession of half the Seigniorage rates, *i.e.*, 2 annas per head of cattle and 4 annas per head of buffalo is allowed for the villagers.
			3. Cane, Vattey, Dadasalu, Kowri and Bende fibres and Kottayballi should given free.		Cane, Vattey Brooms, Kowri and Bende fibre and Kotteyballi may be taken on free permits as also jungle wood for fuel.	Cane, Vattey Brooms Kowri and Bende fibres and Kotteyballi and Jungle wood for fuel may be taken by the villagers on free permits.
	Forest Settlement Officer in Mysore.					(1) A cart-track from Chiballi village which runs along the western side of Survey Nos. 38 and 39 is allowed in Survey No 37 old — 55 new. (2) A cart-track from Halebenakoppa village to Kalasi village is also allowed through Survey No. 37 old — 55 new.
7	Veerabhadrappa, patel of Kagachi.	Do ...	Praying that the demarcation line may be shifted so as to leave one mile in width all round the cultivated lands of the village as the village has been included in the Forest and the villagers have no other jungle to bring their necessaries, *i.e.*, timber, fuel, etc.	.....	The request is unreasonable no concession for timber need be given, dry fuel may be given free on permits.	The village is included within the forest block. The gomal land Survey No. 35 old — 33 new is proposed to be wholly taken up for the Forest. It has got an arm in the west which indents into the midst of cultivation and opens its hand after a narrow thrust. It is undesirable that the

						forest should come so near. There should be some elbowing space between the village lands and the Forest. So the enclosure line is marked on the map so as to obviate both the above inconvencies.		
			2. Free grazing for the cattle of the village may be allowed in the block.		A concession of half the usual grazing fee may be given.	Nearly 460 acres of gomal has been left out by this enclosure line which is ample for the village cattle and so no concession is necessary.		
			3. Vattey, Cane, Kotteyballi, Bende and Kowri fibres brooms and Bagany Koradoo may be allowed freely to be taken from the block.	.....	These may be given on free permits except Bagany Koradoo.	Vattey, Cane, Kowri and Bende fibres and brooms will be allowed to be taken on free permits at the rates allowed to Talali.		
8	Santha Veerappa, patel of Kallur on behalf of the villagers.	7th Dec. 1916	Prays that the line should be shifted a mile off from their lands as there is a big halla on the west, Kumadvathi river on the north and the forest on the east.		The request is not reasonable	A margin of 5 chains is allowed near the cultivated Survey Nos. 9 — 23 old — 18 and 20 new and to make the altered demarcation line straight more space has been left.		
			2. Vattey, Cane, Kotteyballi fibres and Bagany Koradoo and wood for other agricultural implements may be allowed free from the Forest.		May take Vate, Canes fibres and brooms on free permits.	Villagers are allowed to take in the proposed State Forest on free permits Vattey, Cane fibres and brooms. The remaining area of gomal and kharab being well wooded will supply the requirements of the villagers as regards the agricultural implements, etc.		
			3. Free grazing right should be given.		Not necessary as more gomal is available than required for the cattle of the village.	The concession of free grazing is quite unnecessary as the gomal and kharab remaining for the village is more than ample.		
			4. Timber for building small houses and dry fuel for household purposes should be given free from the Forest block.	.....	No concessions in respect of timber are necessary but dry fuel may be taken on free permits.	Only dry fuel may be taken from the State Forest on free permits. No concessions as regards timber is considered necessary.		
	Forest Settlement Officer.		.....	...		A cart-track of 10 feet wide for men, carts and cattle all the year round should be allowed through survey No. 8 old 19 new as shown in the village map.		
9	Santha Veerappa, patel of Biderhalli on behalf of the villagers.	Do ...	Prays that the demarcation line which has come very near their cultivation lands may be shifted a mile off from the lands as they have to use the jungle for their own use, i.e., for bringing domestic and agricultural implements dry and green fuel, etc.	.....	Complaint is groundless. The gomal and kharab aggregating to 1,070 acres left for the village is fairly well wooded and can meet all their requirements.	The gomal and kharab lands left to the villagers being fairly well wooded can meet all the requirements of the village in respect of their domestic and agricultural purposes.		
			2. Vattey, Bidaroo Dadasaloo, Bende and Kowri fibres, Kotteyballi, Bagany Koradoo may be allowed to be taken free from the State Forest.	.....	These may be taken on free permits but only dry Bagany may be taken	These are allowed to be taken from the proposed State Forest on free permits. Dry Bagany only should be taken.		

			3. Free grazing right should be given.	.....	No concessions in respect of grazing are necessary as the area left for the villagers is more than ample for their cattle.	The area left for the villagers is more than they require for the number of cattle they have and so no concession is considered necessary.
10	Erapa, Biderhalli ...	9th Dec. 1916	States that he has a kan of 93 acres in Survey No. 9 old 48 new and takes soppu, cane, Kottayballi dry fuel Gurigay Haraloo (a kind of oil seed) dry leaves etc., and grows pepper there and is willing to take 93 acres close to his village if the same is fixed and handed over to him, as it is not defined by any metes and bounds.	.....	Ninety-three acres of kan adjoining the village may be marked off and given to him for exercising his kan rights.	These are undefined kans and cannot be treated as an enclosure as per Government Order No. R. 4958-60—Ft. 23-08-2, dated 9th January 1911. The only feasible solution that suggests itself to me is to mark off two separate bits of the survey number equal in area to the kans in question and allow the kandars to enjoy their rights and privileges over those definite areas.
11	Rechappa of Taligebyle Guardian of Nanjukandar of 92 acres of kan in survey No. 48 new of Biderhalli.	13th Dec. 1916	Stating that he has no objection to take 92 acres and odd of land near the village in lieu of the kan privileges of nanja in survey No. 48 (new) of Biderhalli.	.....	The District Forest Officer agrees to this proposal.	It is inexpedient and detrimental to the interests of the Forest Department that the present state of things should continue any longer as it may lead to clandestine extension of their rights to the whole of the survey number. I have accordingly marked off the portions required on the map.
12	Veerabhadrappa, patel of Wadehosahalli on behalf of the villagers.	7th Dec. 1916	Prays that the demarcation line which has come very near the cultivation lands may be shifted a mile off.	.....	This request is unreasonable ..	Enough of space has been left in marking the enclosure line for this village.
			2. Vatey, cane dry fuel Dadasaloo koteyballi and other agricultural implements may be allowed to be taken from the State Forest free.	.....	Vatey, cane, dry fuel, brooms kottay climber may be taken free on permits	Cane Vatey, dry fuel, brooms, Kottayballi may be taken on free permits at the rates allowed to Talali.
			3 Free grazing rights should be given.	.....	There are only 88 cattle in the village and the gomal and kharab available is enough for them. However a concession rate of ¼ the Seigniorage may be given as their village forms an enclosure.	This village contains only four persons as its population and the cattle at present is (58) I think the available gomal and kharab lands seem enough for them However to avoid hardship that may be felt on the increase of cattle they are allowed to graze their cattle in case of necessity in this State Forest at half the Seigniorage rates ordinarily allowed. A cart-track of 10 feet wide from Kagachi to Biderhalli *via*, Taluk survey No. 2 (old) for men, cattle and carts all the year round is allowed.
13	Narasimhia, patel of Vategar on behalf of the villagers.	17 Dec. 1916...	Prays that a right of way should be given for them as their village has been included in the forest.	.. ...	Right of way may be allowed ..	The village with sufficient land all round for free movement of men, cattle, etc., is treated as an enclosure. This enclosure includes the assessed waste lands of the village so as to admit of the expansion of cultivation. A foot-path six feet wide to to Yogamalaly is also allowed through the block all round the year for men and cattle.
			2. Some lands should be excluded from the forest for the use of the villagers, *i.e.*, to bring fuel, soppu, etc., and to graze their cattle.	.....	Grazing at half the Seigniorage rates and the removal of dry fuel free may be allowed. The area of District Forest is enough for leaf manure.	The cattle of the village are allowed to graze in this forest on payment of half the Seigniorage rates. Dry fuel is allowed free for the villagers from this forest.
			3. That some land all round the temple situated in Survey No. 11 should be left out as a Jatra is to be held there.	.....	A right of way may be allowed to the temple. There is no objection to the Jatra being held there provided the ordinary safe guards against fire occurrence are taken. No special area need be assigned for this purpose.	Sri Siddeswara temple for which certain concessions were asked for is also included in the above enclosure with sufficient space all round for the performance of a Jatra.

			4. There is a Kan in the Khata of Subba Rao *bin* Nagappa and three others and the same may be excluded.	.....	The exercise of existing Kan rights may be limited to a definite area and the same excluded.	The Kan of Subba Rao and others is an undefined one. I have directed that a triangular portion of the said survey number equal in area to the Kan be marked off in the south-west corner of the said land and these Kan rights should be confined to that bit.		
14	Narasimhia, patel of Alur.	17 Dec. 1916...	Stating that the demarcation line which has come very near their cultivation lands may be shifted away.	.....	The line may be shifted where it touches cultivation lands.	The line is shifted from survey No. 16 old (5 new) so as to give the usual cultivation margin.		
			2. Free grazing may be allowed.	.....	No further concessions are necessary.	No grazing concession is necessary, as about 72 acres of additional land are left out by shifting the line straight from the north-eastern corner of the tank to the north-eastern corner of survey No. 26 old and 30 new.		
			3. Soppu, fuel, etc., may be allowed to be taken from the forest.	.....	....	The villagers are allowed to take Cane, Bende and Kowri fibres, Vatey, Bidaroo, Dadasalu on free permits at the rates allowed for Talah village.		
			4. The burning ground of the village has been included in the block and the same may be excluded.	.....	.. ...	The burning ground has been reserved for the villagers.		
			5. The tank which has been included in the block may be excluded.	.....	The tank may be excluded ...	The tank is excluded from the block as prayed for by the villagers.		
			6. A cart-track for our cattle and carts may be left out of the forest.	.....	The cart-track may be given as a right of way.	The following cart-tracks and foot-paths are allowed through the block for use throughout the year :— (1) A cart-track ten feet wide to Vatigar is allowed to the east of survey No. 29 old and 34 new and passing through survey No. 44 old and 37 new. (2) A cart-track to the south-east of survey No. 11 old and 47 new going to Haramballi through survey No. 12 old and 48 new is allowed through the block. (3) A foot-path six feet wide is allowed from the cremation ground in survey No. 30 old and 36 new to the Halla in survey No. 44 old and 37 new. (4) A foot-path six feet in width from Majre Hosakoppa to Vattigar passing through survey No. 43 old and 29 new and 44 old and 37 new is allowed.		
	Forest Settlement Officer.							

15	The villagers of Kuthahalli.	16th Dec. 1916	Pray that the demarcation line which has come very near their lands may be shifted further away so as to leave sufficient land for their use as well as their cattle. (2) The tank which has been included in the block may be excluded.	.....	The area of kharab and gomal left for the village is more than necessary for the requirements of the villagers. However the line may be slightly shifted where it approaches cultivation.	The usual margin of five chains has been left for the survey Nos. 4, 5 and 7 and 7, 11, 13 new only 180 acres have been taken for the block and the remaining area in Survey No. 20 (new) is more than ample for the cattle of the village which is only 128 in number. So no further concession is necessary. The tank has been left out for the villagers as prayed for.
16	Ranganna Gowda of Torebile, guardian of Lok and Subanna.	22nd Dec. 1916	Stating that the demarcation line has come very near the cultivation survey Nos. 15, 21 and 23 and praying that the same may be shifted away so that there may be no difficulty for him to bring the requirements and to graze his cattle, etc. (2) Besides this, free grazing in the State Forest may be allowed to him together with. (3) The permission to take Vatey Bidaroo soppu, etc., from that State Forest free.	.....	The line is not near the lands and so it is not necessary.	(1) The usual margin of 5 chains is allowed to the cultivation lands. Survey No. 23 and the other numbers, *viz.*, 15 and 21 are already far away from the demarcation line. (2) No grazing concession is allowed as the gomal and kharab that remains after taking 750 acres to this block is more than sufficient for 331 cattle. (3) Cane, Vatey Bidaroo, Dodasaloo, Kottayballi, Bende Naroo and Kowri Naroo may be allowed to be taken by the villagers from the block or free permits at the rates allowed to Talali village.
17	Ramanna of Siddapur Majre of Torebile.	Do ...	The demarcation line which has come very near the cultivation land survey Nos 1, 12 should be shifted away. (2) Permission for bringing fuel, soppu, etc., from the block should be given.	.....	....	The usual margin of five chains is allowed Granted
18	Thimanna Gowda of Siddapura Majre of Torebile. Forest Settlement Officer.	Do ...	The demarcation line may be shifted from the survey Nos. 2, 3, 14, 16, 17, 18, 19, 20, 22.	.....	.....	A margin of five chains is allowed to Survey Nos. 2, 3 and 22. A cart-track of ten feet in width is allowed from the enclosure referred to above through survey Nos. 5 and 20 (old) close by the cremation ground.
19	Siddanna of Holavani Majre to Yogamalali.	Do ...	Prays that the demarcation line may be shifted from the survey Nos. 46 and 47. (2) A right of way to the said land should be given as they are enclosed all sides by the demaraction line. (3) Permission for taking soppu, fuel fibres and cane from the Forest may be allowed. (4) The tank to the north of survey No. 34 may be excluded.	....	..... May be given ... ... Not necessary	The usual margin of five chains has been allowed for the survey Nos. 46 and 47 and 31 old and (2) as they are excluded from the block no right of way need be granted. (3) Dry fuel required by the villagers should be allowed to be taken on free permits from the proposed State Forest, Cane Vatey, Bidaru Kattyballi, Bende and Kowri fibres and brooms may be allowed to be taken from the State Forest on free permits at rates allowed to Talali. (4) The tank to the North of Survey No. 34 (old) is excluded from the block.
20	Kolla of Yogamalali ...	Do ...	Prays that the demarcation line may be shifted away from the survey No. 56 new and 37 old.	.....	May be shifted as per Rules ...	The line is shifted five chains away from the Survey No. 56 as requested by Kolla.

21	Channe Gowda and others of Yogamalali. Forest Settlement Officer.	28 Dec. 1916.	Stating that their lands have been taken away for the forest and they find it very difficult to manage without them and so they should be excluded. (2) and permission to bring all the requirements of the villagers, *viz.*, Cane fibres, Balli, Bamboos, Dry fuel, Vatey, Jungle wood, timber and green fuel from the forest block may be granted together with free grazing rights.	.....	.....	The cattle in the village is only 151, the gomal that has been left (1,037 acres 7 guntas) for the village is far more than ample and so no further grazing concession is considered necessary. (2) Dry fuel, Cane, Vatey, Balli, Bidaroo, fibres are allowed on free permits. (3) The following foot-paths and cart-tracks are allowed:— (i) A foot-path 6 feet in width from the village to the enclosure lands survey Nos. 29 and 30 (old). (ii) A foot-path 6 feet in width from Demalapur to Yogamalali. (iii) Foot-paths to and from Adinasara noted in the village map are recognised. (iv) A foot-path from Vatigar to the north of survey No. 23 (old). (v) One cart-track 10 feet in width from Konandur also shown in the village map is allowed.		
22	Venkata Subba Bhatta, patel of Demalapur.	28 Dec. 1916.	Stating that the survey No. 55 (new) is the Gomal allowed for the village cattle and in it is included also a Kan of 148 acres 27 guntas belonging to Ramanatha Devara and this number should be excluded from the Forest block.	.....	The kan rights may be allowed to be exercised in the area left out of the block being restricted to a definite locality	The area taken for the block is only 60 acres and it will be still more lessened by deducting the area left out on account of the cultivation margin to survey Nos 94 and 90 (new) and the kan rights may be exercised in the remaining portion of the survey number which is more than 336 acres.		
23	Rama *alias* Ranga of Demalapur.	21 Dec. 1916.	Prays that the demarcation line may be shifted from his land survey No. 94.	.....	Usual margin may be allowed.	Usual margin is allowed.		
			(2) A right of way to his land and the way going to Yogamalali may be left out.	.....	May be given.	Granted.		
			Dry fuel and kan phasalu, etc. may be allowed to be taken from the State Forest.	.....	Not necessary as a very large area has been left out for the villagers.	Dry fuel, Beude and Kowri fibres, Cane and brooms may be taken by the villagers on free permits from the block.		
			(3) Free grazing may be allowed.			Not allowed.		
24	Giddanna, of Demalapur. Forest Settlement Officer.	21 Dec. 1916.	The demarcation line may be shifted from his land survey No. 90.	.....	Cultivation margin may be given.	Usual margin will be allowed. A foot-path 6 feet in width is allowed for men and cattle throughout the year for the enclosure lands as noted in the map.		

25	Ranganna and other villagers of Adinasara.	21 Dec. 1916	Stating that a great deal of inconvenience is caused by the block and the line should be shifted 200 yards off from their lands, etc.	.....	Very little area has been taken from this village and they have really no grievance.	Only 130 acres have been taken for the block and a very large area is left for the villagers. The grievances of the villagers is more imaginary than real and so the line is confirmed.
	Forest Settlement Officer.				.....	A cart-track 10 feet in width is allowed from this village to Kannangi.
6	Appanna of Aklapur	Do ...	Prays that the line may be shifted 200 yards away from his cultivation, survey Nos. 23 and 23.	.....	Cultivation margin may be allowed.	The line has been shifted to allow the usual cultivation margin.
7	Linge Gowda ...	Do ...	Prays that the line may be shifted 200 yards away from his cultivation, survey No. 46.	.....		
8	Subramanya Bhatta, Patel.	Do ...	Prays that the line may be shifted 200 yards away from his cultivation, survey No. 1.	.....		
9	Krishna Bhatta ...	Do ...	Prays that the line may be shifted 200 yards away from his cultivation survey Nos. 6, 9, 16, 31, 33, 42, 46, 44, 52 and 21.	.....		
10	Rudra Aklapur ...	22 Dec. 1916	Prays that the line may be shifted 200 yards away from his survey No. 113.	.....		
			2. And permission to take freely Soppu, Daragoo, Dry fuel and Negalkunte, etc., from the block.	.....	No concession is necessary as the District jungle available is enough.	No further concessions are allowed as the portions left out for the villagers after deducting the area taken for the block is more than sufficient to meet all the requirements of the villagers.
	Forest Settlement Officer.					A cart-track of 10 feet in width to Mallapur is allowed through the block at a point 6 chains from the south-eastern corner of survey No. 1 (old) for men, cattle, carts all the year round.
31	Lokanna Gowda, patel of Mallapur.	22nd Dec. 1916	Prays that the demarcation line may be shifted from the survey No. 49 old.	.....	Cultivation margin may be allowed.	The usual margin of 5 chains is allowed from the northernmost corner of survey No. 49 old.
			2. The way to go to a halla in Thriambakapur from Mallapur may be allowed for the cattle to go and drink water.	.....	May be allowed.	The cart-track to Thriambakapur now falls in the margin of survey No. 49 and it is not necessary to grant it.
			3. Permission to take fuel, Daragoo, etc., from the State Forest as usual may be granted.	.....	Not necessary as there is enough of District Jungle.	Only 80 acres have been taken for the block and even this is lessened by leaving the margin to the cultivation land, survey No. (49) old, and the very large area still remaining is more than ample for the villagers to meet all their requirements. Hence no further concession is necessary.
32	Subbaraya Bhatta and Narasimha Batta of Thriambakapur.	21 Dec. 1916	Pray that the land taken for the block from their village may be excluded as nearly 23 survey numbers are affected by it.	.....	Almost no area has been taken from this village. Except a corner of survey No. 162 it is not necessary to change the line.	The area taken is only 44 acres after leaving the usual cultivation margin, only 15 or 16 acres will be available for the Forest and so no portion need be taken from this village. The line will run along the village boundary.

33	Mallappa, patel of Haramballi.	6th Dec. 1916	Stating that they were grazing their cattle in the survey No. 31 of Talali from the begining and they were also taking fuel, green leaves and building materials from that number (6 new) The gomal survey No. 6 of their village is full of Jambittike and was poor in the growth of grass.	Shanbhog Nagappa Sastri was examined and he says that the gomal of Haramballi is divided into two portions by the river Kumadvati, the portion on the other side of the river is being used by the villagers of Malvalli and Gonkere in addition to their own gomals. But he says that the cattle of Haramballi were grazing in the Thevadikoppa gomals Old Shanbhog Subbanna says that the cattle of Haramballi were grazing in the gomal of Talali village but in the same breath he says that they were grazing in Kavagodu gomal which was becharak and that as soon as it was populated they did not allow the cattle of Haramballi to graze in their gomal.	No areas of either gomal or kharab of this village have been taken for the block and the area available for the village is quite enough for all their real needs No concessions need be given in the block.	The conflicting evidence of the 2 shanbhogs show that there was no recognized and well established custom for Haramballi people to graze their cattle in Talali gomal alone but the enjoyment if any was rather casual and clandestine and was perhaps unobjected to by the Talali people. When they had large areas of Gomal. This does not show that Haramballi people were entirely dependent on Talali jungle for grazing and wood required for their purposes. For these reasons I decide that Haramballi people are not entitled to any concessions in Talali gomal lands which is included in Kumadvati State Forest.		
34	Halappa and others of Agrahar hobli in Tirthahalli Taluk and Huncha hobli in Nagar Taluk.	Do ...	Stating that they were bringing Vatey, Cane, Bende and Kowri Naroo, Dabasab, etc., required for household purposes from the jungles of Maskani and Kalasi and pray for its continuation.	Shanbhog Soshagiriappa corroborates the statement of these people.	This is not reasonable as the distance is very far.	These people shall be allowed to get these things from Wadehosahalli and Kalasi Jungles to the extent allowed to the Kalasi people B. BASAVARADHYA, Forest Settlement Officer. 26th June 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENT.

READ—

Government Notification No. R. 1172—Ft. 198-07-3, dated 20th August 1908, declaring the reservation of the Hebbegiri block in the Yedahalli (Narasimharajpura) Sub-Taluk and the Chikmagalur Taluk under Section 4 of the Forest Regulation.

2. Correspondence ending with the Conservator of Forests' letter No. 3218, dated 12th October 1917, stating that the final Notification constituting the block a State Forest, as settled by Mr. C. Venkata Rao, Forest Settlement Officer, may be published in the Gazette.

(The Forest Settlement Officer's report and the B and C Registers are printed as accompaniments.)

Order No. R. 4853-6—Ft. 86-17-4, dated 27th November 1917.

The settlement effected by the Forest Settlement Officer is approved.

2. The Deputy Commissioner, Kadur District, is requested to promulgate the boundaries of the forest in the localities in which the forest is situated.

3. The abnormal delay of three years in the submission of the settlement papers by the Deputy Commissioner, Kadur District, is unsatisfactory.

NOTIFICATION.

No. 4857—Ft. 86-17-5, dated 27th November 1917.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from the 1st January 1918, the area, the boundaries of which are set forth in the Schedule annexed to this Notification shall be deemed to be a State Forest subject to the exercise of rights specified at foot thereof.

SCHEDULE.

District	Taluk	Approximate area	Name of block
Kadur ...	Chikmagalur .. ... Yedahalli (Narasimharajapura) ...	8·56 square miles	Hebbegiri

BOUNDARIES.

North.—Starting from a point on the south side of survey No. 52 of Nandigavi, about 2 chains east from the north-east corner of survey No. 42 of Nandigavi, the line runs north-east along the south side of the said survey No. 52 of the same village for about 50 chains as far as a halla which cuts the said south side at a point about 10 chains west from its south-east corner, then south-east and south-west along the said halla through survey Nos 57,56 and 48 to a point on the south side of the last named survey number about 32 chains west from the south-west corner of survey No. 49, then south-west along the north side of survey No. 64 to its north-west corner, then south-west in a straight line through survey Nos. 46 and 63 for a distance of about 57 chains to the south-west corner of survey No. 47, then east along its south side to its south-east corner (the junction of Hipla, Dandubithara and Nandigavi), then north-east along the northern boundary of survey No. 35 of Hipla to its north-east corner.

East.—Thence south along the west side of survey No. 42 of Hipla for about 63 chains.

South.—Thence south-west and north-west along the northern demarcation line of the Muthodi State Forest to the north-west corner of survey No. 52 of Hipla, which is the trijunction of Hebbe, Nandigavi and Hipla villages, then south-west along the western demarcation line of the said Muthodi Extension State Forest (west side of survey No. 52 of Hipla) till it meets the Somavahini river where it cuts the Chikmagalur-Narasimharajapura cart-track, then north-west along the Somavahini river for about 65 chains till it meets the east side of survey No. 42 of Hebbe.

West.—Thence north along the said east side of survey No. 42 of Hebbe till it meets the said Chikmagalur-Narasimharajapura cart-track, then across the same cart-track, and then north along the Hebbe-Tadasa road for about 35 chains to a point on the east side of survey No. 27 about a chain north from its southernmost corner, then north-east along its east side to the south-west corner of survey No. 33, then north along its west side to its north-west corner, then north-east along the said Hebbe-Tadasa road through survey No. 32 of Hebbe till it meets the Hebbe-Save cart-track at a point about 4 chains south-east from its north-east corner, then north-east along the said Hebbe-Tadasa road through survey Nos. 59 and 58 of Nandigavi to the starting point.

Remarks. *A.—The following rights of way are admitted in the block throughout the year:—*

(1) *Cart-track*, from Narasimharajapura to Dodkan Estate, 15 feet wide and about 115 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point where it cuts the Hebbe-Tadasa road about 6 chains south-east from the south-east corner of survey No. 44 of Nandigavi, runs south-east through survey Nos. 59, 57, 56 and 46 of the same village, and quits the forest in its northern boundary at a point about 2 chains south from the north-west corner of survey No. 64 of Nandigavi.

(2) *Cart-track*, from Hebbe to Save, 15 feet wide and about 50 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point on the east side of survey No. 32 of Hebbe about 4 chains south-east from its north-east corner, runs north-east through survey Nos. 45,61 and 59 of Nandigavi and joins cart-tract No. 1 *supra*.

(3) *Foot-path*, to Dodkan Estate, 6 feet wide and about 78 chains long, open for men and cattle. It branches from the cart-track No. 1 *supra* at a point about 13 chains south-east from the south-west corner of survey No. 57 of Nandigavi, runs south-east and south through survey Nos. 56 and 48 of the said village and quits the forest in its northern boundary at a point on the north side of survey No. 64, about 19 chains north-east from its north-west corner.

No. 4853-6—Ft. 86-17-4, dated 27th November 1917.

(4) *Foot-pth*, from Hipla to survey No. 23 and on to survey No. 22 of the same village, 6 feet wide and about 72 chains long, open for men and cattle. It enters the forest in its southern boundary at a point 18 chains south-west from the southernmost corner of survey No. 21, runs north-west through survey No. 24 and reaches survey No. 23 treated as an enclosure, and thence north-east through the said survey No. 24 and reaches survey No. 22 which is also treated as an enclosure.

(5) *Cart-track*, from Chikmagalur to Narasimharajapura, 15 feet wide and about 192 chains long, open for men, cattle and carts. It enters the forest in its southern boundary at the north-west corner of survey No. 38 of Hebbe, runs north-west through No. 36 of the same village and quits the forest in its western boundary at the north-east corner of survey No. 42.

Survey Nos. 22 and 23 of Hipla being occupied lands, are treated as enclosures in the block. Access to them will be by means of foot-path No. 4 *supra*.

Letter No. 47, dated Bangalore, the 13th—30th September 1914, from Mr. C. Venkata Rao, Forest Settlement Officer, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Kadur District.

I have the honor to report on the conclusion of the settlement of the Hebbegiri Block in Chikmagalur Taluk and Yedahalli Sub-Taluk of the Kadur District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 522 and 523 of the English issue of the *Mysore Gazette*, Part I, dated the 27th August 1908 and the proclamation under Section 5 of the said Regulation was issued by my predecessor in Office, Mr. M. Shama Rao, and the same was published on pages 728, 729 and 730 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 8th September 1908. The proclamatory notices were got served on the villagers concerned through the Amildar of the Chikmagalur Taluk and the Deputy Amildar of the Yedahalli Sub-Taluk.

3. The block was inspected and perambulated by me in company with the Amildar of the Chikmagalur Taluk, and the Deputy Amildar of the Yedahalli Sub-Taluk, and the Range Officer of the Jagervalley Range, on the 8th March 1912. The tract is well-wooded with teak, honne, hunal, bite, etc., and appeared as if it had been rigidly protected.

4. The following five claims were preferred to me during the enquiry:—

(i) Three claims to right of way and

(ii) Two claims to miscellaneous rights.

All the claims in (i) were admitted. Of the two claims in (ii), one was partly admitted and the other rejected.

5. The appeal filed by the District Forest Officer against my settlement decision was rejected by the Deputy Commissioner (*vide* his letter No. 2972, dated 27th April 1914).

6. The undermentioned records are herewith submitted:—

1. 'B' Register.
2. 'C' Register.
3. Sketch Map.
4. Boundary notification.
5. Topo-tracing.

7. The date from which the reservation is to take effect, may be inserted in the draft boundary notification.

1	Huliyappa, a leading ryot of Hipla	6th March 1912	States that as a large extent of lands has already been included in the Muthodi State Forest there is hardly any pasturage land left for the village cattle and prays that sufficient extent of land may be excluded from the reserve for grazing purposes and further prays that as the boundary line of the enclosure surrounds his village, it may be so continued in a straight line from the foot-path leading to Hiplaram as to join the boundary of the karavam enclosure near Seegavathi halla, further states that if a portion of Muthodi State Forest be disforested and given out for grazing purposes there is no objection to his village lands being included in the reserve		The complaint of Huliyappa is groundless as enough of forest was set aside for the use of the ryots at the time of the settlement of Muthodi, and hence no concession is called for in the case of this village	The lands proposed for inclusion in the block out of Hipla village are of no use to the ryots of Hipla inasmuch as they are separated from the village by the intervening Muthodi extension State Forest. The villagers represent that there is no objection to their inclusion in the proposed reserve provided a portion of the Muthodi State Forest the boundary line of which runs rather close to the village is disafforested and given out for their use. As the extent of kharab and gomal lands still left for their use is more than ample I decide that the line be confirmed. Survey Nos. 22 and 23 being occupied lands will be treated as enclosures in the block. **C. VENKATA RAO,** **Forest Settlement Officer** **9th March 1912**		
2	Huliyappa, a leading ryot of Hipla	Do	That a straight foot-path leading from Hiplaram to Survey No. 23 (Hiplaram) through Survey No. 21 and thence to Survey No. 22 may be admitted		Must be granted	The foot-path leading from Hiplaram to Survey No. 23 (Hiplaram) through Survey No. 21 and thence to Survey No. 22 will be admitted for men and cattle throughout the year; width to be 6 feet. **C. VENKATA RAO,** **Forest Settlement Officer** **9th March 1912**		
3	Chunnal patel of Hipla	Do	It is said that as a large extent of land has been proposed for the forest, the western boundary line may be so shifted as to run in a straight line from the eastern bund of Survey No. 16 to the north east corner of Survey No. 31		The demand made is not based on the actual requirements of the village. The boundary line may be so shifted as to exclude the two tanks from the forest	As the forest boundary line in the Hebbe village includes the village land under which wet cultivation exists, there is no alternative but to exclude it altogether as the Forest Department is not likely to be interested in its maintenance. I accordingly direct that the demarcation line be deviated at the eastern corner of Survey No. 16 and made to run in a north-easterly direction along the western boundary of

						Survey No 34 and then along the western boundary of Survey No. 33. As a result of this modification, about 156 acres of gomal land will be excluded for the grazing of the raiyats' cattle. In all, there will remain for the communal purposes of the raiyats of Hebbe about 400 acres of gomal for the pasturage of 151 head of horned cattle in addition to 400 acres of kharab. C. VENKATA RAO, Forest Settlement Officer. 9th March 1912.		
4	Chinniah, patel of Hebbe	6th Mar. 1912.	Requests that right of way to the cart-track leading from Chikmagalur to Vedahalli may be admitted.	...	May be admitted	Right of way to the cart-track leading from Chikmagalur to Vedahalli will be admitted for men, cattle and carts throughout the year. Width to be 15 feet C. VENKATA RAO, Forest Settlement Officer. 9th March 1912. The fact that none of the raiyats of Nandigavi have turned up for preferring any sort of claim, clearly indicates that the vast extent of kharab and gomal lands remaining for the use of the villagers is quite enough for their purposes and the demarcation line as now laid out in the limits of this village has therefore to be confirmed. But, as it is inexpedient to treat the coffee estates situated in the State Forest as enclosures, I would exclude them altogether by shifting the eastern boundary of the forest without trenching much upon it. I accordingly direct that the demarcation line be deviated at a point about 2 chains east from

					the north-east corner of Survey No. 42, so as to run along the southern boundary of Survey No. 52 as far as the halla, and then it will run along the left bank of the said halla as far as the point of intersection with the northern boundary of Survey No. 61 (A. W.) which is about 32 chains west from its easternmost corner, thence westwards along the northern boundary of the said number to its north-west corner, then south-west in a straight line through Survey Nos. 40 and 63 till it meets the south-west corner of Survey No. 47 after crossing the northern boundary of Survey No. 63 at a point 23 chains west from the south-west corner of Survey No. 47 and thence east along the Hipli village boundary, till it meets the trijunction of Hipli, Dandubithara and Nandigavi villages. C. VENKATA RAO Forest Settlement Officer. 9th March 1912.
Ascertained by the Forest Settlement Officer.	9th Mar. 1912.	Right of way to the following path ways may be admitted.— (1) Cart-track to Dodian Estate branching from the forest road. (2) Foot-path to the said estate *via* Survey Nos. 56, 48 and 64. (3) Cart-track passing through Survey Nos. 61 and 45 to Save from Hebbe.	... (3) Cart-track (15 foot wide) from Hebbe to Save *via* Survey Nos. 61 and 45. C. VENKATA RAO, Forest Settlement Officer. 9th March 1912.	*Claims 1 and 3.* The appeal filed by the District Forest Officer was rejected by the Deputy Commissioner (*vide* his letter No. 2972, dated the 27th April 1914.) NOTIFICATION.

No. R. 4954— Ft. 87-17-5, dated 30th November 1917.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (IX of 1900), that, from 1st January 1918, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Approximate area	Name of block
Kadur ...	Chikmagalur Taluk and Narasimharajapura (Yedaballi) Sub-Taluk.	2·62 square miles	Madla ...

BOUNDARIES.

North.—Starting from a point on the left bank of the Somavahini, where the Wadihatti-Hebbe foot-path joins the Somavahini river about 18 chains east from the north-west corner of survey No. 38 of Hebbe, the line runs east, north-east and south-east along the said bank to the north-east corner of the said survey number, then along the same bank for about 220 chains to a point on a bend on the said river about 5 chains north from the easternmost corner of survey No. 24 of Madla.

East.—Thence north-west for 6 chains through survey No. 26 of the same village to a point about 3 chains north-east from the north-east corner of survey No. 24, then west for about 74 chains in a straight line through survey Nos. 26, 23 and 22 touching the northernmost corner of survey No. 25 to the north-east corner of survey No. 40, then south-west in a straight line through the last named survey number for about 45 chains to meet the Hipla-Sugadavani cart-track at a point about 24 chains north-west from the north-west corner of survey No. 34, then south through the said survey No. 40 for about 30 chains to the north-west corner of survey No. 27 of Madla, then in the same direction in a straight line till it meets the Kalavasihalla on the northern boundary of the Sugadavani village.

South.—Thence west along the said northern boundary of the Sugadavani village to the south-west corner of survey No. 27 of Madla, then north-west through survey No. 49 of the same village in a straight line for about 40 chains so as to meet a halla at a pont about 16 chains south-west from the south-west corner of survey No. 46 of Madla, then north-west in a straight line through the said survey No. 49 for about 33 chains to the south-west corner of survey No. 48, then north-west through survey No. 52 of Madla for about 19 chains to the junction of two hallas (about 7 chains west from the north-west corner of survey No. 54), then south-west through survey No. 52 for about 30 chains in a straight line to the north-west corner of survey No. 49.

West.—Thence north-east and north along the eastern boundary of the Thegurgudda State Forest to the starting point.

Remarks.—A. The following rights of way are admitted within the block, throughout the year.

(1) *Cart-track.*—From Hipla to Sugadavani, 15 feet wide and about 115 chains long, open for men, cattle and carts. It enters the forest in its northern boundary at the northernmost corner of survey No. 22 of Madla, runs south-west, south-east, south, south-east and south-west through survey Nos. 41 and 40, and quits the forest in its eastern boundary at a point about 26 chains north-west from the north-west corner of survey No. 34, then again it enters the forest in its eastern boundary at a point about 8 chains south-west from the south-west corner of survey No. 29; runs south-west and south through survey No. 27 and quits the forest in its southern boundary at a point about 2 chains west from the Kalavasihalla.

(2) *Foot-path*, from Waddihatti enclosure to Madla, 6 feet wide and about 10 chains long, open for men and cattle. It begins in the enclosure at the north-east corner of survey No. 33 of Madla, runs east through survey No 40, and quits the forest in its eastern boundary at a point about 14 chains west from the north-west corner of survey No. 34.

(3) *Foot-path*, from Waddihatti to Hebbe, 6 feet wide and about 94 chains long, open for men and cattle. It begins in the Waddihatti enclosure at a point about 20 chains north from the north-west corner of survey No. 54 of Madla, runs north-east and north-west through survey No. 52 of the same village, and survey No. 38 of Hebbe and quits the forest in its north-west corner.

No. R. 4949-53—Ft. 87-17-4, dated 30th November 1917.

B. The following concession is admitted in the block :—

The dakla village of Waddihatti is treated as an enclosure having the following boundary:—

Starting from a point at the junction of two hallas in survey No. 52 of Madla, about **7 chains west from the north-west corner** of survey No 54, the line runs north-east through **the said survey No. 52** for about 24 chains, then south-east through the same survey number **for about 42 chains to a point** on its east side about 9 chains north-east from the northernmost **corner of survey No. 44**, then south-east through survey No 41 for about 32 chains **to the north-east corner** of survey No. 33, then south-west through survey Nos. 33 and 49 for **about 55 chains till it meets** the demarcation line, and then north-west along the demarcation **line to the starting point.**

By Order,
B. RAMASWAMAIYA,
Offg. Secy. to Govt., Rev. Dept

Letter No. 46, dated 13th—30th September 1914, from C Venkata Rao, Esq., B A *Forest Settlement Officer, (now Vice President,) to K. S. Doraswami Iyer, Esq , Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Kadur District.*

I have the honor to report on the conclusion of the settlement of the Madla Block in the Chikmagalur Taluk and Yedahalli Sub-Taluk of the Kadur District

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest, appeared on pages 80 and 81 of the English issue of the *Mysore Gazette*, Part I, dated the 25th February 1909, and the proclamation under Section 5 of the said Regulation was published on pages 151, 152, and 153 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 25th March 1909. The proclamatory notices were got served on the villagers concerned through the Amildar of the Chikmagalur Taluk and the Deputy Amildar of the Yedahalli Sub-Taluk.

3. The tract was inspected and perambulated by me in company with the Amildar of the Chikmagalur Taluk, Deputy Amildar of the Yedahalli Sub-Taluk, and the Range Officer of the Jagar Valley Range, on the 7th March 1912. The block is well-wooded with teak, bite, honne and other valuable species of trees.

4. The undermentioned two claims were preferred to me during the enquiry :—

(i) One claim to right of way

and (ii) One claim to miscellaneous right. Both the claims were admitted.

5. The District Forest Officer preferred an appeal against my settlement decision, but the Deputy Commissioner rejected it (*vide* his letter No. 2972, dated the 27th April 1914).

6. The following records are herewith submitted:—

1. 'B' Register.
2. 'C' Register.
3. Sketch Map.
4. Boundary Notification.

and 5. Topo-tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Madla State Forest.

1	Annegowda, patel of Madla.	6th Mar. 12	States that lands have already been taken for the Thegurgudda, Waddihatti and Kagemanegiri State Forests and begs that the lands to the east of Thammadihalli and also lands adjoining the dakle village of Waddihatti may be excluded for the use of the raiyats of the Asli and dakle villages.	.....	There are a couple of houses in the village and their requirements are not so great as to call for the exclusion of the whole area to the east of the Thammadihalli village. A strip of land may be left for obtaining fuel, etc., for the use of the raiyats. Waddihatti may be treated as an enclosure.	Madla village has a population of 88 persons with a live-stock of 186 head of cattle. It has already contributed a large extent of lands to the neighbouring State Forests of Thegurgudda, Kagemanegiri and Waddihatti. The lands now proposed to be included within the Madla Block, are well studded with the various valuable species of timber-yielding trees; and the tract is bound to yield large revenue to the Forest Department. The village being sparsely peopled, the requirements of the raiyats can be well met by excluding assessed waste survey Nos. 26, 23, 22, 40 and 27. As it is not possible to exclude the dakle village of Waddihatti from the reserve, the same will be treated as an enclosure with a frontage of 143 acres. I accordingly decide that the demarcation line be shifted at the bend of the Somavahini river at a distance of 5 chains north from the easternmost corner of survey No. 24 of Madla and made to run in a north-westerly direction for about 8 chains, then westwards for about 74 chains till it meets the easternmost corner of survey No. 41; then south-west for about 45 chains till it meets the cart track leading from Hapla to Sugadavani, then south in a straight line for about 33 chains till it meets the easternmost corner of survey No. 33, then southwards for about 54 chains till it meets the Sugadavani or Kalavasihalla at a point about 50 chains west from the south-east corner of survey No. 27, then west along the northern boundary of survey No. 254 of Sugadavani village for a distance of 46 chains till it meets the south-east corner of survey No. 50 (Waddihatti State Forest), then almost northwards in a straight line for a distance of 42 chains to the eastern bank of the halla which falls into the Thammadihalla, then across the said halla in a north-westerly direction for about 32 chains till it meets the south-west corner of survey No. 48, then in the same direction for about 18 chains till it meets the Thammadihalla, then south-west in a straight line for 33 chains till it meets the north-east corner of survey No. 50, and then along the eastern boundary of the Thegurgudda State Forest till it meets the north-east corner of survey No. 51.	.....	..

2	Annjah, patel of Madla.	6th Mar. 12	Requests that right of way to the following pathways may be admitted — (1) Cart-track from Hipla to Sugadavani (2) Foot-path from Waddihatti to Madla (3) Foot-path from Waddihatti to Hebbe		May be admitted	The western boundary of the enclosure (Waddihatti) will begin from the junction of 2 hallas in survey No 52 and run for a distance of about 21 chains meeting the northern boundary at a point about 20 chains north from the north-west corner of survey No 51 The northern boundary will run in a straight line as far as the halla for 65 chains to a point about 12 chains north from the north-west corner of survey No 32, and then south-east for 20 chains till it meets the tri-junction bandhs of survey Nos 33, 10 and 11, and the eastern boundary line will run south-west from the above point for 56 chains meeting the eastern boundary of the Waddihatti block at a point on the halla which is a branch of Thammadihalla The following public rights of way will be admitted in the block throughout the year — (1) Cart-track from Hipla to Sugadavani, 15 feet wide (2) Foot-path from Waddihatti to Madla, 6 feet wide (3) Foot path from Waddihatti to Hebbe, 6 feet wide C VENKATA RAO, Forest Settlement Officer 8th March 1912 *Claim 1.* The appeal filed by the District Forest Officer was rejected by the Deputy Commissioner, *vide* his letter No 2972, dated 27th April 1914 The case of the raiyats of Hebbe calls for no remarks, as only a small extent of lands has been proposed to be included in the reserve, and as no claim was put forward by them I accordingly confirm the line as laid out in that village C VENKATA RAO, Forest Settlement Officer. 8th March 1912.

REMARKS

A. The following are treated as enclosures in the block.

1. *Jenakallamma's temple.*—In survey No. 63 of Hosakesare has been treated as an enclosure with a space measuring 21 chains long on Punaji gadi, 15 chains long on Kodur gadi and 42 chains long in survey No 63 of Hosakesare village and adjoining this a parallelogram space of 20 x 15 chains in Melinahadarvalli has also been added to this enclosure.

2. *Gaddige.*—Situated in survey No. 18 of Muthur has been treated as an enclosure with a margin of two chains all round.

B. The following rights of way are admitted within the block throughout the year.

1. *Foot-path.*—From Melinahadaravalli to Manathi. It enters the forest in the northern boundary of the block at a point about 9 chains west from the south-east corner of survey No. 46 and passes south-west through survey Nos 54 of Melinahadravalli and 10 of Argodagi for about 103 chains and quits the forest at a point about a chain north-west from north-west corner of survey No. 6

2. *Foot-path* —From Melinahadarvalli to Jenakallammangudi. It branches from the foot-path No. 1 *supra* at the same place where it enters the forest and runs south for about 56 chains through survey Nos. 54 and 53 of Melinahadarvalli and enters the enclosure No. 1; and then again re-enters the forest at a point about 3 chains north-west from the southernmost corner of survey No. 53 of Melinahadarvalli and passes south for about 8 chains and east for about 4 chains to the temple of Jenakallamma.

3. *Foot-path* to Muthur.—The foot-path No. 2 *supra* again enters the forest from the enclosure No. 1 at a point about 4 chains north from the north-east corner of Survey No. 18 of Muthur and passes for about 62 chains through Survey Nos. 22 of Punaji and 18 of Muthur and quits the forest at a point about 5 chains north-east from the northernmost corner of Survey No. 16.

4. *Foot-path* to the Gaddigay (enclosure No. II). It branches from the foot-path No. 3 *supra* at a point about 29 chains west from the northernmost corner of Survey No. 19 of Muthur and runs east for about 22 chains through Survey No. 18 and reaches the Gaddigay.

5. *Foot-path* from Hosakesare to Jenakallamma's temple. It enters the forest in the eastern boundary of the block at a point about 7 chains south-east from the southernmost corner of Survey No. 66 and passes for about 88 chains south-west through Survey Nos. 68 and 63 of Hosakesare along a halla and reaches the enclosure No. I at a point about 15 chains north-east from the north-east corner of Survey No. 18 of Muthur

6. *Foot path* from the southernmost corner of Hosakesare to Jenakallamma's temple. It branches from the cart-track leading from Kodur to Ammanghatta and runs north-west for about 50 chains through Survey No. 63 and reaches the enclosure No. I.

7. *Cart-track* from Kusagundi to Ammanghatta. It enters the forest in the eastern boundary of the block at a point about 5 chains west from the south-west corner of Survey No. 7 and runs north-west for about 111 chains through Survey Nos. 9 and 31 of Kusagundi and 63 of Hosakesare and reaches the enclosure No. I.

8. *Cart-track* from Kusagundi to Kodur. It branches from cart-track No. 7 *supra*, at a point about 7 chains north-west from the south-west corner of Survey No. 7 and runs south for about 30 chains through Survey Nos. 9 of Kusagundi and 77 of Kodur and quits the forest at a point about 3 chains north-west from the northernmost corner of Survey No. 78.

9. *Foot-path* to Thevaligal. It enters the forest in the eastern boundary of the block at a point about 25 chains west from the easternmost corner of Survey No. 31 of Kusagundi and passes for about 44 chains through the said Survey number and 68 of Hosakesare and quits the forest at a point about 13 chains north-west from the easternmost corner of Survey of No. 68.

10. *Cart-track* from Kodur to Ammanghatta. It enters the forest in the southern boundary of the block at a point about 5 chains north from the north-east corner of Survey No. 66 and runs for about 30 chains through Survey No. 77 of Kodur and meets the cart-track number 7 *supra* at a point about 3 chains south-east from the southernmost corner Hosakesare.

11. *Kallurkatte-Benavalli High Road.*—It enters the forest in the southern boundary of the block at a point about 18 chains east from the south-west corner of Survey No. 60 and passes north-east in zigzag way for about 83 chains through Survey Nos. 60 and 64 of Kodur and quits the forest in the south-east corner of the latter survey number.

No. R. 4955-9—Ft. 88-17-4, dated 30th November 1917.

12. *Foot-path*, from Gowdikoppa to Madarvalli. It enters the forest in the southern boundary of the block at a point about 15 chains north-west from the westernmost corner of Survey No. 71 of Kodur and runs west and north-west for about 48 chains through Survey Nos. 64 of Kodur and 20 of Muthur and quits the forest in the western boundary of the block at a point about 5 chains south-east from the north-eastern corner of Survey No. 22.

C—The following concessions are allowed in the block.

The raiyats of the undermentioned villages are entitled to graze their cattle on payment of lumpsum fees as shown below:—

Name of village	Number of cattle	Lumpsum fee per annum	
		Rs. a. p.	
1. Kusagundi ...	94	2 0 0	
2. Muthur	111	2 0 0	
3. Melinahadarvalli ...	251	4 0 0	
4. Punaji	405	3 0 0	As only the cattle of the 2 hamlets close by resort to the forest while those of the Asli village frequent it less.
5. Hosakesare ...	217	4 0 0	
6. Argodagi	11	0 8 0

ACCOMPANIMENT.

Letter No. C. 1038 of 17-18, dated 15th September 1917, from the Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to forward herewith the marginally noted records relating to the final settlement of the Kodur block in the Nagar Taluk, received with the Shimoga Deputy Commissioner's Memo No. C. 32—Rev. 1917-18, dated the 23rd August—9th September 1917.

1. Settlement Officer's letter No. 533, dated 28th June 1917.
2. 'B' Register.
3. 'C' Register.
4. Boundary Notification.
5. Sketch map.
6. Topo tracing.

2. The block was settled by Mr. C. Venkata Rao on 30th January 1913. All but two of the 29 claims preferred by the villagers were admitted. The decision of the Settlement Officer on the prayer of the Kodur raiyats for exclusion of some of the lands from the block has been slightly modified by the Deputy Commissioner on appeal and a portion of Survey No. 77 has been ordered to be excluded. The decision of the Deputy Commissioner may be confirmed and the settlement approved.

Letter No. 533, dated the 28th June 1917, from B. Basavaradhya, Esq., B.A., B.L., Forest Settlement Officer in Mysore, Bangalore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of the Kodur block in Nagar Taluk in Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest, appeared on pages 526 and 527, Part I of the English issue of the *Mysore Gazette*, dated 27th August 1908, and the proclamatory notification under Section 5 of the said Regulation was issued by Mr. M. Shama Rao, the then Forest Settlement Officer and the same appeared on pages 563 and 564, Part II of the Kannada issue of the *Mysore Gazette*, dated 10th September 1908. The proclamatory notifications were got served on the villagers concerned through the Amildar, Nagar Taluk, during the time of Mr. Shama Rao only.

3. The settlement work was finished by my predecessor Mr. C. Venkata Rao on the 30th January 1913, but the records were in appeal till the 16th February 1915, and the same were received in the Settlement Office on the 24th February 1915. But owing to the winding up of the full time Settlement Office shortly afterwards no further action was taken in the matter.

No. R. 4955-9—Ft. 88-17-4, dated 30th November 1917.

4. However after the revival of this office in September 1916, as per Government Order No. R. 2541-51—Ft. 9-16-3, dated 2nd September 1916, a requisition was sent from this office to all the Deputy Commissioners for sending up all the pending settlement records. In response to the above the Deputy Commissioner, Shimoga, sent this record among others and it was received in this office on the 2nd December 1916.

5. There was a direction in the appeal decision that the resurvey maps having come to use subsequent to the settlement, the new survey numbers should be given in the notification instead of old ones. This information not being available in this office, the Amildar, Nagar Taluk, was asked to furnish the necessary statistics for the villages concerned in the block as per resurvey accounts. The information was received from the Amildar only on the 2nd May 1917 and the compilation of the required statistics took time and hence the slight delay.

6. The following 26 claims were preferred to Mr. C. Venkata Rao during the enquiry as is seen from the records.

1. 5 claims to right of grazing.
2. 12 claims to right of way.
3. 9 claims to miscellaneous rights.

All the claims except 2 in (3) were admitted.

7. The following records are herewith submitted:—

1. "B" Register.
2. "C" do
3. Boundary notification.
4. Sketch map.
5. Topo tracing.

8. The date from which the reservation is to take effect may kindly be inserted in the draft boundary notification.

1	2	3	4	5	6	7	8	9
1	Shambhatta, leading raiyat of Kodur on behalf of raiyats.	29th Jan. 1913	Stating that the raiyats of Kagamany graze their cattle in survey Nos. 51—64 and 57—77 and the raiyats of Kodur Kasba and Hilikere hamlets graze their cattle in survey Nos. 57—77 and 19—78 and 49, respectively, and pray that sufficient extent of lands for soppu, fuel and grazing may be excluded from the proposed area for the raiyats :— (2) The following rights of way may be admitted :— (1) Right of way to the High Road running from Kallurkatte to Benavalli. (2) Cart-track to Ammanghatta. (3) Cart-track to Kusagundi. (4) Foot-path to Madarvalli.	.....	Four hundred and eighty-one acres of Kharab and 141 acres of gomal have been left out for the villagers. By shifting the line near the edge of Survey Nos. 56—66 and 52—65 some 25 acres will be left out to the villagers. Another 30 acres in the southern slope of the hill near the musafirkhana may be left out. This is enough for the villagers and no other portion is to be left out as the proposed area consists mostly of valuable species.	The jungle in the kharab and gomal left for the villagers consists of bamboos. If the forest line proposed now be confirmed they will be deprived of their pasture lands and a good portion of the jungle on which they depend for fuel, soppu, etc. I think that the jungle proposed by the Range Officer to be left out is too small for supplying soppu to twenty-one acres of Bagayat and fuel for domestic and agricultural purposes. I therefore exclude Survey No. 19—78 altogether from the reserve. As the Preliminary demarcation line touches cultivated lands, *viz.*, Survey Nos. 56—66 and 52—65, I would shift it so as to leave the usual margin of five chains. As the forest boundary runs rather close to the hamlet of Hirikai in Survey No. 49—63, I direct that the line be taken from the north-western corner of Survey No. 46—60 along the south side of Survey No. 49—63 to meet its south-eastern corner. As the above alterations do not exclude sufficient grass lands for the village cattle and the pasturage available in the gomal lands to the south of the Kallurkatte-Benavalli road is insufficient owing to the growth being poor, I direct that the raiyats be allowed to graze in the reserve three hundred and twelve heads of cattle during the prescribed season on payment of a lump sum fee of Rs. 5 per annum as the jungle portion included within the altered boundary is well stocked with valuable species and cannot be excluded. 2. The following rights of way will be admitted within the block :— (1) Cart-track to Ammanghatta. (2) Cart-track to Kusagundi. (3) Cart-track to Kallurkatte and Benavalli High Road. (4) Foot-path to Madarvalli.	A portion of Survey Number 77, which lies to the west of Survey Number 78 of Kodur village has been excluded from the proposed Forest.

2	Rudria, a leading raiyat of Kusagundi village, on behalf of raiyats.	29th Jan. 1913	Stating that there is no objection for including the area proposed after leaving sufficient extent of lands for grazing and for obtaining soppu and fuel, etc., required for them.	... ...	The preliminary demarcation line may be shifted as it touches the survey No 10—7 No land need be excluded from the proposed area as large extent of lands both for grazing and other communal purposes have been left out all round the cultivated lands. The right of way to the cart-track to Ammungudda and to the foot-path to Tivalagal may be allowed.	The raiyats of Kusagundi have nearly 1,379 acres of gomal and 328 acres of kharab containing good jungle for meeting their requirements and so no concession is necessary for them. The preliminary demarcation line touches the cultivated land survey No 10—7. It will be deviated at a point about five chains north from the south-western corner of S. No. 10—7 and taken south-west for about seven chains to meet a halla at a point five chains west from the said south-western corner and then south-east for seven chains to meet the proposed line at a point about five chains south from the said south western corner. 94 heads of cattle are allowed to graze by paying a lumpsum fee of 2 rupees per annum. The following ways will be admitted :—		
			1. Right of way to the cart-track to Ammanghatta. 2. A cart-track to Kodur. 3. A foot-path to Thevalgal may be admitted.	... .	... .	(1) The cart-track to Kodur. (2) The cart track to Ammanghatta. (3) A foot-path to Thevalgal.		
3	Bhadrappa, patel of Muthur, on behalf of the villagers.	Do ...	Stating that they are not willing to give away their village lands for the proposed reserve. 2. Right of way to the foot-path to Chitravalli may be admitted. 3. The Gaddigay of Sivacharswamy in survey No. 33—18 may be treated as an enclosure as worship is offered there every Monday and a right of way to it may be given.	.....	As the lands proposed to be taken up consists of good species and is situated in a corner and a large extent is left all round the cultivation, no portion should be excluded from the proposed area. The line which runs along the eastern side of survey No. 35—22 may be shifted. The right of way to Chitravalli and to the Gaddige may be allowed.	The preliminary demarcation line needs no modification in this village except at the north-eastern corner of survey No. 35—22 which is a cultivation land. It will be taken in a south-easterly direction from that point to the southernmost corner of survey No. 38—20. The Gaddigay of Sivacharswami in survey No. 33—18 will be treated as an enclosure with a margin of two chains all round, access to it being by means of the foot-path branching from the foot-path leading to Chitravalli right of way to which will also be admitted. Owing to the scanty growth of grass in the malnad 111 horned cattle of this village are allowed to graze during the prescribed season on payment of a nominal fee of Rs. 2.		

4	Erappa, patel of Punaje, on behalf of villagers.	30th Jan 1913	States that the line may be shifted where it touches the agricultural lands. 2. The cattle of Asali and Dakhle villages of Hiremavathey and Chikmavathey graze in Survey No. 90—22 which has been included in the reserve. Free grazing may be allowed.	....	The line as is marked now may be confirmed as large extent of gomal and kharab lands are left out for the villagers.	As the raiyats concerned deserve grazing concession the preliminary demarcation line will be shifted and deviated at a point about ten chains from the north-eastern corner of Survey No. 89—30 and taken north-east so as to touch the junction of two small hallas and then north-west along the halla and on to the preliminary demarcation line for about nineteen chains as it runs at the edge of the cultivated land Survey No. 89—30. Right of way to the foot-path in Survey No. 90—22 and leading to Jenkallammanagudi in Survey No. 23 of Hosakere will be admitted. Four hundred and five cattle are allowed to graze in the reserve on payment of Rs. 3.	
5	Shamsiya, patel of Meline Hadaravalli, on behalf of the villagers.	Do	The preliminary demarcation line should be shifted further away where it touches cultivated lands. 2. More pasture lands and jungl, should be excluded from the reserve for the use of the villagers. 3. Right of way to the foot-paths leading to Mavalli and Muthur may be admitted. 4. The Jenakallamma's Jatra is celebrated every year almost at the borders of Hoskesare and our village. Sufficient extent of lands for locating shops and for obtaining fuel and materials for putting up sheds may be excluded in both the villages. 5. Right of way to the said temple will be along a foot-path branching from the foot-path leading to Muthur.	.....	As eight hundred and twenty-seven acres of gomal lands have been left out for two hundred and fifty-one heads of cattle for grazing, which is enough and so no free grazing should be allowed No portion of the proposed area except five chains all round the cultivation be excluded from the reserve. The right of way prayed for may be given.	The preliminary demarcation line runs at the edge of some cultivated lands and so requires shifting. The jungle still remaining for the use of villagers is almost all full of bamboo shrubs and the prayer of the villagers to exclude some jungle for exercising their rights requires favourable consideration. Under these circumstances, I direct that the Survey Nos. 6—6 and 30—46 be entirely excluded from the block and the line made to run over the southern boundary of these numbers to the southern corner of Survey No. 30—46 and then run north-east for about twenty-four chains to meet the eastern side of Survey No. 46—53 at a point about eighteen chains south-west from the south-eastern corner of Survey No. 45—51. It is in evidence that a big jatra takes place on the Jenakallabetta which is situated in Survey No. 23—23 of Hosakesare when thousands of people congregate there with several hundred shops in Survey No. 46—53 adjoining the temple premises. A small enclosure twenty chains by fifteen chains will be formed and demarcated free from reservation. (1) Cart-track to the said temple premises and (2) the Right of way to the foot-paths leading to Mavalli and Muthur and shown in the village maps will be admitted as usual and to the branch foot-path leading to the Jenakalammanagudi in Hosakesare. 251 cattle are allowed to graze in the reserve on payment of Rs. 4 per annum.

6	Nanjappa, patel gumasta of Hosakesare village, on behalf of the villagers.	30th Jan. 1913	The preliminary demarcation line should be shifted where it touches cultivation. Survey Nos. 23—63 and 24—63 should be excluded as they are the only two gomals on which our cattle depend for grazing. There is a temple called Jenakalamma's temple in Survey No 23—63 close to the border of the adjoining village Melena Hadarvalli. An annual jatra will be held here and a large number of people gather for it which will last for a month. So the whole Jenakalbetta may be excluded. (2) Right of way to the temple will be along a foot-path passing along a small halla. Kodur people go to this place along a foot-path in Survey Nos. 24—63 and 23—63 branching from the cart-track running in the Kodur limits.	.....	The line should not be shifted and should be retained as it is, as large extent of lands are left out for communal purposes. The temple may be treated as an enclosure with an area of about one furlong all round. The rights of ways may be given. No free grazing need be allowed.	As several people visit the Jenakallamma's Jatra which is held annually on the hill of that name in Survey No. 23—63 and as fuel and materials for running up sheds for shops, etc., are obtained from the jungle in the neighbourhood, I direct that an enclosure be formed in the said survey number with the Jenakallamma's Gudi measuring 21 chains long on the Punagi gudi, 15 chains long on the Kodur gadi and 42 chains long in Survey No. 23 of Hosakesare and demarcated out free from reservation. As the line touches the edge of S. No. 22—69 which is an occupied land it will be deviated and made to run south-east for about 19 chains to a point about 5 chains south from the southernmost corner of Survey No. 22—69 and then north-east for about 4 chains to meet the proposed line at a point about 5 chains south-east from the southernmost corner of Survey No. 22—69. Rights of way to the raiyats of the village of Hosakesare to the temple will be along the foot-path by the side of the small halla in Survey Nos 23—63 and 24—63 and for the raiyats of Kodur will be along the foot-path leading from the southernmost corner of Hosakesare where it branches from the cart-track from Kodur. Two hundred and seventeen horned cattle are allowed to graze in the reserve on payment of Rs. 4 per annum. This village requires no consideration as there is only one house in it and the extent of jungle and pasture lands remaining for the use of the raiyat is ample. A margin of 5 chains is allowed all round the cultivated survey number. Eleven horned cattle are allowed to graze in the reserve on payment of a fee of annas eight only per annum. B. BASAVARADHYA, *Forest Settlement Officer.*	...	
7	Eerappa, patel of Arogadagi.	Do ...	Only one survey number is under cultivation in this village. The preliminary demarcation line which touches it may be shifted further away.	.....		...

Bills payable at Bangalore or elsewhere.

No. Fl. 2234-83 / G. F. 15-17-4

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE DEPARTMENTS,
Dated 5th November 1917.

OFFICIAL MEMORANDUM.

The Comptroller brings to notice that the existing procedure under which bills sanctioned by Government and payable at Bangalore are sent to his office for audit and payment, is found inconvenient after the introduction of the system of payment by cheques of all headquarter bills and suggests that all bills payable at Bangalore may after sanction be sent direct to the payees or Government Officers concerned and that only copies of Government Order sanctioning the bills may be sent to the Audit Office. He agrees that a similar arrangement may be adopted in respect of bills payable at the mofussil treasuries also.

2. All the Secretariats of Government are accordingly desired to observe the uniform rule that all bills whether payable at Bangalore or elsewhere received for Government sanction are returned with orders to the officers submitting them or to the payees as the case may be and that only copies of the orders sanctioning the bills are sent to the Audit Office.

Railway Construction Accounts in Mysore.

No. Fl. 2612-61—G. F. 93-17-2, dated 28th November 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note dated 27th August 1917, from Mr. K. L. Datta, on the system of Railway Construction Accounts in Mysore.

Order No. Fl. 2612-61—G. F. 93-17-2, dated 28th November 1917.

In his note read above, Mr. Datta points out that as the accounts of Railway Construction are prepared, audited and booked in the same way as the accounts of an ordinary Public Works Division, the reforms in the Public Works system of accounts sanctioned in Government Order No. Fl. 7750-99—G. F. 219-16-1, dated the 22nd June 1917, should be made applicable *mutatis mutandis* to the Railway accounts also.

2. The Chief features of the revised procedure are :—

(1) Payment of all salary, establishment, travelling allowance and contingent bills by Treasury Officers instead of by the Disbursing Officers themselves by means of cheques issued on the treasuries.

(2) Payment of work bills also by Treasuries on presentation of regular bills instead of as hitherto by cheques drawn by Disbursing Officers.

(3) Grant of separate permanent advances to Disbursing Officers for payment of contingencies and for departmental labour and other small items of expenditure incurred on works.

(4) Abolition of the letters of credit.

3. Mr. Datta further observes that the orders communicated in Government Order No. 7849-88—G. F. 221-16-1, dated the 23rd June 1917 in regard to avoidance of rush of expenditure in June should also be applicable to Construction Divisions.

4. Government agree with Mr. Datta and direct that the new arrangement suggested above be introduced with effect from 1st December 1917. The revised procedure to be followed is the same as is described in detail in the memorandum appended to Government Order No. 7750-99—G. F. 219-16-1, dated 22nd June 1917, except in regard to the two following points :—

(1) The existing system of Audit office check of vouchers with reference to rates and agreements may be retained for the present.

(2) The existing practice requiring the submission of the statement of temporary works establishment by each Division to the Agent for formal sanction may also be continued.

5. The Agent is empowered to sanction suitable permanent advances not exceeding Rs. 1,000 to Gazetted Officers in charge of Divisions, and Rs. 300 to Sub-Divisional Officers for works expenditure and Rs. 100 and 20 respectively for contingent expenditure, the permanent advances being recouped by submission of bills at the Treasury.

No. J. 1609-10—Legis. 10-17-2, dated 14th November 1917.

Letter No. 2039—142, dated Bangalore, 27th September—2nd October 1917, from K. R. Srinivasa Iyengar, Esq., M.A., Officiating Inspector-General of Police in Mysore, to C. S. Balasundaram Iyer, Esq., B.A., Secretary to the Government of His Highness the Maharaja of Mysore, General Department.

I have the honor to forward herewith a copy of letter No. D. Dis. 15, dated the 17th instant, from the District Magistrate, Kolar District, reporting on the working of the Mysore Mines Regulation, IV of 1906, during the year 1916-17, and to state as follows:—

2. *Cases.*—One hundred and seventy-two cases were put up before the Magistrates during the year under the various sections of the Regulation, of which 162 were disposed of, 76 ending in conviction, 85 in acquittal or discharge and the remaining 10 being cases that were pending trial at the close of the year, the corresponding figures for previous years being 172, 172, 106, 66 and nil respectively.

3. *Persons.*—One hundred and seventy-seven persons, as against 183 in 1915-16 were involved in these cases, of whom 80 were convicted, 86 acquitted or discharged and 11 were awaiting trial at the close of the year, against 111, 72 and nil respectively, in the previous year.

4. It is reported that 63 more cases concerning mining material were dealt with under the Indian Penal Code, 62 of them ending in the conviction of 73 persons, and the remaining one case with one person in acquittal.

5. Of the 56 cases put up by the Police under Sections 6 to 19 of the Regulation, 33 related to unlawful possession of mining material (Section 6), 7 were under Section 7, licenses required for gold dealers and goldsmiths, 4 for possession of unwrought gold under Section 12, 3 under Section 16, liability of tenant or occupier of premises where mining material is found, 5 related to the undesirables under Section 17 and 4 to hawkers and pedlars under Section 18.

6. During the year under report, 14 persons were served with notices by the Superintendent of Police to quit the fields, under Section 17 of the Regulation, against 30 in the previous year, the total number of persons thus warded off the Fields from the commencement till now being 452. Five persons were put up before the Magistrate, during the year, for disobeying the terms of the notice and were convicted.

7. There has been a decrease in the number of mining accidents during the year, the number of such accidents and the number of deaths therefrom being respectively 15 and 25 less than in the previous year.

8. The offences relating to breaches of Sanitary bye-laws do not call for any remarks.

9. The working of the Regulation during the year, has, on the whole, been satisfactory.

Letter No. D. Dis. 15, dated 17th September 1917, from the District Magistrate, Kolar District, to the Officiating Inspector-General of Police in Mysore.

In accordance with the Government Order No. J. 3503-4—Legis. 30-06-6, dated the 17th May 1917. I have the honor to forward herewith the eleventh annual report on the working of the Mysore Mines Regulation, IV of 1906.

2. During the year under report, 162 cases involving 166 persons were disposed of by the Magistrates under the various section of the Mysore Mines Regulation, of which 76 cases involving 80 persons ended in convictions and the remaining 86 cases with as many persons in acquittal or discharge, against 172 cases concerning 183 persons in the previous year, there being a decrease of 10 cases with 17 persons.

3. The decrease is mainly due to a fall in the number of sanitation cases.

Besides these cases, 10 cases with 11 persons were pending trial before the Magistrates at the end of the year.

4. In addition to the cases dealt with under the special law, 63 cases in which property classed as *mining* material under the Regulation was also held to be stolen property, were brought under the general law of crimes, *viz.*, the Indian Penal Code. Of these, 62 cases relating to 73 persons ended in convictions and the remaining one case with one person in acquittal.

5. During the year under report, 56 cases involving 57 persons were prosecuted by the Police under Sections 6 to 19 of the Regulation as against 49 cases involving 53 persons in the year previous.

No. J. 1609-10—Legis. 10-17-2, dated 14th November 1917.

The table overleaf compares the figures for the two years with the mode of their disposal:—

1. Section 6.—Unlawful Possession of Mining Material.

Of the 33 cases with 34 persons put up for trial before the Magistrates, 18 cases concerning as many persons resulted in convictions, 5 cases against 5 persons in acquittal and the remaining 10 cases against 11 persons were pending before the Magistrates on 'A' form at the close of the year, the percentage of cases convicted to those tried and disposed of being 78·2.

There were three cases of some interest, reported during the year.

In one case on information laid by the Detective Police, Hassan Sab of Kolar Town was arrested in possession of sponge gold valued at Rs 315-4-0. He was eventually convicted and sentenced to one year's rigorous imprisonment.

In the second case, one Fayazuddin, a notorious receiver of mining gold, was captured at the instance of the Detective Police and ultimately convicted and sentenced to nine months' rigorous imprisonment, the conviction and sentence being also upheld by the Chief Court in appeal.

In the third case, the house of one Syed Navaz, another habitual receiver of prohibited gold, was searched on information furnished by the Company's Watch Establishment with the result that sponge gold of the value of Rs. 393 was found concealed in the latrine. The case ended in the acquittal of the accused, the benefit of the doubt being given to him, owing to the existence of a trap door that connected the latrine with the conservancy lane.

II. Section 7.—Licenses Required for Gold Dealers and Gold Smiths.

Seven cases against the same number of persons were put up before the Magistracy. Of these, four cases ended in the conviction of the accused persons and the remaining three cases in acquittal.

Under this section, there was only one case with one person in the year previous and it ended in conviction.

As regards the cases which resulted in acquittals during the year under report, the Superintendent of Police reports as follows:—

> "Erachari was the name of one of the accused convicted. Two of his relatives were found also working in the shop at the time of inspection and they were separately put up under the section. But they adduced evidence that they were on a short visit to Erachari and did not know that he was working without a license. They were acquitted. The other acquittal this year was for want of evidence."

During the year under report, 25 goldsmiths' licenses were renewed and 10 fresh licenses issued as against 19 and 7, respectively, in the previous year, the amount of fees realized aggregating to Rs. 175 against Rs. 130 in the previous year.

III. Section 12.—Possession of Unwrought Gold.

There were four cases with as many persons brought to trial; of these, one case concerning a goldsmith ended in conviction and the remaining three against three persons other than goldsmiths were acquitted.

These acquittals were in accordance with the view of the Officiating Chief Judge, Mr. H. V. Naniundaiya, who held in Venkataramana Chetty *vs.* Government. XII. Mysore Chief

Court Regulation, 231, that Section 12 applies only to goldsmiths and gold dealers. One of these cases is before the Full Bench of the Chief Court, on the revision side and their decision is awaited.

IV. Section 16.—Liability of Tenant or Occupier of Premises where Mining Material is found.

Of the three cases that were put up under this section, 2 ended in convictions and the third in acquittal. In the last case, a British subject named T. J. Carrole, a cyanide Foreman in the employ of the Mysore Mine in whose house cyanide gold and zinc precipitate worth Rs. 211-8-0 were discovered was tried and acquitted by Mr. P. F. Bowring, Justice of the Peace, the benefit of the doubt being given to him.

In the previous year, two cases with two persons were put up and prosecuted to conviction.

V. Section 17.—Undesirables.

By the Mining Companies	... 165
By the Police ...	... 287
Total	... 452

During the year under report, 14 notices in respect of the same number of persons were issued by the District Superintendent of Police, Kolar Gold Fields, under Section 17, Mysore Mines Regulation, against 30 notices concerning 30 persons in the year previous, the total number of such notices issued from the beginning being 452 concerning as many persons as detailed in the margin.

Out of the persons served with notices, 5 persons in 5 cases were put up before the Magistrate for disobeying the terms of the notices and they were eventually convicted.

VI. Section 18.—Hawkers and Pedlers.

Four cases involving four persons were prosecuted for unauthorized selling of goods and they ended in convictions, the figures for the previous year being three cases with three persons.

During the year under review, 22 hawkers' and 54 pedlars' licenses were issued as against 21 and 67, respectively, realising a sum of Rs. 164 against 172 in the previous year. As usual, these licenses were granted with some circumspection, opinions of the District Superintendent of Police, Kolar Gold Fields, being taken in most cases.

5. Sections 21 to 33.—Safety and Discipline of Mining Employees.

Proceedings were instituted by the Chief Inspector of Mines in 11 cases with 11 persons during the year under reference against 8 cases concerning 8 persons in the previous year. All these cases ended in convictions.

The total number of mining accidents which occurred during the year under report was 46 resulting in the death of 39 persons under-ground and 29 in hospital owing to injuries sustained and complications thereafter developed, the figures under this head for the year 1915-16, being 61 affecting 93 persons.

The accidents were due to fall of loose rocks, air blasts, sudden explosions, misfire, fall from ladder burst and fall of rocks and other causes.

One of the accidents in which two persons succumbed was due to the failure of efficiency of the brake on the fast drum owing to insufficient adjustment before declutching. Another of the accidents as a result of which 4 men died was owing to the fracture of the crack pin of the winding engine and fall of full skip on the men in the sink. In another accident due to air-blast in the Mysore Mine 5 persons died under-ground.

Copies of the final reports relating to inspections made by officers of the Department of Mines and Geology at the scenes of accident were received at the Special Magistrate's Court and prosecutions were undertaken by that Department where necessary.

6. Breaches of Sanitary Rules.

During the year under review, 105 cases involving 109 persons were subjected to trial for breaches of Sanitary laws as against 115 with 122 persons in the previous year.

Of these cases, 31 with 35 persons ended in convictions, the delinquents being sentenced to small amounts of fines and the remaining cases were acquitted.

The acquittals were mostly due to the withdrawal of prosecutions by the Sanitary authorities the work in respect of which the prosecutions were launched being executed to their satisfaction.

The amount of fines realised aggregated to Rs. 171 during the year as against Rs. 308 in the previous year.

7. A statement showing the total number of cases put up and the results achieved for the past eleven years received from the District Superintendent of Police, is hereto attached for information.

A tabular statement showing cases and persons put up, results and percentages from the time the regulation came into force to date.

Re-organization of the Registration Department.

No. J. 1674-8—Regis. 7-14-16, dated 20th November 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Subject No. 46 of the Representative Assembly Proceedings of 1913, regarding the improvement of the prospects of Sub-Registrars and assignment of additional duties to them and the reply of Government thereto.

2. Correspondence ending with letter No. 2246, dated the 23rd April 1917, from the Inspector-General of Registration in Mysore, submitting proposals for the revision of the pay of Sub-Registrars and their establishments.

3. Letter No. C. 108 of 1917-18, dated the 14th July 1917, from the Revenue Commissioner in Mysore, furnishing his opinion in the matter of placing the Registration Department under the control of the Revenue Commissioner as *Ex-officio* Inspector-General of Registration and assigning some revenue work to certain Sub-Registrars.

Order No. J. 1674-8—Regis. 7-14-16, dated 20th November 1917.

The Registration Department has come in for several revisions since 1892 but although the work as well as the revenue of the Department have increased considerably, the present organization of the Department is inferior both as regards pay as well as prospects and involves a lesser expenditure than the scale sanctioned and in vogue prior to 1906 in which year a retrenchment scheme was introduced effecting a savings of nearly Rs. 8,000 per annum. The inadequate pay and prospects of the Special Sub-Registrars in the Department have been brought to the notice of Government not only by the Head of the Department but also by the Representative Assembly on more than one occasion, and the question of improving the efficiency as well as the scale of pay of Sub-Registrars and their ministerial establishments has engaged the attention of Government during the past two years.

The proposals made by the Inspector-General of Registration have been carefully considered and the Government are of opinion that the grades as proposed by him should be reduced from 8 to 4, the minimum pay of Sub-Registrars raised from Rs. 40 to Rs. 50 and the maximum from Rs. 75 to Rs. 100. The total number of Sub-Registrars under the new scheme will be distributed in the new grades as shown in the appendix. They also consider that the low salary of Rs. 10 and 12 respectively of the two grades of clerks in Special Sub-Registry offices should be abolished and the minimum pay of clerks fixed at Rs. 15. The sweepers, the peons and the attenders who now draw Rs. 5 and Rs. 6 and Rs. 8 respectively should also get an increase of one rupee per mensem.

The revision now ordered will take effect from 1st January 1918. The Inspector-General of Registration is requested to submit a duly verified statement shewing the distribution of Sub-Registrars in the new grades and the revision of the clerical staff for formal sanction in due course.

Now that the pay and prospects of Special Sub-Registrars have been improved, the Government are of opinion that the Sub-Registrars may, with advantage, be utilized for such other duties at headquarters not involving itineration of any kind, as may not interfere with their Registration functions. They are further of opinion that as the assignment of any additional duties will bring the Sub-Registrars in closer touch with the work of the Land Revenue Department, the Registration

Department should hereafter be placed under the administrative control of the Revenue Commissioner. The Revenue Commissioner is requested to submit for the approval of Government a scheme for giving the Special Sub-Registrars additional work on the lines indicated above.

District Board Administration Report, Kolar District.

No. 2653-5—L. B. 43-17-13, DATED 12TH NOVEMBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Administration Report of the Kolar District Board for the year 1916-17, received with the President's letter No. L. F. P. 24, dated 28th September 1917.

Order No. 2653-5—L. B. 43-17-13, dated 12th November 1917.

Meetings and Attendance.—The District Board and all the Taluk Boards with the exception of the Malur Board held the prescribed number of meetings. The attendance of official members on the Mulbagal, Kolar and Gudibanda Taluk Boards and of non-official members on the Bowringpet and Sidlaghatta Boards was not satisfactory.

2. *Union Panchayets.*—Out of the 26 Union Panchayets, 17 held the prescribed number of 12 meetings, 4 others held 11 meetings and 2 other Panchayets only 10 meetings. The average attendance at the meetings was 6·1 against the average strength of 9 members for each Panchayet. Out of the total income of Rs. 13,531 in all the Unions only 71 per cent or Rs. 9,626 was spent against 89 per cent in the previous year. This is not satisfactory. It is hoped that with the investing of larger powers under the Local Self-Government Scheme the administration of such of the Unions as will become Panchayets will show considerable improvement as larger financial powers will be vesting in them.

3. *Demand, Collection and Balance.*—The amount actually collected under Railway cess has been taken as the demand in the District Board account. This is not correct. The correct demand should be ascertained and recorded in the report in future. The main item requiring the attention of the collection staff was house and shop taxes in Unions. Out of the total demand of Rs. 19,275 under this head only Rs. 12,673 was collected or remitted, leaving a balance of Rs. 6,602 or 34 per cent uncollected at the end of the year. The efficient administration of the District Board depends largely on its financial condition based on realisation of revenues and it is necessary that prompt steps should be taken to reduce the arrears and ensure timely collection of the demand for the year. It is hoped that the President will take suitable action in this direction.

4. *Public Works.*—Under "Works executed by the Civil Department" there was a lapse of 18 per cent of the budget grant. The question of employing a separate Engineering staff for the execution of District Fund works is engaging the attention of the District Board.

5. *Water-supply.*—The amount available for expenditure under the Drinking Water Wells Fund was Rs. 47,510. Out of this a sum of only Rs. 8,580 was spent. This is not satisfactory. In the Bowringpet and Mulbagal Taluks Rs. 2,505 and Rs. 2,586 were spent, while in the other taluks very little work was done during the year. Government regret to note that this important matter has not received sufficient attention from the local officers and that out of 520 wells to be provided in the district only 111 have been completed. There were at the end of the year 88 incomplete well works requiring Rs. 30,506 for their completion. The remaining works should be taken up and completed with greater activity.

6. *District Board Railway.*—The extension of the Railway from Kolar to Chikballapur was completed and the entire line was opened for passenger traffic

from November 1916. The gross earnings and expenses were about Rs. 1,19,855 and Rs. 1,14,280 respectively. The surplus earnings, *viz.*, Rs. 5,575, work out at less than 1 per cent on the capital outlay of 18 lakhs of rupees. The Secretary for Railways will be requested to submit a full report explaining why the working expenses have come up to nearly 95 per cent of the gross earnings.

7. *Vital Statistics.*—There was a small increase of 281 under births while the number of deaths showed an increase of 1,075 chiefly on account of the prevalence of plague in a severe form in the taluks of Sidlaghatta, Malur, Kolar and Chikballapur.

8. *Cattle Pounds.*—Government regret to note that there has been no check over the pound-keepers in some of the villages from the pounds of which little or no income has been realised. The President is requested to adopt suitable measures to place the management of the pounds on a more satisfactory basis.

9. *Revision of Establishment.*—Orders have since been passed sanctioning the revision of the District Board Establishment.

10. The District Board Administration leaves considerable room for improvement and the Government hope that in the current year better result will be shown in all directions.

Order No. 3027-45—L. B. 83-16-40, dated 30th November 1917.

The Rural Water-Supply Scheme was sanctioned in Government Order No. 5248-59—San. 38-12-38, dated 5th January 1915, and has thus been in operation for nearly three years. In reviewing the progress reports received from time to time, Government have noticed the slow progress in the execution of works. On the representations received from some of the districts regarding the arrangements necessary for securing better progress, Government have sanctioned the entertainment of a special Executive Establishment and the purchase of a set of ordinary boring tools, and the necessary facilities have also been afforded for the prompt adjustments of bills for work done.

2. In spite of these facilities, Government regret that a large portion of the allotment has been allowed to remain unexpended, as will be seen from the statement appended to this order, and that the progress has throughout been far from satisfactory.

3. The Deputy Commissioners are requested to give special attention to this important matter so as to secure in the future satisfactory progress in the working of the scheme.

READ AGAIN—

Government Order No. 4926-9—Ml. 51-14-81, dated 30th January 1917, sanctioning a scheme for the construction of model houses in the Mysore City.

READ ALSO—

(1) Correspondence ending with letter No. 102-s. 22—C. 544-16-17, dated 1st August 1917, from the Chairman, City Improvement Trust Board, Mysore, submitting the resolution of the Board framing certain rules regulating the disposal of the above model houses and recovery of amounts due from the purchasers thereof.

(2) Report on the disposal of the model houses by the Chairman, City Improvement Trust Board, received with his letter No. 277, dated 21st—24th June 1917.

Order No. 2543-5—Ml. 34-16-129, dated 9th November 1917.

Government consider that definite rules should be observed in regard to the disposal of the model houses constructed from the Trust Board Funds and they accordingly approve of the marginally noted rules framed by the Trust Board subject to the following further conditions:—

1. That the houses be sold only to persons who own no houses.
2. That the purchasers should pay at least half the cost of the houses and sites in advance.
3. That they should pay the balance in four years in 48 equal monthly instalments with interest at 3 per cent per annum.

(1) That the claims of people displaced by the acquisition of properties for the Trust Board Improvement Schemes should receive prior consideration, residents of Mysore City being preferred to non-residents.

(2) Where there are more applicants than one for one and the same house, the disposal should be by auction among them.

(3) Not more than one house should be sold to one person or any member of his household either by allotment or by auction.

3. Letter No. G. C. 84, dated the 31st July 1917, from the Sanitary Commissioner with the Government of His Highness the Maharaja of Mysore, stating that the pay of the Sanitary Inspectors should be graded so as to open out better prospects to men already employed and to offer sufficient inducement to the proper type of men to seek service hereafter as Sanitary Inspectors, that the posts of Assistant Sanitary Inspectors should be done away with, that the question of the regradation of Sanitary Inspectors is intimately associated with the constitution of a provincial service of this class of officials, the local bodies being required to contribute the entire cost or as much as the Government may, in each case, be pleased to decide, and that in a provincial service, these officials will be regarded as having been lent to the local bodies and instead of being isolated units not admitting of any sort of a central control they will fall into an organization, and submitting the undermentioned scale of Sanitary Inspectors :—

Order No. 2582-99—Ml. 184-16-4, dated 10th November 1917.

The order of the 8th April 1905, read above lays down —

(i) that each of the two City Municipal Councils will have a Chief Sanitary Inspector, and 4 or 5 Sanitary Inspectors, according to actual requirements,

(ii) that there shall be an Assistant Sanitary Inspector in a Municipality with a population of 5,000 and under,

(iii) that there shall be a Sanitary Inspector and an Assistant Sanitary Inspector in every other Municipality, and

(iv) that every Taluk Board should employ a Sanitary Inspector.

It is observed that this direction has not been fully given effect to chiefly on account of financial difficulties and partly for want of qualified men for employment.

2. The staff of Sanitary Inspectors already employed have under the existing scheme no future prospects to look forward to and the necessity of improving their pay and prospects has been brought to the notice of Government.

The Sanitary Commissioner recommends that the class of officials known as Assistant Sanitary Inspectors should be done away with and that the staff of Sanitary Inspectors should form part of the State service.

3. Government accept the recommendation that the prospect of Sanitary Inspectors should be improved and propose to modify the order of the 8th April 1905, as indicated below:—

(i) There shall be a Chief Sanitary Inspector in each of the Bangalore and Mysore City Municipalities and under the Kolar Gold Fields Sanitary Board. Each of these bodies should also employ a sufficient number of Sanitary Inspectors.

(ii) Every Taluk Board and every Municipal Council whose annual normal income is not less than Rs 5,000 shall entertain a Sanitary Inspector.

(iii) It shall be optional in the case of other Municipal Councils to entertain or not a Sanitary Inspector according to their financial condition.

(iv) The salary of the Chief Sanitary Inspectors and Sanitary Inspectors shall be fixed as hereunder and it shall be met entirely from the funds of the local bodies employing them:—

	Rs.
(*a*) Chief Sanitary Inspector . .	80—4—100+15 H. A.
(*b*) Sanitary Inspector—	
For the 1st five years.	25—1—30+10 Bicycle A.

Do 11th to 15th year . ..	40—2—50+10 do
Do 16th to 20th year	50—2—60+10 do
Do 21st year onwards	60—2—80+10 do

(vi) For the post of Chief Sanitary Inspector, the best among the Sanitary Inspectors of at least fifteen years standing should be selected generally.

4. The original selection of these officers should be made in consultation with the Sanitary Commissioner who will keep a list of qualified candidates in his office. Once an appointment is made, the officer will be under the executive control of the Local Body concerned but transfer from one body to another may be made, on the recommendation of the Sanitary Commissioner with the mutual consent of the local bodies.

5. The Sanitary Commissioner, the City and Town Municipal Councils and the District Boards including the Sanitary Board, Kolar Gold Fields, are requested to submit their views on the above proposals before the end of December 1917.

6. The question of employing Chief Sanitary Inspectors to assist the District Sanitary Officers is deferred for the present.

The *Administration Report of the Mysore City Municipality* for the year 1916-17, received with the President's letter No. 57, dated 5th October 1917.

Order No. 2807-9—Ml. 96-17-20, dated 20th November 1917.

Constitution of the Council.—In order to increase the proportion of elected councillors in accordance with the Local Self-Government Scheme, the strength of the Municipal Council was raised from 20 to 30 and all the additional seats were filled up by election.

2. *Meetings and attendance.*—In addition to 12 ordinary and 4 adjourned meetings the Municipal Council held 6 special meetings during the year. The attendance of non-official members showed a slight decrease as compared with the figures of the previous year. The percentage of attendance among official members was only 73 per cent. Government desire that the attendance of official members at the meetings should be more regular in future.

3. *Committees.*—The Managing Committee met 27 times during the year and evinced great interest in the disposal of questions referred to them.

The other Committees also did useful work during the year.

4. *Demand, collection and balance.*—Out of the arrears of Rs. 12,979 under all items of taxation except octroi and tolls a sum of Rs. 4,121 was collected and Rs. 804 remitted as irrecoverable. Out of the demand of Rs. 58,767 under current year's taxes a sum of Rs. 10,591 was left uncollected. The prevalence of plague in a serious form during the year accounts for the large outstandings at the end of the year. It is hoped that every endeavour will be made to reduce the arrears soon.

5. *Grants and contributions.*—The contributions due to the Municipal Council in respect of the road repairing charges and plague charges, and a portion of the income from the arrack licenses and surcharge fees, remained unadjusted at the end of the year. The Comptroller is requested to issue definite instructions for the prompt adjustment of the contributions once every month or quarter.

6. *Water-supply.*—The attention of the Chief Engineer is invited to para 6 of the Government Review of the previous year's report and he is requested to expedite the question of supplying more public fountains to the city.

7. *Vital statistics.*—The total number of births and deaths during the year was 3,467 and 3,153 against 2,371 and 1,988, respectively, in the previous year. Both plague and cholera prevailed during the year in a severe form and accounted for 776 and 104 deaths against 25 and 1 deaths, respectively, in the previous year. Vigorous measures were adopted to prevent the spread of the epidemics.

8. *Public Instruction.*—Besides maintaining 6 schools the Municipal Council subsidised 20 grant-in-aid schools. The total cost incurred was Rs. 7,511 against Rs. 10,696 in the previous year. The decrease is due to the withdrawal of grants to pial schools and the conversion of certain grant-in-aid schools into Government schools under the compulsory Education Scheme.

No. 2807-9 --ML 96-17-20, DATED 20TH NOVEMBER 1917.

9. *Revision of establishment.*— The revision of the conservancy establishment was sanctioned at the end of the year and proposals for the revision of other establishments were deferred till the finances of the Municipal Council improved. In order to provide additional funds to effect the revision of the conservancy staff the Municipal Council have been relieved of their obligation to contribute towards the maintenance of the Vanivilas Hospital and advised to augment their income by raising the rates of taxes on vehicles and animals and by levying a general sanitary cess (*vide* Government Order No. 7993-4C—Ml. 13-16-26 of 20th June 1917).

Correspondence ending with letter No. 10222, dated 1st May 1917, from the Chief Commandant, Mysore State Troops, representing that owing to the restrictions contained in paras 3 and 4 of the rules laid down in Government Order No. G. 5063-4—Mily. 150-14-2, dated 20th October 1915, for the grant of furlough to the non-commissioned ranks of the local Troops, they are obliged to take leave without pay instead, and recommending that the leave without pay so taken by them may be allowed to count as service for pension or that the grant to them of the total amount of furlough leave at their credit may be permitted whenever required during the furlough seasons, the restrictions referred to above being relaxed.

Order No. G. 6883-4—Mily. 139-16-6, dated 24th November 1917.

Government consider that the inconvenience complained of is cheifly due to the limitations prescribed in the rules as to the seasons during which furlough can be availed of, and that a relaxation of the rules in this respect is all that is called for. They accordingly direct that Section 3 (1) of the rules, *viz.*, that no leave shall be granted during the Manœuvres Season, *viz.*, December, January and February, be deleted.

Necessary addenda and corrigenda slip will be issued to the Mysore Service Regulations.

System of Accounts in the Geological Department.

No. Fl. 2664-8—Geol. 35-17-3, dated 28th November 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with Government letter No. Fl. 6296—G. F. 115-15-2, dated 9th June 1916, to the address of the Comptroller, regarding the maintenance in the Office of the Director of Mines and Geology, of complete accounts relating to the Mining Revenue.

2 Note dated 17th September 1917, from Mr. K L Datta, Special Officer, reporting on the state of accounts of the Geological Department and suggesting remedial measures for the improvement of the system of accounts in that Department.

Order No. Fl. 2664-8—Geol. 35-17-3, dated 28th November 1917.

In his note read above, Mr. Datta points out that the accounts of the Geological Department are in a very unsatisfactory condition, that there is no proper Cash Book maintained in the Office of the Director of Geology to account for all the moneys received, that the cash in the Office does not seem to have been counted by the Head of the Office at any time, that moneys received have not been properly accounted for in a large number of cases, * * * * * * * * * * * *

2. * * * * *

3. * * * * *

4. To prevent a recurrence of similar defalcations in future, Mr. Datta suggests the following remedial measures.

(1) No cash should in future be received in the Director's Office, the parties being required to pay the amounts due by them directly to the Treasury and to forward the Treasury receipts to the Geological Office for the issue of the leases or licenses applied for.

(2) The registers maintained in the Geological Office for the different classes of licenses and leases should be revised, and a proper register of demand, collection and balance showing clearly the dues to Government from time to time maintained in future.

(3) Duplication of work between the Comptroller's Office and the Geological Office with respect to the record of the revenue collections relating to the gold mines should be avoided and the necessary revenue registers should be maintained in the Comptroller's Office alone, a periodical statement being furnished to the Director of Geology giving him all particulars necessary for departmental purposes and for exercising proper control over such revenue also.

(4) A local audit of the accounts of the Geological Department once a year by the Comptroller should be enjoined in future.

5. Government are in entire agreement with all the proposals of Mr. Datta. They are pleased to direct that the proposed system of accounts procedure be brought into effect from 1st December 1917. The Comptroller will issue the necessary instructions for the guidance of the Treasury Officers and the Geological Department in accordance with Mr. Datta's note and will also supply the latter with the necessary forms and registers.

6. In introducing the new arrangement Government desire to impress on the Head of the Geological Department that he is primarily responsible for exercising proper control over the Mining Revenue and the accounts relating thereto in his office, and that he should personally examine the accounts at least once a month and sign all the registers in token of such examination.

7. In regard to the collection of rentals on mining lands and the local cesses and taxes and their credit, it is reported that there is no uniform system prevailing at present. In some cases, the District Revenue Officer collects the sums and in a few other cases the lessees send the rental to the Geological Office, which advises the Deputy Commissioners of the Districts concerned of the receipt.

8. As the leases entered into prior to issue of the rules of 1904 and current on this date are not many, Government agree with Mr. Datta that there need not be any difference in the agency of collection or the head of account to be credited in respect of the rentals relating to the leases issued under the rules of 1904 and those issued at an earlier date. Government are accordingly pleased to direct that no item of rent on mining lands should in future be merged under Land Revenue, that all such items should in future be collected by one agency, *i.e.*, the Geological Department and the collections shown as additional items of revenue relating to the Geological Department.

The local cesses and other rates and taxes leviable should also be collected by the Geological Department along with the rental and credited in the first instance to that department and the Comptroller should adjust the amount once a year to the proper head of account and advise the department and the local body concerned.

9. There is one other important suggestion made by Mr. Datta in his note read above in regard to the exercise of the right of inspection by Government Officers of the accounts of Gold Mining Companies as provided for in clauses 17 and 18 of the agreement executed with the companies in 1910.

Mr. Datta points out that this right of inspection of the Company's books and accounts has never been exercised till now, that no attempts are made to verify even by a test check that the quantities extracted from the Gold Mines are actually brought to account, and that the quantities shown in the original accounts of the company agree with those for which the amount due has been paid by the Company's Bankers in London.

In allowing rebate on account of freight and insurance and other charges to the companies the claim is admitted without any audit by the Comptroller's Office.

10. Government agree with Mr. Datta that a periodical local examination of the accounts and books of the Gold Mining Companies is desirable and that an association of the officers of the State with the practical working of the companies and an acquaintance with their books and accounts would secure to Government an intimate knowledge of the working of the mines.

The Chief Inspector of Mines and the Director of Geology in consultation with each other and with the Mining Companies are accordingly requested to arrange for an annual inspection being conducted by Government Officers of the books and accounts of the Companies and submit definite recommendations before the end of December 1917, as to when and by whom the first inspection should be conducted.

Year	Subject No.	Abstract of Representation	Abstract of Government Order
1916-17, Second Session.	5 and 199	Increase in the rate of interest on charitable endowments for education.	Enhancement of rate of interest on Savings Bank Deposits is a temporary measure and is not a sufficient reason for a permanent increase in the rate of interest on charitable endowments; but some concession will be shown in special cases by allowing 5 per cent temporarily for a period of five years. The reduction of the limit of charitable endowments from 3,000 to 1,000 permanently will be considered separately on receipt of reports from the Comptroller and the Muzrai Superintendent. (G. O. No. Fl. 470-80—G. F. 21-17-1, dated 30th July 1917.)
Do ...	6	Grant of loans to policy-holders under the Mysore State Life Insurance Rules.	Rule 27 of the rules of the Public Insurance Branch provides for the grant of loans after 2 or 3 years and it is too soon to grant the concession. (Fl. 126—G. F. 6-17-2, dated 10th July 1917.)
Do ...	12	Nomination applications for Life Insurance bonuses to be signed before Taluk Magistrates.	Applications for nomination under the State Life Insurance Scheme signed by the proposers and attested by two witnesses in the presence of a Judge or Magistrate having local jurisdiction may be accepted; Rule 23 A of the Insurance Rules is modified accordingly. (No. Fl. 2-3—G. F. 48-16-2, dated 2nd July 1917.)
Do ...	17	Increased grant to Village Improvement Committees.	The representation will receive due consideration under the Local Self-Government Scheme. (No. R. 1325—L. R. 12-17-5, dated 7th August 1917.)
Do ...	18	Formation of Village Fund	Orders have already been passed in Government Proceedings No. R. 9034-43—L. R. 10-14-139, dated 19th April 1915, about the formation of the Village Common Fund. The income from the sources pointed out is credited to other funds and cannot be diverted to the Village Common Fund. (No. R. 3172-80—L. R. 12-17-21, dated 22nd September 1917.)
Do ...	20	Remission of assessment on wet lands under tanks in years of inadequate rainfall.	Records correspondence ending with letter No. G. 3236, dated 14th August 1917, from the Revenue Commissioner, stating that the proposal is not in conformity with the terms of the Survey Settlement in force in Mysore, that he is not in favour of any alteration in the present policy of Government and suggesting that the raiyats may bring their tanks under the operation of the Tank Panchayet Regulation which provides for relief to some extent on lines prayed for. (No. R. 3270-2—L. R. 380-16-4, dated 25th September 1917.)
Do ...	29	Credit of cart tax in villages to the Village Improvement Fund.	Invites attention to G. O. No. R. 245-62—L. R. 453-16-1, dated 10th April 1917, directing that mohatarfa less actual collection charges be credited from 1917-18 to District Fund until further orders. (No. R. 12020-1—L. R. 505-16-2, dated 5th June 1917.)
Do ...	30	Consulting the Village Improvement Committees in the disposal of vacant sites.	Directs that Village Improvement Committees may be consulted in the matter of the disposal of vacant sites in villages where such Committees exist. (No. R. 12926-34—L. R. 12-16-183, dated 26th June 1917.)

	Do ...	33	Constitution of Tank Panchayets	Government consider that the suggestion that dry land owners and mohatarfa payers be eliminated from the list of voters, etc, cannot be adopted. (No. R. 11903—L. R. 502-16-2, dated 29th May 1917.)
	Do ...	38	Publication of lists of gomal and Government waste lands.	Invites attention to G. O. No. R. 4718-9 —L. R. 209-14-4, dated 12th November 1915, in which a similar proposal was considered unnecessary. (No. R. 12851-2—L. R. 522-16-2, dated 25th June 1917.)
	Do ...	39	Enclosing foot-paths by hedges	The proposal is not feasible. (G. O. No. R. 12859-67—L. R. 523-16-2, dated 25th June 1917.)
	Do ...	40	Payment of kandayam both by hissedars and persons in actual enjoyment of the land.	Informs the proposer that no change is necessary in the existing rules. (No. R. 1666—L. R., dated 14th August 1917)
	Do ...	45	Local option in locating arrack shops ..	The results of the rights of local option granted to the City Municipalities of Bangalore and Mysore as well as to Kolar Gold Fields will be watched before extending the system further. (No. Fl. 7575-83—S. R. 136-16-8, dated 19th June 1917.)
	Do ...	46	Abolition of the tree tax and the inclusion of the amount in the shop rent.	It is not feasible to change the present system. (G. O. No. Fl. 7571-2—S. R. 189-16-2, dated 19th June 1917.)
	Do ...	47	Lease of toddy shops	The system of auction sales cannot be altogether abolished and though there is nothing to show that disposal by tender will cure all the defects of the auction system, yet the disposal of excise shops by tender or fixed fees is adopted wherever it is considered necessary or practicable. (No. Fl. 8056-64—S R. 191-16-2, dated 27th June 1917)
	Do ...	49	Abolition of raiyats' liability for payment of tree tax.	Informs the proposers that their proposal is not feasible and invites their attention to G. O. No Fl. 6287-36—S. R. 230-12-8, dated 20th May 1913. (No. Fl. 7573—S. R. 188-16-2, dated 19th June 1917.)
	Do ...	58	Reduction of seignorage on firewood ...	No further concessions are necessary, as the existing rates are reasonable and the Village Forests under formation will give additional facilities. Cases of special hardship may be brought to the notice of the Conservator of Forests. (No. R. 12939-41—Ft. 203-16-2, dated 26th June 1917)
	Do ...	59	Sale of tangadi bark ...	Informs the proposer that hobliwar sales of tangadi bark have already been ordered in some places and the result of the experiment will be watched before any further change is effected in the existing practice. (No. R. 1654—Ft. 41-17-2, dated 14th August 1917.)
	Do ...	62	Retail sale of timber	No change in the existing practice is necessary as the time of one month is necessary for sorting and arrangement. (No. R. 1809-10—Ft 58-17-2, dated 17th August 1917.)
	Do ...	63	Grant of concessions in cases of accidental fire .	Informs the proposer that Amildars have power to grant materials up to the value of Rs. 10 in case of need and that no higher powers are called for. (G. O. No. R. 2190—L. R. 11-17-2. dated 27th August 1917.)

Year	Subject No.	Abstract of Representation	Abstract of Government Order
1916-17 Second Session.	67	Grant of permission to remove kirribidaru from district jungles.	The recommendation of the Conservator of Forests to permit the removal of the lops and toj of bamboos for a period of two years on free licenses, is accepted and a report after that perio as to the continuance or otherwise of the concessions is called for. (No R. 846-54—F 196-16-4, dated 24th July 1917.)
Do ...	69	Duty and penalty on promissory notes executed on plain paper by people ignorant of legal provisions.	Promissory notes and bills of exchange cannot be treated in the same way as other documents and the suggestion referred to cannot be accepted (No. Fl. 7439—S. R. 184-16-1, dated 31st May 1917)
Do ...	70	Abolition of copying fee for extra words	Informs the proposer that his suggestion cannot be adopted (No. J. 4811—Regis. 49-16-1 dated 21st June 1917.)
Do ...	73	Conferring on the non-official Members of the Legislative Council the privilege of moving resolutions in the Council	Informs the proposer that the proposition will be considered after acquiring some more experience of the working of the Legislative Council. (No. 4782—Legis. 24-16-1, dated 19th June 1917)
Do ...	74	Amendment of Order XXI, Rule 80, of the Civil Procedure Code (*a*) so as to make provision for payment of compensation to the purchasers of immovable property in cases where the sale is set aside and (*b*) so modifying in the interests of judgment-debtors, Order XXI, Rule 89, that they may be required to pay only the amount of the purchase money and not the full decreed amount	As regards (*a*) Order XXI, Rule 93, provides for payment of compensation at the discretion of the court and as regards (*b*) the suggestion cannot be adopted (G O No J. 4086-94—Cts 333-16-1, dated 17th May 1917)
Do ...	75	Modification of the Breach of Contract Act so as to empower Magistrates to order the working out of the amount advanced plus court expenses of proceedings against the accused.	The proposal cannot be adopted as it is neither fair nor reasonable. (G. O. No. J. 4108-16—Cts 334-16-1, dated 17th May 1917.)
Do ...	76	Amendment of Stamp Regulation so as to empower Amildars to sanction refund of the value of spoilt and useless stamps	No change in the existing practice is necessary. (G. O. No. Fl. 440-9—S. R. 190-16-4, dated 28th July 1917.)
Do ...	82	Grant of exemption under the Arms Act to members of District, Municipal and Taluk Boards and respectable persons.	No general exemption can be granted, but rules provide for the grant of exemption to persons of the classes referred to. (No. J. 4537-45—Pol. 197-16-2, dated 9th June 1917.)
Do ...	83	Increase in the number of civil courts ...	Additional Courts are being established wherever necessary. (No. J. 4107—Cts. 330-16-1, dated 17th May 1917.)

Do ...	84	Sale of cattle attached under civil court decrees immediately on seizure.	It is not convenient to change the existing practice of leaving the live-stock seized in the custody of the Nazir of the Court or in a pound within reach of the court or with the patel or judgment-debtor on sufficient security if the court is far off. (No. J. 4096-4104—Cts. 332-16-1, dated 17th May 1917.)
Do ...	88	Licenses for talimkhanas	Informs the proposer that the matter is under consideration of Government and that no reduction of the fee is possible until the necessary legislation to revise the rules is undertaken. (No. G. 4465—G. M. 560-16-4, dated 1st October 1917.)
Do ...	89	Improvement of the efficiency and morale of the Police Force.	It is not necessary to appoint a Committee as suggested. The other representations are under consideration. (No. J. 4145-7—Pol. 183-16-1, dated 18th May 1917.)
Do ...	90	Appointment of visitors to Police lock-ups. ...	As stated in 1913, the proposal is not feasible and no circumstances have arisen now to necessitate a modification of that view. (No. J. 4148—Pol. 182-16-1, dated 18th May 1917.)
Do ...	97	Improvements to the Ayurvedic College and an Ayurvedic ward in the Victoria Hospital.	Elementary Surgery (without operations) forms one of the subjects prescribed in the curriculum of studies in the fourth year's course in the Ayurvedic College, Mysore. The question of the revision of the course of studies in Ayurvedic institutions is under the consideration of Government. It is not practicable to have a separate Ayurvedic ward in the Victoria Hospital. (No. 8100—Med. 128-16-1, dated 22nd June 1917.)
Do ...	100	Opening of more native Vaidyasalas and appointing trained Vaidyas thereto.	Government will be glad to encourage the opening of more Vaidyasalas and Unani Dispensaries if proposals are received from District Boards and competent Vaidyas and hakims are available. The subject is commended for the consideration of Municipalities and Taluk Boards. (No. 7801-16—Med. 11-16-58, dated 11th June 1917.)
Do ...	101	Appointment of a Surgeon for the Police Department.	The representation is not clear and no action is possible thereon. (No. 7250—Med. 112-16-2, dated 17th May 1917.)
Do ...	103	Compulsory Vaccination in Hobli and Unions ..	Vaccination cannot be made compulsory immediately in all the places suggested by the member. (G. O. No. 551-2—San. 128-16-4, dated 27th July 1917.)
Do ...	104	Erection of health sheds	The charges for the suppression and prevention of plague including the erection of sheds have to be borne by the local bodies concerned. Any application for a grant-in-aid from State Funds will be considered on its merits and granted as far as possible where the local bodies are unable to meet these charges in full, as laid down in G. O. No. 6381-92—San. 250-07-33, dated 8th March 1912. (G. O. No. 8101—San., dated 22nd June 1917.)
Do ...	110	Improvement of the staff in Anglo-Vernacular and Elementary Schools.	Orders have been passed revising and increasing the scale of pay of the masters of A.-V. Schools so as to allow of a better class of teachers being appointed. (No. 10357-60—Edn. 183-16-2, dated 21st June 1917.)
Do ...	124	Selection of members for the Text-Book Committee.	Invites attention of the proposer to Government Notification No. 10091—Edn. 72-16-9, dated 11th June 1917, reconstituting the Committee for five years from 1st July 1917, so as to be a sufficiently widely representative body. (Letter No. 1903-4—Edn. 189-16-2, dated 24th August 1917.)

Year	Subject No.	Abstract of Representation	Abstract of Government Order
1916-17 Second Session.	125	Hostels for High Schools and Mechanical Engineering Schools and exemption of students from room rent and water-tax.	The extension of the hostel system is engaging the attention of the Inspector-General of Education, but there is wide scope for private munificence in this respect. The exemption of students from payment of room rent and water-tax is not possible. (No. 10012-4—Edn. 175-16-2, dated 5th June 1917.)
Do ...	126	Half-yearly University Examinations ...	Records the resolution of the University Council stating that half-yearly examinations are impracticable as classes are organised on the basis of a year's programme. (G. O. No. 2335-7—Edn. 163-16-5, dated 31st August 1917.)
Do ...	127	(1) Permitting boys to study only Kannada in the Anglo-Vernacular Schools.	Government Order No. 8044-5—Edn. 118-16-4, dated 2nd April 1917, provides for a parallel course of study in Kannada up to the Lower Secondary Standard in the Anglo-Vernacular Schools of the State
		(2) Reducing the rate of school fees for the 1st class in Anglo-Vernacular Schools from 8 annas to 4 annas.	The rate of fees cannot be reduced as proposed. (No. 9994-5—Edn. 174-16-2, dated 2nd June 1917.)
Do ...	129	Announcing the results of the Mysore Lower Secondary Examination a fortnight before the opening of the Fourth Form.	The Inspector-General of Education on consultation states that the request is reasonable and attempts will be made to comply with it. (No. 9366-7—Edn. 16-16-2, dated 15th May 1917)
Do ...	130	Free supply of books and furniture to aided schools.	It is not possible to go further than the concession already granted of supplying the articles referred to at half the cost on application. (No. 9363-4—Edn. 16-16-2, dated 15th May 1917)
Do ...	135	Admission of non-Brahmin students to the Mechanical Engineering School.	The Inspector-General of Education who was consulted observes that there is no rigid rule declining admission to candidates of the class referred to and admissions are regulated by the capacity of students to benefit by the teaching given. (No. 9794-5—Edn. 169-16-2, dated 26th May 1917.)
Do ...	139	Changes in the curricula. (i) Practising Schools may be attached to District Normal Schools. (ii) Translations of History and Geography may be caused to be made. (iii) Kannada II-class in Anglo Vernacular Schools may be revived	(i) The existing Kannada or Anglo-Vernacular Schools in places where there are District Normal Schools, are made use of as practising schools. (ii) The proposed translations are not suited for the schools of this State as the curricula prescribed for the schools in Mysore differ from those for schools elsewhere. (iii) Government Order No. 8144-5—Edn. 118-16-2, dated 2nd April 1917, provides for a parallel course of study in Kannada up to the Lower Secondary Standard in Anglo-Vernacular Schools of the State. (G. O. No. 258-9—Edn. 185-16-2, dated 11th July 1917.)
Do ..	140	Admitting students without admission fee on changing schools.	It is observed that the payment of a fresh admission fee is not generally felt as a great hardship, that it is not practicable to hold enquiries regarding causes leading to a change of schools and that in the interests of the pupils themselves unrestricted migration from one school to another is not desirable. (G. O. No. 1198-9—Edn. 74-17-2, dated 7th August 1917.)

Do	...	145	Permission to candidates failing in the Intermediate Arts Examination to join the first year's course of the B.A. Degree Examination.	Informs the proposer that G. O. No. 9266– Edn. 12-16-126, dated the 12th May 1917, amends ordinance No 44 enabling students once promoted to the Senior Intermediate class in the Central or Maharaja's College to be eligible for admission to the first year college class in the years 1917-18 and 1918-19. (No. 10174—Edn. 182-16-2, dated 14th June 1917.)
Do	...	153	(1) Appointment of an Agricultural Supervisor to teach Scientific Agriculture. (2) Opening of demonstration farms in the headquarters of each taluk and hobli to improve the present state of agriculture. (3) Satisfactory arrangement for improved methods of cultivation.	(1) A scheme to strengthen the department is under consideration. (2) The establishment of seed farms and the development of the present system of village demonstrations are more likely to meet the requirements of the people than the demonstration farms of the kind suggested which have been found to be too expensive. (3) As the experimental farms already opened afford facilities for training the fieldmen, a sufficient number of qualified men will be available for employment in a year or two. (No. 10273-4—A. & E. 132-16-6, dated 18th June 1917.)
Do	...	154	Opening of seed and implement depôts in hobli or taluk headquarters.	Records correspondence ending with letter No. 3550, dated 31st May 1917, from the Secretary, Agriculture Committee, stating that the Committee have been interesting Taluk Progress Committees and private agencies in the introduction of improved implements by an arrangement with the Director of Agriculture with the result that 25 taluks have already indented for over 550 implements, that there is a probability of many other taluks developing this useful line of work and that the Agricultural Department has been devoting attention to the distributing of seed and the establishment of seed farms. (G. O. No. 10394-7—A. & E. 132-16-7, dated 23rd June 1917.)
Do	...	156	Supply of weed removing machine ...	Records correspondence ending with letter No. 15/5, dated 11th July 1917, from the Director of Agriculture in Mysore stating that the conditions in the State do not appear to be suited to the employment of such a big and expensive outfit. (G. O. No. 1012-3—A. & E. 129-16-3, dated 28th July 1917.)
Do	...	158	Training of Agricultural Inspectors in Horticulture.	Sanctions the proposals of the Director of Agriculture in Mysore, for training Agricultural Inspectors in Practical Horticulture for six months during the coming autumn and winter as suggested by the Superintendent, Government Gardens. (G. O. No. 2147-9—A. & E. 132-16-11, dated 29th August 1917.)
Do	...	165	Increase of pay to Lower Subordinates of the Public Works Department.	Informs the proposer that the present scale of pay of Lower Subordinates in the D. P. W. was fixed only six years ago and is similar to that laid down in Government of India P. W. Code, and that the present scale provides for the grant of triennial increments. (No. 971—5280, dated 18th May 1917.)
Do	...	167	Increase of Public Works Department rates ...	Informs the proposers that P. W. D. rates have been increased where absolutely necessary during the past two years, specially for road works, and that the general question of the increase of rates as a whole is being further investigated. (No. 966-7—5275-6, dated 18th May 1917.)

Year	Subject No.	Abstract of Representation	Abstract of Government Order
1916-17 Second Session.	168	Supply of water during hot weather ...	Informs the proposers that necessary arrangements are being made in the matter of supply of water during the hot weather and that the question of hot weather supply from old nalas above Krishnaraj Sagara for manurial greens has been referred to the Chief Engineer for report. (No. 964—5273, dated 18th May 1917.)
Do ...	169	Annual repairs of branch channels by Government.	Informs the proposer that his suggestion cannot be accepted and that the responsibility of the raiyats to maintain branch channels has been long recognized and no reasons are apparent for a change in the mamool. (No. 975—5284, dated 18th May 1917.)
Do ...	170	Horse allowance to Nala Manegars ...	Informs the proposer that nala manegars have as a rule only short lengths of channels to look after and no pony allowance is therefore granted to them but that individual instances where manegars have a long length of channels to supervise will receive due consideration. 977—5286, dated 18th May 1917.)
Do ...	171	Appointment of a Committee for considering the question of water metres in Bangalore.	Informs the proposer that his proposition is not specific and that rules regarding water metres were passed agreeably to the recommendations of a Committee which met in 1914. (No. 981—5290, dated 18th May 1917.)
Do ...	173	Reduction of allowances of Public Works Department Officers.	Informs the proposer that the allowances of P. W. D. officers have been fixed after due consideration and cannot be reduced merely on the ground that they sometimes come to a large fraction of the pay. (No. 969—5278, dated 18th May 1917.)
Do ...	174	Insufficient 3rd class accommodation on Railways.	Informs the proposer that the Railway authorities have been addressed, that it is not possible to have empty carriages at all stations and that some inconvenience in the matter of accommodation on special occasions is always inevitable. (No. Ry. 3453—dated 17th May 1917.)
Do ...	175	Construction of the Bangalore-Hosur Railway line.	Informs the proposers that the matter is under consideration. (No. Ry. 3758, dated 12th June 1917.)
Do ...	176	Railway line from Bangalore to Madanapalli ...	Informs the proposers that the proposal is noted but is impracticable without the levy of Railway cess by the District Board, Bangalore. (No. Ry. 3744, dated 11th June 1917.)
Do ...	177	Publication of information *re* West Coast Railway.	Informs the proposers that as the project is still under investigation, no purpose will be served by publishing the purely technical expert opinion on the subject. (No. Ry. 3455—Ry. F. No. G. 55, dated 17th May 1917.)
Do ...	178	Providing waiting rooms with decent flooring.	Informs the proposer that the subject is already under consideration of Government and will be attended to as funds permit. (No. Ry. 3448—Fl. No. G. 55, dated 17th May 1917.)
Do ...	179	Provision of intermediate accommodation in all Railway services of the State.	Informs the proposers that the subject has been noted for consideration and that in the meantime the result of the introduction of Intermediate class accommodation on the Bangalore-Poona line is being watched. (No. 3457—Ry. F. G. 55, dated 17th May 1917.)

Do	...	180	Wire-fencing on either side of Railway lines ...	Informs the proposers that the subject has been noted for consideration as funds become available for the purpose. (No. Ry. 3450-51—F. G. 55, dated 17th May 1917.)
Do	...	181	Exemption of temples, chattrams and mosques from charges on account of electric power supplied to them.	Informs the proposer that the proposal cannot be complied with, as the Electrical Department is worked on commercial lines. (No. 973—5282, dated 18th May 1917.)
Do	...	182	Recovery of Royalty on gold in bullion ...	No change in the present practice of recovering Royalty is called for. (G O. No. G. 15443-5—Geol. 146-16-1, dated 16th May 1917.)
Do	...	184	A Regulation for non-regulation Municipalities ...	Informs the proposer that action is being taken to bring the non-Regulation Municipalities under the Mysore Municipal Regulation of 1906 and to extend to them the more simple provisions of the said Regulation. (No. 7710—Ml, dated 7th June 1917.)
Do	...	185	Abolition of octroi on cocoanuts brought by raiyats to Taluk headquarter towns for domestic consumption and the grant of *Mafi* licenses therefor.	Provision already exists for exemption from duty on small quantities brought for consumption by the owner. The abolition of octroi is a matter for the consideration of Municipal Councils as per para 12 of Government Order No. 3005-55—Ml. 132-16-1, dated 16th November 1916. (G. O. No. 7472-9—Ml. 217-16-2.)
Do	...	187	Election of Municipal Councillors ...	Invites the attention of the proposer to paragraph 6 of Government Order No. 3005-55—Ml. 132-16-1, dated 16th November 1916, regulating the number of elected Municipal Councillors in the different classes of Municipalities. (G. O. No. 7378-9—Ml. 132-16, dated 21st May 1917.)
Do	...	189	Appointment of non-official Vice-Presidents for District Boards.	Invites the attention of the member to para 16 (1) of G. O. No. 3005-55, Ml. 132-16-1, dated 16th November 1916. Rules for the election of Vice-Presidents by members of the District Board have been recently prescribed in Rule 8 (3) of the Local Board Rules. (G. O. No. 7382—Ml. 225-16-2, dated 21st May 1917.)
Do	...	191	Discontinuance of shop tax during fairs and jatras	The representation cannot be conceded. Fees levied during jatras and fairs partake of the nature of the ground rent or market fees and are quite distinct from Mohatarfa shop tax. The levy is necessary to make adequate arrangements for sanitation, water-supply, etc. (G. O. No. 7401-8—L. B. 109-16-2, dated 22nd May 1917.)
Do	...	194	Ear-mark of Mohatarfa in Unions ...	Invites the attention of the proposer to para 17 of the Order No. 3005-55—Ml. 132-16-1, dated 16th November 1916, on the Local Self Government Scheme which meets the case. (No. 7400—L. B. 114-16-2, dated 22nd May 1917.)
Do	...	196	Establishment of bathing places in Bangalore and Mysore.	The matter is one for the consideration of Municipal Councils to whom the representation may be made. (G. O. 7383—Ml. 226-16-2, dated 21st May 1917.)
Do	...	200	Appointment of a Trustee for the management of properties endowed for charitable purposes.	Ample provision is made under Sections 4, 8 and 11 of the Muzrai Regulation for the institution of an enquiry by the Muzrai Officer and setting right of abuses and these provisions are sufficient for the present. The proposal will be considered after gaining experience of the working of this regulation. (G. O. No. 2845-6—Muz. 611-16-2, dated 17th May 1917.)

Year	Subject No.	Abstract of Representation	Abstract of Government Order
1916-17 Second Session.	201	Empowering Deputy Commissioners to pay Muzrai bills.	Directs that all bills except the final ones should be submitted by the Amildar to the Deputy Commissioner who should forward the same direct to the Comptroller for audit and return. The final bill will, however, be sent through the regular series of offices as heretofore to enable them to make note of progress and if need be, to check the work. (G. O. No. 1-11—Muz. 612-16-2, dated 4th July 1917.)
Do ...	202	Establishment of a Central Muzrai Board at Bangalore with a view to the efficient working of the Muzrai Department.	The Department has been recently reorganised and it is not necessary, at any rate, at present, to consitute a Central Board. (G. O. No. 2906-7—Muz. 621-16-2, dated 24th May 1917).
Do ...	203 and 207	Opening of orphanages	The initiative in the opening of the anathalayas which should always be private and aided should come from the organized charity of private persons. (G. O. No. 2900-3—Muz. 622-16-2, dated 24th May 1917.)
Do ...	204	Increase of pay of Archaks	Every endeavour is made to give the archaks as good pay as can be afforded by the resources of the institutions and when this falls short of the requisite amount, it is for the devotees of the temple to make good the deficit. (G. O. No. 2892-9—Muz. 614-16-2, dated 24th May 1917.)
Do ...	206	Religious lecture once a month in various Muzrai Institutions.	A matter for private effort and organization. The Muzari institutions will, as far as possible, afford all requisite facilities. (G. O No 2836-44—Muz. 613-16-2, dated 17th May 1917.)
Do ...	208	Suggesting that savings effected by stoppage of feeding in annachattrams may be utilised for feeding poor students	The savings effected have been utilised partly in improving the usefulness of other chattrams and partly in the provision of convenience to the travelling public at the chattrams in question now converted into rest-houses. (G. O No. 2904-5—Muz. 620-16-2, dated 24th May 1917.)
Do ...	210	Training of Probationary Assistant Commissioners in civil work.	It is not expedient to train Probationary Assistant Commissioners in civil work. The rules already in force provide for efficient training. (G. O. No. G 16554—G. M. 327-16-27, dated 7th June 1917).
Do ...	211	The property qualification of Representative Assembly Members.	Invites the attention of the proposers to Rule 3 of the Rules relating to the constitution of the Representative Assembly published with Notification No. G. 10156—G. R. 33-14-1, dated 22nd March 1915, under which persons with certain educational qualifications are eligible for election to the Representative Assembly. The minimum property qualification rendering a person eligible to be a voter has been fixed with due regard to the conditions of each taluk and cannot be lowered. (No. G. 1115—G. M. 182-17-2, dated 28th July 1917.)
Do ...	212	Suggesting that Representative Assembly Members deputed by Municipalities may be elected once in three years instead of every year.	The suggestion cannot be adopted as elections for Municipalities and the Representative Assembly take place at different periods and a Municipal Member elected to the Assembly may cease to hold his seat in the Council before the expiry of the triennium for which his seat in the Assembly would last. (G. O. No. G. 16843—G. M. 619-16-2, dated 18th June 1917.)

Do	...	213	Voting on important questions in the Representative Assembly.	Informs the proposer that in important matters, votes are taken in the Assembly at the discretion of the President, without prejudice to any decision the Government may arrive at regarding matters discussed in the Assembly. (Letter No. G. 3027—G. M. 260-16-2, dated 3rd September 1917)
Do	...	214	Impressment of carts	Invites the attention of the proposers to Government Proceedings No. G. 7462-9—G. M. 179-06-10, dated 30th May 1907, republishing the order of the late Chief Commissioner of Mysore, dated 18th November 1873, on the subject of impressment of carts for Government purposes. (No. G. 16589-90—G. M. 598-16-2, dated 8th June 1917.)

Do	...	216	Definition of backward classes	Issues instructions regarding the employment of members of backward classes in the Government service. (O. M. No. 40-88—E. A. G. 79, dated 21st July 1917.)
Do	...	221	Publication of the Dasara Representative Assembly subjects selected by Deputy Commissioners.	Government regret that the request cannot be complied with. (G. O. No. G. 16307—G. M. 588-16-2, dated 30th May 1917.)
Do	...	222	Disposal of Representative Assembly subjects ...	Invites the attention of the proposers to para 2 (2) of G. O. No. 7212-60—G. M. 362-16-1, dated 1st December 1916, providing for discussion, at the second session of the Assembly, of subjects not discussed at the Dasara session for want of time. A subject not discussed at the second session will be taken up by Government and disposed of in due course. (No. G. 16305—G. M. 587-16-2, dated 30th May 1917.)
Do	...	224	(a) A non-official gentlemen may be appointed to the State Council. (b) The Representative Assembly may be conceded the privilege of electing one of its members as a non-official Member of the State Council. (c) A non-official member of the Representative Assembly may be nominated as a Member of the State Council.	Records the first of the suggestions. Does not approve of the remaining. (G. O. No. G. 16580-2—G. M. 595-16-2, dated 8th June 1917.)
Do	...	225	Appointment of Probationers for recruitment to the Gazetted and Upper Subordinate Ranks of the Public Service.	Invites the attention of the proposer to paragraph 6 of G. O. No. G. 9060-9102—G. M. 401-16-1, dated 2nd January 1917. (No. G. 16247—G. M. 401-16-21, dated 29th May 1917.)
Do	...	226	Exemption from clerkship examination of those already in service.	Invites the attention of the proposer to 'Note to Rules 1 and 2 (ii) of the rules appended to Government Order No 172—E. A. G., dated 5th March 1917, granting the required exemption to officials in service on 24th November 1916. (No. G. 16133, dated 27th May 1917.)
Do	...	231	Publication in Kannada of all Government Orders and Proceedings of the Legislative Council.	Informs the proposers that the request cannot be complied with. (No. 16555 6—G. M. 596-16-2, dated 7th June 1917.)

Year	Subject No.	Abstract of Representation	Abstract of Government Order
1916-17 Second Session.	233	Wearing the emblem of Gandabherunda upon dress.	Government do not consider the proposal expedient. (G. O. No. G. 789-96, dated 21st July 1917.)
1916-17 Dasara Session.	1	Election of Members to the Legislative Council.	States that it is too soon to think of changing the present rules of election which were issued only about three and a half years ago. (No. J. 3175–6—Legis. 25-16-1, dated 28th February 1917.)
Do ...	2	Grant of certain powers to the Legislative Council.	States that it is not necessary to make any further changes, as the powers to ask questions and supplementary ones were all conferred only recently. (No. J. 3376-7—Legis 24-16-1, dated 15th March 1917.)
Do ...	11	Regulations may be passed enabling (1) Members of a joint family to obtain a declaration of partition and (2) Widows to adopt and to acquire or alienate property.	Legislation in the matter is unnecessary. (No J. 4118—Legis. 26–16–1, dated 17th May 1917.)
Do ...	14	Extradition warrants under the Breach of Contract Act.	As there are difficulties in the matter, the request cannot be complied with. (No. J 17—Cts. 225–16–1, dated 3rd July 1917.)
Do ...	25	Removal of the distinction between First and Second grade pleaders.	States that there shall be only one class of pleaders corresponding to the present first grade and that the minimum qualification for admission to the examination shall be the examination at the end of the first year of the college course of the Mysore University or the intermediate Examination of the British Indian Universities, etc. (G O No. J. 1271-9—Cts. 228 16-11, dated 9th October 1917.)
Do ...	28	Appointment of Assistant Public Prosecutors ...	There are no good grounds for changing the existing system. (No. J 1271–9—Cts. 228–16–11, dated 9th October 1917.)
Do ...	29	Attachment of pay of Government servants ...	Draws the attention of all disbursing officers to the subject and impresses upon them the necessity for promptly and fully complying with the orders of Civil Courts in the matter. (No. J. 2945-2992, dated 15th February 1917.)
Do ...	36	Preservation of judgments in criminal cases for thirty years at least.	Government agree with the Judges of the Chief Court that no change in the existing rules is called for. (G. O. No J. 324-5—Cts. 231-16-3, dated 30th July 1917.)
Do ..	37	Allowing persons who have passed the Criminal Higher Examination to practise in Taluk Magistrates' Courts as Pleaders.	It is undesirable to accept the suggestion made. (G. O. No. J. 493-4—Cts. 240-16-3, dated 14th August 1917.)
Do ...	41	Refund of court-fee stamps in execution cases where *Mesne* profits are claimed.	Government agree with the Judges of the Chief Court that no extension of the concession in question is called for. (G. O. No. J. 910-11—Cts. 234-16-3, dated 7th September 1917.)
Do ...	42	Extension of time allowed for filing an application to set aside a Civil Court sale.	Records correspondence ending with letter R. O. Sc. 489, dated 23rd and 29th March 1917, from the Registrar, Chief Court, stating that the Chief Court held in S. A. No. 228 of 1915-16, that in cases based on an allegation of fraud the article of the Limitation Regulation applicable is 181 and that the representatives seem to be under a misapprehension of the law and that the Judges are not in favour of making any alteration in the same. (G. O. No. J. 3777-8—Cts. 235-16-3, dated 30th April 1917.)

Do	...	44	...	Shekdars to estimate and prepare bills for Village Improvement Works.	Records letter No. C. 2797, dated 24th May 1917, from the Revenue Commissioner in Mysore stating that the existing arrangement is considered by the Deputy Commissioners to be working satisfactorily and requires no change, etc.—(No. R. 12671-9—L. R. 12-16-178, dated 22nd June 1917).
Do	...	45	...	Crediting the sale proceeds of vacant sites to Village Improvement Fund.	Informs the member that the matter will be taken into consideration after the proposed Local Boards and Village Panchayat Regulations are passed into law.—(No. R. 3181-9—L. R. 12-16-222, dated 24th September 1917.)
Do	...	46 & 47	...	Contribution to minor tanks. Repairs to minor tanks.	The attention of the members may be invited to G. O. No. R. 9425-36—L. R. 36-16-17, dated 10th March 1917, revising the rules on the subject.—(No. R. 9869-74—L. R. 36-16-20, dated 23rd March 1917.)
Do	...	52	...	Grant of beds of tanks in the Chitaldrug District for cultivation on *Eksal* tenure and the remission of an amount equivalent to the sale proceeds in the assessment on Achkat lands.	Government agree with the view of the officers consulted that the grant of remission in the manner proposed would be opposed to the principles of Survey Assessment and should not be conceded and that as the existing rules, are sufficiently elastic and allow ample discretion to Deputy Commissioners it is unnecessary to amend Rule 16, of the Taluk Panchayat Regulation—(G. O. No. R. 2352-61—L. R. 313-16-5 dated 31st August 1917.)
Do	...	53	...	Removal of the obligation on Mohatarfa payers in respect of earth-work to tanks.	States that no change in the existing rules is called for.—(No. R. 10345-6—L. R. 253-16-3, dated 12th April 1917).
Do	...	54	...	Encouragement to Patels and Shanbhogs by the grant of scholarships to their sons.	Existing rules allow of a sufficient number of free studentships in schools and colleges to be granted to students who are poor and likely to profit by higher studies and, as recommended by the Inspector-General of Education, Government are not in favour of granting such exemption from paying school fees in the secondary and collegiate classes. (No. 8914-5—Edn. 40-16-101, dated 7th May 1917).
Do	...	57	...	Speedy disposal of darkhasts	Issues certain instructions for the expeditious disposal of darkhasts and directs that they should be suitably incorporated in Chapter VII of the *Revenue Rules*.—(No. R. 3828-68—L. R. 89-16-5, dated 11th October 1917.)
Do	...	63	...	Increase of *Soppinabetta*	Records letter No 10808, dated 29th March 1917, from the Conservator of Forests stating that allotment of more forest areas as Soppinabettas does not seem to be necessary and that if the garden owners will only plant up their soppinabettas, they will not only increase the output of manure, but will also improve their garden cultivation, etc.—(No. R. 3521-4—Ft. 125-16-6, dated 3rd October 1917.)
Do	...	64	...	Compensation to auction purchaser when sale is cancelled.	Government see no reason to extend the concession *re* the payment of interest in sales held for arrears of revenue to darkhast sales as the two kinds of sales stand on different footings and are also not in favour of sanctioning the other proposals as they will lead to complication of accounts and encourage speculation in the village when the lands are put up to sale. (G. O. No. R. 9189—L. R. 406-16-2 dated 3rd March 1917.)
Do	...	66	...	Grant of unauthenticated copies of Survey Records.	Records correspondence ending with Letter No. 126, dated 2nd February 1917, from the Superintendent, Revenue Survey and Settlement in Mysore, stating that the grant of unauthenticated copies of the records of his department, has not been denied to any one applying for them. (No. R. 8601-2—L. S. 31-16-4, dated 15th February 1917.)

Year	Subject No.	Abstract of Representation	Abstract of Government Order
1916-17 Dasara Session.	67 (2)	Preservation of copies of Revenue Survey accounts in the District and Taluk Office records.	Survey accounts are already being preserved in the Taluk Offices and it is not desirable that copies of the accounts should be preserved in the District Offices also. (No. R. 10831-3 L.S. 34-16-5, dated 5th May 1917).
Do ...	68	Grant of Survey Tippani. ...	States that it is not desirable to alter the existing system of granting manuscript copies of Tippani records upon payment of a fee of one Rupee. (No R. 7871-3—L. S. 39-15-7, dated 30th January 1917.)
Do ...	69	Unassessed lands to be sub-divided and assessed.	No further orders are necessary, as the sub-division of large Survey numbers into conveniently sized small Survey numbers is generally effected by survey authorities at the time of survey operation in all localities where there is necessity for such sub-division, and even in cases where such sub-division is not done, there is no objection to darkhasts being presented for any extent of land required, not below the prescribed minimum out of large survey numbers when the same will be divided and disposed of under the darkhast rules (G. O. No. R. 7813—L R. 362-16-2, dated 27th January 1917.)
Do ...	83	Grazing in State Forests	No general extension of the concessions the ryots are enjoying is called for under circumstances represented by the Conservator of Forests. Specific instances of hardship, if any, may be brought to his notice for necessary relief. (No. 11074-82—Ft. 124-16-5, dated 11th May 1917.)
Do ...	102	Contribution for the construction of reading rooms	Draws the attention of the proposer to Government Order (No. R. 4877-87—L. R. 15-15-251, dated 22nd November 1916, directing that the grant-in-aid for the purpose admissible under Government Order of 17th December 1916, be raised for the present from $\frac{1}{3}$ to $\frac{1}{2}$ of the cost according to the circumstances of each case, provided the total budget allotment for the purpose is not exceeded. (No. R. 7443-4—L. R, 12-16-82, dated 17th January 1917.)
Do ...	106	Standardization of weights and measures ...	Passes Orders on the recommendation of the Industries and Commerce Committee in regard to the weights and measures in use in the State (No. 5082-131—A. & I. 215-14, dated th January 1917.)
Do ...	107	Provision of a sufficient number of seats in Colleges and High Schools.	Intimates the members concerned the reply of Government on the subject, *viz.*, "seats are being increased as far as possible." (No. 6252-3—Edn. 23-16-173, dated 8th February 1917.)
Do ...	113	Special Inspectors for Elementary Schools ...	Records correspondence ending with letter No. 21266-856, dated 10th March 1917, from the Inspector-General of Education stating that the appointment of 20 Educational Supervisors sanctioned in G. O. No. 4189-90—Education 146-15-2, dated 6th December 1916, has amply provided for the efficient supervision of Elementry education. (No. 8018-9—Edn. 13-16-157, dated 2nd April 1917.)
Do ...	117	Abolition of school fees in Primary schools ...	Invites the attention of members to the reply of Government on the subject. (No. 6193-4—Edn. 122-16-3, dated 8th February 1917.)

Do	...	123	Introduction of the Matriculation Examination...	Records correspondence ending with letter No. 3304, dated 23rd February 1917, from the Registrar, Mysore University, forwarding a copy of an *extract from the proceedings of the University Council. (No. 8003-5—Edn. 48-16-17, dated 2nd April 1917.) *There is an entrance examination and there is no need to revive the old Matriculation. Whether the S. S. L. C. Examination should be abolished, should be determined on other considerations.
Do	...	131 ...	Councils for High Schools	Invites the attention of the Deputy Commissioner, Mysore District to this subject and requests him to intimate the reply of Government to the member concerned. "The system is in force and specific cases of complaints will be enquired into." No. 6017—Edn. 24-16-8, dated 5th February 1917.
Do	...	150 ...	Claims of Inamdars to Excise Revenue ...	Approves of the revised rules relating to inamdars' claims to excise revenue from toddy. (No. Fl. 3697-706—S. R. 94-14-3, dated 30th December 1916.)
Do	...	154 ...	Location of Excise shops and crediting of Excise Revenue in Municipalities.	Approves the proposals of the Excise Commissioner to form licensing boards in the cities of Bangalore and Mysore and the Kolar Gold Fields for adoption for two years and adds that Government consider that all Town Municipalities to be constituted in G. O. No. 3005-55—Ml. 132-16-1, dated 16th November 1916, should also be given some advisory function in regard to fixing the number and location of excise shops and requests the Excise Commissioner to take needful action in the matter. (G. O. No. Fl. 5371-82—S. R. 136-16-4, dated 17th March 1917.)
Do	...	163 ...	Control of water-supply to lands under tanks ...	Records, with the remark that the figures furnished show improvement of irrigation, correspondence ending with letter No. 12564, dated 14th December 1916, from the Chief Engineer, Mysore, stating that the complaint appears to be from interested parties and is groundless and that the management of the two tanks is reported to be better than ever. (No. R. 7270-3—L. R. 256-16-5, dated 10th January 1917.)
Do	...	188 ...	Abolition of the levy of fees in Hospitals ...	It is not necessary at present to modify the rules for the levy of fees in hospitals and dispensaries in the cities of Bangalore and Mysore and the proposal to open separate dispensaries for students is not practicable. No. 4943-9--Med. 47-16-2, dated 31st January 1917.
Do	..	251 ...	Construction of a building for the A.-V. School at T.-Narsipur.	Records correspondence ending with letter No. 20783-848, dated 5th March 1917, from the Inspector-General of Education in Mysore stating that this work was included in the programme of building works sanctioned in G. O. No. 4715-18—Edn. 72-14-6, dated 7th May 1915 to be taken up during 1917-18 and an estimate has been called for from the Executive Engineer, Mysore Division, for countersignature and sanction in the Public Works Department. No. 8086-8—Edn. 23-16-91 dated 3rd April 1917.
Do	...	252 ...	Opening of a Sub-Registry Office at Bannur ...	Government agree with the Inspector-General of Registration and consider that there is no necessity for opening a Sub-Registry Office at Bannur. (G. O. No. J. 503-4—Regis. 27-16-4, dated 14th August 1917.)
Do	...	259 ...	A Veterinary Hospital at Sklespur ..	Records the representation and communicates it to the Revenue Commissioner for consideration in connection with the ensuing year's programme for opening new Veterinary Hospitals in the State. (G. O. No. R. 7874-6—Agri. 37-16-3, dated 30th January 1917.)

Year	Subject No.	Abstract of the Representation.	Abstract of Government Order
1916-17 Dasara Session.	264	Trial by jury in the Shimoga Sessions Court ...	States that the question of extending the system to other places than Bangalore and Mysore will be considered, if the results of its working in those places for some years, prove satisfactory. (G. O. No. J. 3343—Cts. 236-16-1, dated 13-3-1917.)
Do ...	266	Grant-in-aid for the improvement of the Shimoga Town.	Records with the observation that no action is now considered necessary on the representation, since the general principles on which Government aid will be granted to local bodies for large and urgent scheme of public improvement have been laid down in G. O. No. 3005-55—Ml. 132-16-1, dated 16th November 1916 sanctioning the Local-Self Government scheme. No. 4989.—(Ml. 173-16-2, dated 2nd February 1917.)
Do ...	271	The Anglo-Vernacular school at Sorab. ...	Records correspondence ending with letter No. 18717-8-737, dated 13-2-1917, from the Inspector-General of Education stating that the extension of the school in question would be included in the revised list of works to be taken up during the next official year. (G. O. No. 7071-2—Edn. 23-16-179, dated 28-2-1917.)
Do ...	274	Construction of a separate building for the girls' school at Chitaldrug.	Records the correspondence ending with letter No. 404-5-42 dated, 10th July 1917 from the Inspector-General of Education in Mysore stating that the subject was discussed at a meeting of the Girl's School Committee and that it was resolved that the present location of the building was satisfactory and convenient. (G. O. No. 1243-4—Edn. 23-16-139, dated 7th August 1917.
Do ...	280	*Re* the opening of a Commercial school at Davangere.	Informs the proposer that the opening of a Commercial School at Davangere has been sanctioned by Government (No. 6015—Edn 63-16-5, dated 5th February 1917.)
Do ...	293	Students' Home at Chikballapur	Records correspondence ending with letter No. 23421-944, dated 28th March 1917 from the Inspector-General of Education in Mysore stating that the monthly grant of Rs. 25 sanctioned for the hostel at Chikballapur is for the establishment charges of the hostel and not for house rent, that it is at present located in the chattram, no seperate building having been engaged therefor, and that the question of giving house rent may be considered in due course in case of an increase in the number of boarders. (No. 8542-3 Edn. dated, 23rd November 1917.)
Do ...	294	Construction of a Chattram at Nandi ...	Records letter No. 1233, dated 5th June 1917, from the Deputy Commissioner, Kolar District, reporting that the restoration of mantaps attached to the Sri Bhoganandishwara Swami temple at Nandi into convenient temporary lodgings has been sanctioned by Government and that the funds at the credit of the temple are hardly sufficient to meet the expenditure for the restoration of the prakarams, etc. (3154— Muz. 390-16-4, dated 26th June 1917.)
Do ...	298	Grant of house-building advance to officials at Tumkur	Invites the attention of the members to R. A. Subject No. 298 of 1916 and forwards a copy of the communication No. Fl. 3387-8—G. F. 9-16-81, dated 19th December 1916 which does not extend the concession of granting house building advance to Tumkur Town. (No. Fl. 465 -G. F. 9-16-133, dated 21st February 1917.)
Do ...	301	A Munsiff's Court at Tiptur	Acceptance of the proposal is not possible. (No. J. 3542—Cts. 237-16-1, dated 2nd April 1917.

Do	...	306	An additional High school for Bangalore City ...	Invites the attention of the Deputy Commissioner, Bangalore District, to this subject and requests him to intimate to the members concerned the reply of Government in the matter *viz.*, "Not possible" (No. 6196 Edn. 23-16-172, dated 8th February 1917.)
Do	...	317	Refund of half the court fee paid on memoranda of appeals.	Government agree with the judges of the Chief Court that no change in the existing law is necessary. (G. O. No. J. 137-8—Cts. 239-16-3, dated 27th July 1917.)
Do	...	320	Remuneration to Totis and Talaris... ...	The question was disposed of by Government in their Order No. R. 6292-302—L. R. 369-10-4, dated 31st December 1915 after a full consideration of the subject in all its aspects and no reasons are forthcoming to re-open it. (No. R. 8231-3—L. R. 368-16-2, dated 6th February 1917.)
Do	...	324	Suggesting that the boundaries of Sub-numbers may be caused to be fixed through Amildars on application.	Government do not consider it desirable to alter the existing rules on the subject. (No. R. 1240-2—L. R. 348-16-5, dated 6th August 1917.)
Do	...	327	Insurance Companies to deposit portion of their profits in the Government Savings Bank.	The matter will be considered after the present scheme of State Life Insurance for the public has been in operation for two or three years. (No. Fl. 3825—G. F. 109-16-2, dated 8th January 1917.)
Do	...	Extract from the Address to the Dewan, by Mr. H. Krishna Rao and other 16 members of Kadur District.	Change of the Narrow Gauge in the Malnad Tramways.	Informs the members that it is not possible to change the gauge in the Malnad. (Ry. No. 2860-155 G., dated 17-19th March 1917.)
Do	...	328	Weighing of arrack given to retail dealers ...	Government agree with the Excise Commissioner and consider that no change in the present system is called for. (G. O. No. Fl. 587-95—S. R. 137-16-7, dated 8th August 1917.)
1915	...	9	Election of members to the Legislative Council.	Government consider that it is too soon to think of changing the present rules of election which were issued only about 3 years ago. (No. J. 1486-91—Legis. 56-15-1, dated 31st October 1916.)
Do	...	10	Regulation for the construction of ragi pits ...	Special Legislation to regulate the construction of ragi pits is unnecessary; cases of sale of unwholesome ragi in Municipal towns may be dealt with under Section 143 of the Municipal Regulation. Rules under the Mysore Village Sanitation Regulation, of 1898, are amended by the insertion of the word "food-grain" between the words "unwholesome" and "fruits" in Rule 2 of Section V of the rules under the Regulation. (J. 1478-9—Legis. 54-15-3, dated 31st October 1916.)

Year	Subject No.	Abstract of Representation	Abstract of Government Order
1915 ...	25 & 26 ...	Reduction of copying fees ...	No reduction in the rate of copying fees is called for; the proposal to allow copying clerks to take the copying fees cannot be adopted. (No. J. 2287-9—Regis. 41-15-6, dated 26th December 1916.)
Do ...	27	Reduction of Registration fees ...	Government agree with the Inspector-General of Registration and consider that no reduction as suggested is called for. (No. J. 223-5—Regis. 21-51-9, dated 20th July 1917.)
Do ...	54 & (136 of 1911)	Allotment of gomal lands ...	Government agree with the Revenue Commissioner that no hard and fast rules can be laid down on the subject, but that each individual case of hardship should be investigated and decided on its merits The system of growing fodder crops in the holding of individual raiyats and the formation of Village Forests would go a long way in relieving any hardship in this respect. (G. O. No. R. 9792—L. R. 503-11-3, dated 21st March 1917.)
Do ...	70	(*a*) Descriptive memo of re-surveyed villages ... (*b*) Tippani copies.	The compilation of descriptive memos or hand-books of re-surveyed villages is reserved for separate consideration. Government consider it undesirable to alter the existing practice of granting manuscript copies of Tippani records upon payment of a fee of one rupee. (No. R. 7871-3—L. S. 39-15-7, dated 30th January 1917.)
Do ...	81	Removal of restrictions for cardamom cultivation in lands lying to the west of Hanbal, Saklespur and Hettur.	With due regard to the interests of the raiyats of the cardamom area in question, Government have in their Order No. R. 4616-19—L. R. 280-14-12, dated 10th November 1915, removed the restrictions in respect of lands the drainage of which is through the Western Ghats towards the Arabian Sea and not in the basin of the Hemavati River. As the wholesale removal of the prohibition is likely to prejudicially affect the water-supply of the rivers and streams which take their rise in that area, no further orders are necessary in the matter. The Conservator is not in favour of the reduction of the minimum area in the State Forests. Government do not therefore consider it necessary to revise their Order No. R. 5364-5—L. R. 29-14-5, dated 19th December 1914. (No. R. 37-9—L. R. 571-15-4, dated 5th July 1917.)
Do ...	89	Empowering Amildârs to dispose of building sites at upset price.	Directs that in exceptional cases the orders of the Deputy Commissioner may be obtained under Rule 45 of the Revenue Rules for the grant of building sites for upset prices. (No. R. 4078-86—L. R. 394-15-4, dated 3rd November 1916.)
Do ...	165	Reduction of rates of travelling allowance ...	Invites attention to Government Order No. Fl. 3280-328—S. & A. 2-15-15, dated 18th December 1916, laying down certain instructions in regard to journeys by motor vehicles. (No. 3960—S. & A. 323-16-1, dated 17th January 1917.)

Do	...	168	Allowance to school masters in the malnad ...	Invites the attention of the proposer to Government Order No. 4511-2—Edn. 153-14, dated 10th March 1916, sanctioning the grant of a malnad allowance of Rs. 2 per mensem to Hubli School Masters drawing Rs. 10 per mensem for a period of two years from 1st April 1916. (No. Fl. 4061—S. & A. 323-15-6, dated 20th January 1917.)
Do	...	208	Supervision of District Fund Works ...	Invites the attention of the member to para 16 (4) of Government Order No. 3005-55—Ml. 132-16-1, dated 16th November 1916, *re* Local Self-Government Scheme. (No. 4032-3—L.B. 96-15-2, dated 28th December 1916.)
Do	...	238	Definition of the term "Land Revenue" in the rules relating to the Representative Assembly.	Declines to modify the definition of the term "Land Revenue" as used in the rules relating to the Representative Assembly so as to include assessment on Minor Service Inams. (No. G. 5548-9—G. M. 401-15-4, dated 2nd November 1916.)
Do	...	244	A book showing the disposal of the Representative Assembly subjects brought up at the District Meeting.	Government are of opinion that the maintenance of a register in the Deputy Commissioner's office for noting the progress in the consideration and disposal of subjects not sent to Government and the intimation to any member who may ask of the stage reached by a particular question would be enough and that the final disposal of a subject should invariably be communicated to the member concerned. (No. G. 12719-27—G. M. 393-15-4, dated 23rd March 1917)
Do	...	267 (1)	Transfer of offices from French Rocks to Seringapatam.	Records correspondence ending with letter No A. C. 1310, dated 1st September 1917, from the Revenue Commissioner forwarding copy of the Mysore Deputy Commissioner's letter stating that as Seringapatam is unhealthy and besides there are no buildings available for the location of the office, he is not in favour of the proposal and expressing his concurrence with the Deputy Commissioner's views. (No. R. 2798—L. R 218-13-4, dated 13th September 1917.)
Do	...	293	Grant of lighting and other charges to Jumma Maszid at Tarikere.	Records the report of the Deputy Commissioner, Kadur District stating that he is not in favour of the grant of an allowance as the Maszid in question is a non-Muzrai Institution. (No. 1490—Muz. 430-15-4, dated 14th December 1916)
Do	...	298	Grant to the Shimoga Law Association of returning a member to the Representative Assembly.	There are not sufficient reasons to reconsider Order No. G. 2723—G. R. 8-14-4, dated 8th September 1914. (No. G. 9221—G. M 338-15-4, dated 4th January 1917.)
Do	...	306	Construction of a channel from Bhadrapur voddu to Silavanthanakere.	Records correspondence from the Chief Engineer stating that the proposal is not practicable as it involves a cutting of 110 feet in the saddle, the cost of which will be prohibitive. (No. R. 11038-9—L. R. 441-15-4, dated 10th May 1917)
Do	...	343 and 263 of 1914.	A nala manegar in Kolar Taluk ...	Sanctions the entertainment of a channel establishment at a cost of Rs. 264 per annum for the Somambudhi Tank in Kolar Taluk (No. R. 6308-10—L. R. 439-14-11, dated 19th December 1916.)
Do	...	348	Remission of wet assessment for 1914-15 in Sidlaghatta Taluk, on account of total failure of crops.	Records correspondence ending with letter No. A. C. 35, dated 24th August 1917, from the Revenue Commissioner stating that he agrees with the Deputy Commissioner of Kolar District in considering that sufficient grounds do not exist for granting the remission. (No. R. 2752-3—Agri. 47-15-3, dated 12th September 1917.)

1915 ...	353 (a)	Jurisdiction of the Maddagiri Munsiff's Court ...	Records letter dated 10—12th January 1917, from the Registrar, Chief Court, stating that as the Munsiff of Maddagiri has got sufficient civil work besides criminal work and that as the town is so situated that any expansion of its territorial limit will cause inconvenience to litigants, the judges are of opinion that no re-adjustment is feasible. (No. J. 2591-92—Cts. 248-15-3, dated 23rd January 1917.)
Do ...	357	Ill-famed houses in the cities of Bangalore and Mysore.	Government consider that no further action is necessary for the present as the provision of Section 37 of the Mysore Police Regulation of 1908 and Section 153 of the Mysore Municipal Regulation of 1906 have been extended to Bangalore City and as they are also in force in Mysore. (No. J. 1238—Legis. 49-16-1, dated 4th October 1916.)
Do ...	373	Method of determining average yield of crops ...	Records correspondence from the Superintendent, Revenue Survey and Settlements, stating that the Mysore settlement operations are based on the Bombay system and that all orders on the subject that are in force in Mysore, have been included in Chapter VIII of the Revenue Manual. (No. R. 6790-2—Agri. 48-15-3, dated 26th December 1916.)
Do ...	386	Repeal of the Press law	Government consider that there are no good grounds for repealing the Press law at present (No. J. 1242—Legis. 57-15-1, dated 4th October 1916.)
1914 ...	35 (463-13 & 70-12)	Under-trial prisoners in Police lock-ups ...	No change in the existing practice is necessary. (No. J. 3149-52—Pris. 53-12-8, dated 27th February 1917.)
Do ...	67 60 & 92 of 15	Mohatarfa cart-tax	After a careful consideration of the question, Government direct that the existing practice may continue. (No R 8353—L R. 433-14-4, dated 8th February 1917)
Do ...	87	Grant of license at concession rates for timber from District Forests.	Government agree with the opinion of the majority of the officers consulted that it is not desirable to permit raiyats to take wood, etc., at concession rates in District forests other than those attached to or assigned to their villages and that when a representation is made that there is no sufficient timber in their village and that they should be allowed to remove the timber from the forests attached to a neighbouring village, a formal enquiry should be made by the Deputy Commissioner and if the claim is found to be justified a formal assignment should be made under Section 36 of the Land Revenue Code and Rule II B (1) of the Revenue Rules, with the previous sanction of Government. (No. R. 7688-97—Ft. 147-14-6, dated 22nd January 1917.)
Do ...	92	The sale of *honge* leaves and seeds	Accepts the recommendation of the Revenue Commissioner to the effect that the existing practice of leasing out the right to collect seeds and leaves to one and the same person at Rs. 1-12-0 for 100 trees, preference being shown to the local raiyats. (No. R. 7588-96—L. R. 434-14-4, dated 19th January 1917.)
Do ...	94	Grant of unplanted State Forest for cultivation	Government agree with the Conservator of Forests that plantations should not be granted for cultivation and consider that as a matter of general policy all the plantations should be strictly reserved and even extended for the adequate and full supply required by the State; and request him to submit a list of plantations stated by him to be under the control neither of the Forest nor of the Revenue Departments. (R. 8381-9—Ft. 141-14-1, dated 8th February 1917.)

Do	...	124	Four per cent investments for charitable purposes	Directs that the minimum of Rs. 3,000 fixed for charitable deposits be reduced to Rs. 1,000 temporarily for three years in the first instance and calls for a report from the Comptroller and the Muzrai Superintendent by August 1919 as to the effects of the above reduction and the desirability of making it permanent. (Fl. 2684-93—G. F. 124-16-1, dated 30th November 1916.)
Do	...	153 ...	Measures to foster and stimulate Local-Self Govt.	In paragraphs 7 and 16 (1) of G. O. No. 3005-55—Ml. 132-16-1, dated 16th November 1916, it has been stated that there should be an elected majority in all rural Boards and that the proportion of the elected element should be not less than two-thirds in District Boards and half in the case of Taluk Boards.
Do	...	154 ...	The utilization of 75 per cent of Local Funds for works of improvement in the same taluk.	In para 16 (3) of G. O. Do	...	189 and (No. 729-13)	Housing the poor in Mysore City ...	The Trust Board have made due provision for the grant of loans to house builders in accordance with the rules published in Government Notification Nos. 3738-71-5—Ml. and 3850—Ml. 292-10-3, dated 3rd November 1904 and 20th November 1911, respectively and sanction has also been accorded to the construction of 56 model houses varying in cost from Rs. 786 to Rs. 1,700 for sale to the public under certain conditions to be prescribed later on. (No. 6856-7—Ml. 426-13-3, dated 28th April 1917.)
Do	...	245 ...	Reduction of Hulbanni in the State Forests in Shikarpur taluk.	Records correspondence ending with letter No. 11364, dated 14th April 1917, from the Conservator of Forests in Mysore, stating that the grazing fees have not been enhanced, that the villages mentioned in Notification No. R. 8047—Ft. 133-11-6, dated 18th March 1915 are entitled to certain concessions in the said forests and that for the reasons set forth in the Shimoga Forest Committee's report, he is not disposed to recommend the reduction of the existing rates or the extension of the concessions to the whole taluk. (No. R. 11403-4—Ft. 168-12-19, dated 19th May 1917.)
1913	...	54 ...	Police Reports	Government are of opinion that as regards the cases which the Police themselves take up, the Superintendent of Police may himself fix a time for the submission of final reports and extend it if necessary, informing the magistrate of the same from time to time. As regards the submission of "C" reports, Government agree with the Chief Court and direct that the Superintendent of Police be given discretion in all cases to order the submission of such reports any time after one year from the date of registering a complaint. (G. O. No. J. 1638-47—Police 197-15-4, dated 6th November 1916.)
Do	...	223 and 264 ...	Poor houses for beggars	Government consider that fresh legislation on the subject is not necessary and that the District Magistrates may propose the extension of clause (a) of section 56 of the Mysore Police Regulation of 1908 whenever necessary and thus bring street begging under control. (G. O. No. J. 2194-202—Legis. 53-14-2, dated 20th December 1916.)
Do	...	504	Transfer of Pattas	Draws the attention of the member who mooted the subject to paragraph 311 x c, of G. O. No. R. 6185 233—L. R. 641-13-14, dated 16th December 1916, which confers additional powers on Amildars to order the transfer of registry under sections 67, 68, and 69 of L. R. C. (G. O. No. R. 9050-1—L. Records correspondence ending with letter No. 6197—223, dated 24th August 1917, from the Inspector-General of Education, stating that all aided schools have committees composed of the prominent members of the places in which the schools are located. (No. 2903-4—Edn. 492-13-4, dated 14th September 1917.)
Do ...	576	Irregularity in village schools	Records correspondence ending with letter No. 19511—754, dated 19th February 1917, from the Inspector-General of Education in Mysore, stating that after the recent sanction of twenty Educational Supervisors the defects pointed out in the representation will be gradually removed and states that the scale of pay of teachers of village schools was also revised so as to allow a regular flow of promotion to them. (No. 8084-5—Edn. 494-13-3, dated 3rd April 1917)
Do ...	598	Construction of a building near Hostels for the treatment of boarders suffering from epidemic diseases, etc.	Provision has already been made in the estimates sanctioned for the University Buildings at Mysore for the construction of sick rooms in the Maharaja's College Students' Home. Sanction has been given for the construction of sick rooms for the Students' Homes of the Central College and the Tumkur Collegiate High School at a cost not exceeding Rs 5,000 and 2,500 respectively. (G O No 2291-5—Edn. 507-13-13, dated 30th August 1917.)
Do ...	782	Conversion of the Hindustani school at Tarikere into an Anglo-Hindustani School.	Records correspondence ending with letter No 21879—876, dated 16th March 1917, from the Inspector-General of Education in Mysore, stating that an English teacher having been sanctioned for the school with effect from 12th June 1915 the school has practically become an Anglo-Hindustani School (G. O No. 8398-9—Edn. 379-12-7, dated 18th April 1917.)
Do ...	807	Sidlaghatta Town Police ...	As regards the increase to the Police Force, orders have already been passed in G. O. No. J. 1085-94—Police 256-12-5, dated 25th September 1913, on the proposal submitted by the Inspector-General of Police. As regards the transfer of the Police Station to the new Taluk Cutcheri building, the question may be deferred pending the construction of a town Police Station. (No. J. 2553-54—Pol 275-13-5, dated 19th January 1917.)
Do ...	811 and 812	A School building for Kadaba ...	Records correspondence ending with letter No. 3164—134, dated 1st August 1917 from the Inspector-General of Education in Mysore stating that the Wesleyan Mission authorities have since closed the school and that the Government grant-in-aid to the school was discontinued from 1st August 1917 and that the question may therefore be dropped. (G. O. No. 2417-8—Edn. 539-13-12, dated 3rd September 1917.)

[illegible]	...	[illegible]	Encroachment of tank beds and clandestine disposal of the fields included therein for cultivation purposes.	Records correspondence ending with letter No. A. C. 578, dated 1st February 1917, from the Revenue Commissioner in Mysore, reporting that the Deputy Commissioner, Tumkur District, states that such cases are generally brought on *takrar* tahktas and disposed of during Huzur Jamabandi. (No. R. 8757-8—L. R. 566-12-4, dated 19th February 1917.)
1911	...	97	Execution through Government agency of the annual repairs and maintenance work to tanks and channels in general and in particular to the Malvalli, Marehalli and Bannur tanks in Mysore District.	(1) The transfer of the work of maintenance of the Malvalli and Marehalli Dodkere tanks in the Shimsha basin to the Public Works Department and the levy of acreage cess of Re. 0-8-0 have been sanctioned in G. O. No. R. 5533-5—R. M. 238-04-13, dated 22nd December 1914. (2) As regards the Bannur tank in the T.-Narsipur Taluk, it is reported that out of 1,076 khatedars only 488 inclusive of 196 representatives of absentee land-lords are agreeable to the levy of the cess. Government are therefore not inclined to approve of the proposal to transfer the maintenance of this tank to the Public Works Department and the existing orders should be strictly enforced and repairs executed at an early date. (No. R. 10473-4—L. R. 531-11-4, dated 20th April 1917.
Do	...	392	Extension of the Anglo-Vernacular School at Hole-Narsipur.	Records correspondence ending with letter No. 21502-3—868, dated 10th March 1917, from the Inspector-General of Education, stating that Government in the Public Works Department have since sanctioned an estimate amounting to Rs. 13,070 for the construction of a separate building for the Anglo-Vernacular School and that there is no necessity for extending the present building. (No. 8360-1—Edn. 368-11, dated 17th April 1917.)
1909	...	359	Repairs to the Jain Basti at Halebid ...	Records correspondence ending with letter No. 86—S, dated 30th November 1916, from the Deputy Commissioner, Hassan District, reporting that the temple building is maintained by the Public Works Department. (No. 2109—Muz. 744-09-3, dated 26th February 1917.)
1908	...	361	Execution of certain repairs to the Silavanthanakoppa tank in the Shikarpur Taluk.	Government are not prepared to sanction the compulsory levy of the cess. The necessary improvements to the tank and the channels should be carried out by the raiyats themselves and their obligation under the Tank Maintenance Rules rigidly enforced. (G. O. No. R. 10350-1—L. R. 238-08-13, dated 12th April 1917.)
1903	...	332	Opening of another road from Channarayapatna to Hole-Narsipur on the left bank of the Hemavati.	Two alternative estimates, one amounting to Rs. 40,690 and the other to Rs. 54,175, have been submitted for the road work. Government have accepted the smaller of the two estimates. Half the estimated cost of the work will be borne by Government. The District Board should not only meet the other half but also take the entire responsibility for its maintenance. (G. O. No. 1116-21—P. W. 5850-5, dated 8th June 1917.)

Special Committees of the Representative Assembly to investigate Selected Subjects of General Importance.

No. G. 122-71, DATED CAMP MYSORE, 4TH NOVEMBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 122-71, dated Camp Mysore, 4th November 1917.

With a view to ensure a thorough investigation of certain selected subjects of general importance, Government are pleased to refer them to Special Committees of the Representative Assembly.

2. The subjects chosen for consideration, the names of the Members of the Committees and of the respective conveners are detailed in the statement appended to this order.

3. The Committees may meet either at Bangalore or Mysore according to the convenience of the majority of the Members working on each Committee. The conveners are expected to assume full responsibility for taking all necessary action to secure a thorough investigation of each subject and to submit definite recommendations to Government not later than the 1st March 1918.

4. With regard to subjects 2 and 5 which involve questions of a technical nature, an officer of Government will be associated with the Committees to render such help as may be necessary for the proper investigation of those subjects. The Chief Engineer is requested to depute suitable officers for the purpose. Government will also be glad to place at the disposal of all the Committees any information required by them which is not of a confidential character.

Read—

Government Order No. 1522-3—Edn. 37-14-1, dated 8th August 1914, passing orders in the matter of affording facilities to undergo training under the system of International Correspondence.

2. Correspondence ending with letter No. 257—28, dated 7th July 1917, from the Inspector-General of Education in Mysore, submitting a scheme for the training of thirty persons, official and non-official, at a cost of Rs. 8,000 under the system of International Correspondence.

Order No. 4682-94—Edn. 9-16-70, dated 16th November 1917.

The subjects selected for training during the year 1917-18, the number of persons to be trained in each subject and the cost to be incurred, are as detailed in the statement appended. Advances made by Government in this behalf are to be made repayable in 50 monthly instalments, satisfactory security being taken from non-officials. The Inspector-General also proposes that as regards the general educational qualifications that should be insisted on, the School Final standard may be considered sufficient in the case of candidates taking up subjects Nos. 1 to 5, 7 to 9 and 13, the University Entrance or the Madras Intermediate standard being considered enough in the case of candidates taking up subjects Nos. 6, 10 to 12 and 14 in the statement appended. Half-yearly reports are to be obtained from the General Manager, International Correspondence Schools, Bombay, to watch the progress of the candidates.

2. These recommendations are sanctioned for one complete course. Whenever the progress of any candidate is not satisfactory, the whole of the amount paid by the Government should be recovered from him, and if the student pursues his course diligently and passes the final examination and obtains a diploma, half of the fee paid for the training will be granted as a bonus.

3. The Inspector-General of Education is requested to state the duration of the course of training in the case of each subject now proposed for training.

4. For selecting candidates for training under this scheme, applications should be invited by publishing a notification in the Gazette and the final selection should be made by a Committee consisting of the marginally noted officers. The final recommendations of the Committee should be submitted to Government not later than 15th December 1917.

1. The Inspector-General of Education, Chairman.
2. The Chief Electrical Engineer.
3. The Director of Agriculture.
4. The Secretary to the Economic Conference.
5. The Principal, Engineering College.
6. The Director of Industries and Commerce.

5. The necessary cost during 1917-18 will be met from savings under foreign scholarships.

6. The Inspector-General of Education is requested to report before the end of the year as to how the scheme has worked.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 13534-598, dated the 9th February 1915, from the Inspector-General of Education in Mysore, submitting proposals regarding the reorganisation of the Oriental Library in Mysore.

(Printed as annexure.)

Correspondence ending with letter No. 2889, dated the 7th February 1917, from the Registrar, Mysore University, submitting the opinion of the University Council on the subject.

Order No. 4566-8—Edn. 69-14-4, dated 10th November 1917.

The proposals submitted by the Inspector-General of Education, involve a total average cost of Rs. 1,595 2/3 a month, of which the permanent establishment costs Rs. 1,515 2/3 and the temporary establishment Rs. 80 per mensem as against the present average cost of Rs. 1,362 13/18 a month. The University Council whose opinion was invited on the proposals of the Inspector-General of Education arrived at the following resolutions:—

1. That the Oriental Library should be attached to the University.
2. That it should be maintained as a separate unit and the work of collecting, editing and publishing the old manuscripts should be steadily proceeded with.
3. That the management should be entrusted to a Committee of five members appointed therefor by the University Council.
4. That a competent Curator with an aptitude for and preferably practised in Research Work should be appointed in immediate charge of the Library.
5. That the scale proposed by the Inspector-General of Education be sanctioned except—
   (*a*) stipends for 8 students in the Pandits' classes at Rs. 12 each,
   (*b*) the proposal to transfer the Pandits' classes from the training college with the following consequent establishment:—

	Rs.
One Senior Sanskrit Pandit on	45—3—60
One Senior Kannada Pandit	30—3—45
Substitutes for teachers under training ...	10 each

2. Government are pleased to sanction the proposals of the University Council with effect from 1st January 1918. Necessary provision has been made in the budget of 1917-18. Proposals for the appointment of the Committee of management and of the necessary staff should be submitted by the University Council as early as possible for the Orders of Government.

ANNEXURE.

No. 13534-598, dated Bangalore, 9th February 1915, from Rao Bahadur M. Shama, Rao, Esq., M.A., Inspector-General of Education in Mysore, to C. S. Balasundaram Iyer, Esq., B.A., Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Education and Agriculture, Bangalore.

With reference to your D. O. letter No. 1606—Edn. 68-14, dated 27th November 1914, in the matter of utilising the services of Mr. A. Mahadeva Sastri, Curator of the Oriental Library in the direction of placing Sanskrit Education on a more modern basis, I have the honour to submit herewith for the information of Government copies of letters dated 5th and 21st December 1914, from Mr. Mahadeva Sastri furnishing information about the nature of the work done by him, the distribution of work between him and the other Pandits of the Library and submitting also a programme of publication work for the next three years (1915, 1916 and 1917).

2. In this connection it seems to me that a thorough change in the working of the Library is quite essential in the interests of Sanskrit and Kannada Literature. There is at present no proper distribution of work among the members of the staff, the four sections in the proposition statement under the present scale being only shown for the sake of contrast and comparison. The absence of a clear definition of duties between the literary and clerical sections has somewhat led to a waste of expert energy, the services of persons qualified for higher work being often utilized for duties of a routine nature. This defect requires to be remedied. Periodical forecasts of work must be insisted upon and yearly programmes, such as will keep the staff fully occupied should be drawn up before the beginning of each official year. These programmes should contain particulars of the books to be published and the tours to be undertaken for the discovery of manuscripts. In the case of the books to be published, the necessity or the desirability for their publication, the probable duration and the cost of the publication and other particulars should be given. Then again the Oriental Library is practically the only Public Library for conserving valuable Kannada works. It is therefore necessary that a graduate who has specialized in Kannada and has an aptitude for literary work should be added to the staff. It is also necessary to encourage advanced studies in Sanskrit and Kannada as well as Research work. Another step that may be taken with advantage is the appointment of a small Committee of scholars for purposes of consultation in selecting works for publication, in purchasing manuscripts and printed works and generally in all literary undertaking in connection with the Library. The duties of such a Committee have to be clearly defined, all matters, however of internal management being left to the Head of the Library, for the time being, who will be responsible to the Department for the efficiency of the institution in all its Departments. With these objects in view, it is proposed to organize the Library into 4 separate Departments or sections dealing with distinct functions :—

I. The Office.

This will consist of an officer with an allowance of Rs. 100 a month, as per Government Order No. 11064—Edn. 88-13-4, dated 6th May 1914, a clerk on Rs. 40 and 5 servants 1 on Rs. 8, 3 on Rs. 7 each and 1 on Rs. 6. The provision for furniture and office expenses is to be Rs. 25 and Rs. 15 a month respectively. All correspondence and accounts will be attended to in this section. The total cost of this section will be Rs. 215 a month.

II. The Manuscripts and Publication Department.

This Department aims at the conservation of rare and valuable manuscripts and as such, it is the most important section of the Oriental Library. The work to be done in this section is of a three-fold nature.

(*a*) *The collection of manuscripts.*—A more systematic search than has been made hitherto should be instituted for the collection of rare and valuable manuscripts in the State. There is a large number of private libraries in the State and the prejudice against disclosing the existence of rare manuscripts has considerably worn down. Consequently a systematic search is sure to result in the discovery of much valuable material for critical investigation. In the Madras Presidency for instance, new manuscripts are still being found out, although the field is being exploited for over a century. The manuscripts sought need not all be of unprinted works; manuscripts of even printed works will be valuable for restoring old texts based upon defective manuscripts.

(*b*) *Proper cataloguing of collected manuscripts.*—Many valuable manuscripts have been already collected and a fresh search is certain to result in the acquisition of more. A list of these merely giving their names serves no practical purpose. If they are to be really serviceable to scholars engaged in advanced study or research work, a descriptive catalogue

ANNEXURE.

No. 13534-598, dated Bangalore, 9th February 1915, from Rao Bahadur M. Shama, Rao, Esq., M.A., Inspector-General of Education in Mysore, to C. S. Balasundaram Iyer, Esq., B.A., Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Education and Agriculture, Bangalore.

With reference to your D. O. letter No. 1606--Edn. 68-14, dated 27th November 1914, in the matter of utilising the services of Mr. A. Mahadeva Sastri, Curator of the Oriental Library in the direction of placing Sanskrit Education on a more modern basis, I have the honour to submit herewith for the information of Government copies of letters dated 5th and 21st December 1914, from Mr. Mahadeva Sastri furnishing information about the nature of the work done by him, the distribution of work between him and the other Pandits of the Library and submitting also a programme of publication work for the next three years (1915, 1916 and 1917).

2. In this connection it seems to me that a thorough change in the working of the Library is quite essential in the interests of Sanskrit and Kannada Literature. There is at present no proper distribution of work among the members of the staff, the four sections in the proposition statement under the present scale being only shown for the sake of contrast and comparison. The absence of a clear definition of duties between the literary and clerical sections has somewhat led to a waste of expert energy, the services of persons qualified for higher work being often utilized for duties of a routine nature. This defect requires to be remedied. Periodical forecasts of work must be insisted upon and yearly programmes, such as will keep the staff fully occupied should be drawn up before the beginning of each official year. These programmes should contain particulars of the books to be published and the tours to be undertaken for the discovery of manuscripts. In the case of the books to be published, the necessity or the desirability for their publication, the probable duration and the cost of the publication and other particulars should be given. Then again the Oriental Library is practically the only Public Library for conserving valuable Kannada works. It is therefore necessary that a graduate who has specialized in Kannada and has an aptitude for literary work should be added to the staff. It is also necessary to encourage advanced studies in Sanskrit and Kannada as well as Research work. Another step that may be taken with advantage is the appointment of a small Committee of scholars for purposes of consultation in selecting works for publication, in purchasing manuscripts and printed works and generally in all literary undertaking in connection with the Library. The duties of such a Committee have to be clearly defined, all matters, however of internal management being left to the Head of the Library, for the time being, who will be responsible to the Department for the efficiency of the institution in all its Departments. With these objects in view, it is proposed to organize the Library into 4 separate Departments or sections dealing with distinct functions :—

I. The Office.

This will consist of an officer with an allowance of Rs. 100 a month, as per Government Order No. 11064—Edn. 88-13-4, dated 6th May 1914, a clerk on Rs. 40 and 5 servants 1 on Rs. 8, 3 on Rs. 7 each and 1 on Rs. 6. The provision for furniture and office expenses is to be Rs. 25 and Rs. 15 a month respectively. All correspondence and accounts will be attended to in this section. The total cost of this section will be Rs. 215 a month.

II. The Manuscripts and Publication Department.

This Department aims at the conservation of rare and valuable manuscripts and as such, it is the most important section of the Oriental Library. The work to be done in this section is of a three-fold nature.

(*a*) *The collection of manuscripts.*—A more systematic search than has been made hitherto should be instituted for the collection of rare and valuable manuscripts in the State. There is a large number of private libraries in the State and the prejudice against disclosing the existence of rare manuscripts has considerably worn down. Consequently a systematic search is sure to result in the discovery of much valuable material for critical investigation. In the Madras Presidency for instance, new manuscripts are still being found out, although the field is being exploited for over a century. The manuscripts sought need not all be of unprinted works; manuscripts of even printed works will be valuable for restoring old texts based upon defective manuscripts.

(*b*) *Proper cataloguing of collected manuscripts.*—Many valuable manuscripts have been already collected and a fresh search is certain to result in the acquisition of more. A list of these merely giving their names serves no practical purpose. If they are to be really serviceable to scholars engaged in advanced study or research work, a descriptive catalogue

or "Catalogue raisonne" as it is termed should be compiled, as in the case of the various manuscripts libraries of Europe and some of India. Such a catalogue requires time, labour and expense, but has to be published if the collection is not to lose its value.

(c) *Publication of works.*—Only such works should be selected for publication as are hitherto not printed and are likely to interest Oriental Scholars. The publications must include such introductions, annotations, indexes, etc., as will make the published works really useful to those that may consult them. The services of scholars outside the Library may, if necessary, be utilized for bringing out such useful and critical editions of important works. The following establishment will be needed for this section :—

1. A graduate that has specialized in Kannada (a Kannada M.A. or B.A.) on Rs. 75—10—125.
2. Two resident Pandits on Rs 75—5—100 each to assist in the publication of rare Sanskrit and Kannada works (one proficient in Sanskrit and the other in Kannada).
3. Two Travelling Pandits on Rs. 50—5—70 to assist in the collection of manuscripts (one proficient in Sanskrit and the other in Kannada).
4. Two Temporary Pandits on Rs 40 each to assist in the preparation of the Descriptive Catalogue (one proficient in Sanskrit and the other in Kannada). These are to be provisionally entertained till the collected manuscripts are catalogued.
5. Two Proof-readers for Sanskrit and Kannada on Rs. 35 each.
6. Two Copyists for Sanskrit and Kannada on Rs. 30 each.
7. One Pandit Librarian to be in charge of manuscripts on Rs. 30.
8. Two peons for travelling pandits at Rs. 7 each.
9. Two literate attenders on Rs. 10 each.
10. Travelling allowance Rs. 400 (Annual).
11. Purchase of Sanskrit and Kannada Manuscripts Rs. 1,500 (Annual).
12. For purchasing Printing Paper and Types Rs. 2,000 (Annual).

The total average cost of this section will be Rs. 937½ a month.

III. Printed Works Department

This Department of the Oriental Library should serve as a well equipped library of reference for the Library staff as well as for other scholars engaged in original research and in the study of oriental subjects. It must include as far as possible :—

1. All printed editions of original works in Sanskrit and Kannada;
2. All literature in the form of books, reports or magazine articles bearing upon Oriental scholarship; and
3. A reading room supplied with European, American and Indian Journals dealing with Oriental studies.

This Department must always be up-to-date and kept continually enlarged. Lists of additions to the library made from time to time should be announced to the public through notices posted in a prominent place in the Reading Room.

The establishment, etc., needed for this section is as follows :—

One Librarian	...	...	on Rs. 50—5—70
2 Literate attenders on Rs. 10 each		...	„ 20
Purchase of printed books	...	...	„ 1,000 (Annual)
Binding charges	...	...	„ 200 „
Total average cost	...	...	„ 183 5/9 a month.

IV.—*Encouragement of advanced study of Sanskrit and Kannada Research.*

(a) For the encouragement of advanced studies in Sanskrit and Kannada, it is proposed to transfer the Pandits' Class from the Training College to the Oriental Library, where there are special facilities for imparting instruction of the required standard. No additional staff will be necessary for this class. The two Pandits of the Training College now engaged in teaching the Pandits' Class, *viz.*, one Senior Sanskrit Pandit on Rs. 45—3—60, and one Senior Kannada Pandit on Rs. 30—3—45 may be transferred to the Oriental Library along with the provision made for the allowances to substitutes for the teachers under training, *viz.*, 8 at Rs. 10 a month. If this proposal is approved, the course of instruction will be modified somewhat and in addition to Sanskrit and Kannada now taught, subjects like Indian History, Epigraphy, Comparative Grammar and Philology will be appropriately introduced. A single class of eight students may take the place of the two classes as existing at present. The students selected for this class may, as hitherto, draw stipends and appear for a Public Examination.

No. 4566-8—Edn. 69-14-4, dated 10th November 1917.

(*b*) *Research studentships* —It is also desirable to institute a few Research studentships in order to encourage young men to do research work These studentships may ordinarily be awarded to graduates who have specialized in Sanskrit or Kannada. Those that have passed the Sanskrit Vidwath or the Kannada Pandits' Examination may also at times be appointed to these studentships, if suitable candidates are forthcoming The students may be allowed to select their own line of study and pursue it under the supervision of the Library authorities. They may be required to work with either of the following subjects .—

(1) To study from a comparative or historical point of view a particular subject of Sanskrit or Kannada Language or Literature and embody the result of their investigation in a thesis

(2) To prepare for the press, after due collation and scrutiny, a selected and hitherto unprinted Sanskrit or Kannada work calculated to aid Oriental study.

The period of study may be fixed at two years and the students required to bind themselves to devote their full attention to the work they have selected, and if required, to teach the Kannada Pandits' Class for short periods A beginning may be made with two such studentships, one for Sanskrit and the other for Kannada, the total award for each student for the two years being fixed at Rs. 1,000 Of this sum, Rs 800 may be paid in quarterly instalments of Rs 100 each, if approved work has been done, and the balance of Rs 200 may be paid after the completion of the work undertaken Similar studentships instituted by the Madras University carry monthly salaries of Rs 75 each. The cost of this section will be as follows .—

Stipends for 8 students in the Pandits' Class at Rs 12 a month
Two research studentships for Sanskrit and Kannada, Rs 1,000 a year
Total average cost, Rs 179$\frac{1}{3}$ a month

It is desirable that an Oriental Library should also contain an Arabic, Persian and Urdu Section The opening of this section, however, may be postponed for future consideration.

3. *Financial aspect of the scheme* —The total average cost of the proposed re-organization amounts to Rs 1,595$\frac{5}{9}$ a month, of which Rs 1,515$\frac{4}{9}$ is the cost of the permanent establishment and Rs. 80 of the temporary establishment needed. The total average cost of the present establishment of the Library is Rs 1,362$\frac{1}{18}$ a month To this should be added the provision of Rs 175 a month that will be transferred from the Training College on account of the removal of the Pandits' Classes Thus the total sum available to meet the cost of the proposed scheme is Rs 1,537$\frac{1}{18}$ a month The extra cost required comes to Rs. 57$\frac{17}{18}$ a month or Rs 695$\frac{4}{9}$ a year If the temporary establishment is left out of calculation, as it will be entertained only for a few years till the collected manuscripts are catalogued, the revision will result in a net saving of Rs 22$\frac{1}{18}$ a month or Rs 264$\frac{4}{9}$ a year A proposition statement showing the present and the proposed scales in detail is herewith submitted for favour of perusal.

4 The present Curator, Mr. A Mahadeva Sastri, will reach his 55th year of age on the 26th of June 1916, and the Government may be pleased to order his retirement from 1st July 1916. In my opinion, however, the re-organization now proposed should be given effect to from the beginning of July 1915, the extra cost of Rs 4,200 a year on account of the excess pay of Rs 350 per month due to Mr Mahadeva Sastri till his retirement being treated as a special grant.

Letter dated 5th December 1914, from Mr Mahadeva Sastri, to the Inspector-General of Education in Mysore.

I am in receipt of your D. O. No. 670, dated 4th instant, and in reply I beg to state as follows —

I am now personally editing Gautama-Dharma-Sutra and Taittiriya-Brahmana, II-Ashtaka, and have just taken up the elaboration of the Descriptive Catalogue of Manuscripts. To this must be added detailed supervision of the work of the whole establishment.

There is no authorised distribution of work between me and the Pandits of the Library. No such sharp and definite division has hitherto been made. I have all along been personally editing the Taittiriya-Yajurveda with Bhattabhaskara's Commentary and some such other works as Apastamba-Dharma-Sutra, while I have a share more or less in every piece of work done in the Library, by way of detailed direction and examination

Last year I edited and passed through the press a part of Gautama-Sutra and revised the edition of Smriti-Chandrika then passing through the press. This year I will finish editing Gautama-Dharmasutra and continue Taittiriya-Brahmana (II Ashtaka) as far as the manuscripts go, and may do two or three sections of the Descriptive Catalogue of Manuscripts. This is the section of the Library's work in which I bear the brunt, while more than half my time and energy is taken up with the remaining portion of the Library's work.

No. 4566-8—Edn. 69-14-4, dated 10th November 1917.

Letter dated 21st December 1914, from Mr. A. Mahadeva Sastri, to the Inspector-General of Education in Mysore.

I beg to submit herewith the memo you have asked for on the Oriental Library's publication work. It is arranged that all the works now on hand will be completed in three years from this date. I have had to discuss at some length with the Pandits concerned as to how it can be done. Hence the time taken.

Memo on Publication Work.

1. The amount of the publishing work shown in the enclosed statement is calculated on the basis of the maximum amount of time that can be devoted to it by the staff, after making due allowances for the many items of the office routine work devolving on all the members of the staff, though more on some and less on others.

2 If the editing and printing of the Brahma Sutras with Dvaita Commentaries and of Kannada Mahabharata should be completed in three years, the establishment requires strengthening by the addition of one Sanskrit and one Kannada Assistant Pandit to assist in the work of collation and proof-reading and also of two attenders who will relieve the two existing copyists of the work of conserving manuscripts and so make them available for copying and collating purposes solely. For a safe preservation of manuscripts especially of the palm-leaf manuscripts the services of two full time attenders are found very necessary.

3. The printing work shown above comes to about 56 pages a week in Sanskrit and 16 pages in Kannada. To cope with this Sanskrit printing work, the Branch Press may require some strengthening by addition of more Devanagari compositors.

Programme of publication for the next three years (1915, 1916, 1917).

Read—

Government Order No. 3826-8—Edn. 359-12, dated 23rd September 1913, sanctioning the loan of the services of an Overseer from the Public Works Department to the Education Department for a period of one year, and the appointment of two menials for him.

2. Government Order No 8010-2—Edn 208-13, dated 20th February 1914, directing that a provision of one lakh of rupees in the State Funds and a provision of Rs. 50,000 in the village school fund budgets should be made for the construction of village school buildings

3. Government Order No 317-13—Edn 12-14-35, dated 18th September 1914, sanctioning the continuance of the establishment referred to in the Government Order dated 23rd September 1913 read above, for a further period of two years

4. Government Order No 406-8—Edn 208-13, dated 23rd September 1914, providing an amount of two lakhs of rupees in the Public Works Budget annually for a period of six years from 1914-15, for the construction of buildings for colleges and schools other than village schools.

5. Government Order No 4715-8—Edn 72-14-6, dated 7th May 1915, sanctioning a programme for the construction of educational buildings during five years from 1914-15.

6. Government Order No. 4943-55—Edn 32-14-10, dated 21st May 1915, authorizing the Inspector-General of Education among other things to sanction grants for school buildings not exceeding Rs. 500 in each case, and the construction of original school buildings not exceeding Rs. 1,000 in cost

7. Government Order No 2700-10—Edn 27-15-13, dated 10th December 1915, directing the disbursement of building grants to educational institutions without the usual certificate of the Public Works Department when the Government grant does not exceed Rs. 1,000.

8. Government Order No. 4104-6—Edn. 71-15-2, dated 16th February 1916, increasing the pay of the Overseer attached to the Education Department from Rs. 60 to Rs. 80, and sanctioning the appointment of a draftsman on Rs 35 for one year to assist the Overseer.

9. Government Order No. 2822-4—Edn. 53-16-2, dated 21st October 1916, extending the services of the Overseer, the draftsman and two orderlies in the Education Department for another year till 31st October 1917.

10. Government Order No. 10120-3—Edn. 74-16-26, dated 12th June 1917, setting apart a sum of Rs. 20,000 annually from the provision of two lakhs in the Public Works Budget referred to in the Government Order dated 23rd September 1914 read above, for utilization by the Inspector-General of Education for constructing small educational buildings whenever necessary and for carrying out improvements and alterations which several of the existing buildings are in need of.

Order No. 4920-34—Edn. 74-16-32, dated 23rd November 1917.

With a view to facilitate reference to the several orders passed from time to time, regarding the construction, maintenance and repairs of educational buildings and consolidate them, the orders are enumerated in full in the preamble and printed as an appendix to this order.

No. 4920-34—Edn. 74-16-32, dated 23rd November 1917.

2. The procedure to be followed in regard to the construction, improvement, maintenance and repairs of educational buildings will be as follows:—

(i) All major repairs of educational buildings at district and taluk headquarters costing more than Rs. 250, and all original works at district and taluk headquarters costing more than Rs. 1,000 will be carried out by the Public Works Department in consultation with the Inspector-General of Education. Original and repair works below these limits will be carried out by the local educational officers concerned, or the Overseer attached to the Education Department under the orders of the Inspector-General of Education. A sum of Rs. 20,000 has been placed at the disposal of the Inspector-General of Education in the Government Order dated 12th June 1917 read above, for constructing small buildings and for altering or improving other buildings.

In the case of repairs to University Buildings these will be arranged for by the University Council through the Public Works Department.

In regard to other buildings not connected with the University at the district and taluk headquarters, the Circle Inspectors should submit annual reports to the Inspector-General of Education regarding the condition of the several buildings who will sanction the execution of works within his own authority and arrange for the works exceeding the limits through the Public Works Department.

(ii) All school buildings constructed entirely at the cost of State or Village School Funds or from such funds supplemented by private contributions and belonging to or transferred to Government shall be under the management of the Education Department. In the case of all aided schools, the buildings should be provided by those interested in them, grants-in-aid being given whenever necessary under the rules. In the case of buildings for Government Schools in rural areas, a part of the cost will continue to be paid wherever possible by the people as contribution.

(iii) Building grants to educational institutions should be disbursed only after the following conditions are fulfilled:—

When the cost of the buildings does not exceed Rs. 1,000, the amount may be disbursed wholly when the building is completed or in instalments as the building approaches completion to the satisfaction of the Inspector-General or the Deputy Commissioner of the District concerned, as certified to by the District Inspector or the Taluk Amildar. When the cost of the building exceeds Rs. 1,000, a certificate from the District Maramat Engineer or an Officer of the Public Works Department not lower in rank than a Sub-Assistant Engineer or Supervisor should be obtained before ordering payment.

(iv) The District Inspectors should be responsible for the proper up-keep of all village school buildings, all petty repairs the cost of which does not exceed Rs. 250 being carried out with the help of the Amildar, the advice of the local Public Works Department Officer being taken when necessary.

(v) The services of the Overseer attached to the Education Department should also be utilized in supervising the works wherever possible and in checking the completion reports, etc., received in the Office of the Inspector-General and in keeping a complete up-to-date register showing how many buildings were constructed, how many were repaired, and at what cost. The register should also contain up-to-date information regarding the expenditure incurred out of the provisions for buildings separately for village schools and for other schools. Half-yearly statements showing the expenditure incurred should be submitted to Government for information.

3. With a view further to ensure the construction of buildings in their relative order of importance, according to definite programmes, Government have issued instructions regarding the preparation of five yearly programmes and have also stated that the Chief Engineer and Inspector-General of Education should, before the commencement of each year, decide the order in which the various buildings for which funds will be provided during the year, will be carried out so

that the provision may be properly and fully utilized. Government trust that with the definite rules of procedure laid down above in regard to educational buildings, it will be possible to meet the growing demand for additional and improved accommodation in a satisfactory manner.

Letter No. 12619—702, dated the 2nd May 1913, from the Inspector-General of Education in Mysore, recommending under the circumstances stated that the services of an Overseer from the Public Works Department may be placed at disposal of the Education Department for a period of one year to give proper advice to villagers in constructing school buildings.

Order No. 3826-8—Edn. 359-12-2, dated 23rd September 1913.

Government are pleased to sanction the loan of the services of an Overseer from the Public Works Department to the Education Department for a period of one year. During his employment in the Education Department, the Overseer will be given his own pay in the Public Works Department with an allowance of Rs. 10 per mensem and travelling allowances at the rates allowed to Assistant Deputy Inspectors of Schools. He will also be given two orderlies at Rs. 8 each per mensem, the cost required, *viz.*, Rs. 126 per mensem as shown below will during the current year be met from the sanctioned grants in the Education State Fund budget:—

Overseer on pay between Rs. 60 and Rs. 100			Rs. 100 per mensem.
Allowance	...	...	,, 10 ,,
Two orderlies at Rs. 8 each	...	...	,, 16 ,,
			Rs. 126 per mensem.

The Chief Engineer is requested to place the services of an experienced Overseer at the disposal of the Education Department. As it is however feared that one Overseer will not be able to do much for the whole State, the Inspector-General of Education should, in consultation with the Chief Engineer, make suitable arrangements, so that the services of the local Public Works Sub-Division Officers might also be enlisted, wherever possible. Government consider that much useful work can be done in this way.

Letter No. 10409—572, dated the 12th March 1913, from the Inspector-General of Education in Mysore, stating that in accordance with Government Order No. 5145-7—Edn. 184-12-2, dated the 18th January 1913, arrangements have been made for the construction of the village school buildings mentioned in the lists submitted by him and that the whole grant of rupees one lakh and a half sanctioned by Government is expected to be worked out by the end of the current official year and recommending that a fresh allotment of rupees one lakh and a half may be made in the next year's budget for village school buildings.

Order No. 9182-3—Edn. 300-12-2, dated 20th May 1913.

A special grant of one and a half lakhs of rupees will be sanctioned for village school buildings during 1913-14, of which one lakh will be paid from the State Revenues and Rs. 50,000 from the Village School Fund. The necessary provisions will be included in the Education State Fund Budget and Village School Fund Budget for 1913-14.

No. 4920-34—Edn. 74-16-32, dated 23rd November 1917.

2. The Inspector-General states that in the selection of schools for new buildings only such of them will be selected as have generally been in existence for upwards of ten years and as are situated in villages having a population of thousand and upwards. He adds that in the case of new schools and also old ones in villages having a population of less than a thousand, the villagers will be asked to provide buildings of the type designs but constructed of cheaper materials and that private donors will be induced to make liberal contributions towards the cost of such buildings. The Government agree with these views of the Inspector-General to revise the method of providing buildings for village schools and not to repeat the usual system of constructing buildings at the standard type designs at a uniform cost without regard to local circumstances and requirements.

	1914-15.	
1	Constructing new High School building at Mysore.	.....
2	Anglo-Vernacular School, Goribidnur ...	The school is located in a rented building. The construction of a new building is absolutely necessary.
3	Do Dodballapur	The present Anglo-Vernacular School building is insufficient. It is proposed to give this up for the use of the Hindustani Boys' School after executing the needful repairs.
4	Do Devanhalli	The present building is in a dilapidated condition
5	Do Channapatna..	Do do
6	Taluk Kannada Primary School for Boys at Chikballapur.	It is located in a rented building. A new building is absolutely necessary.
7	Additional block for primary classes of the Anglo-Vernacular School at Nelamangala.	Do do
8	Taluk Kannada School, Davangere	The present building is condemned by several Engineers and Medical officers. It is proposed to demolish this building (Old Taluk Cutcherry) and construct a new building on the site.
9	Taluk Kannada Boys' School, Kolar ..	All the rooms are overcrowded and there is hardly comfortable sitting room for the boys.
10	Improving the Anglo-Vernacular School, Hassan.	The roofing of one of the rooms is unsafe and may come down after heavy rains.
11	Taluk Kannada School, Alur	The school is held in a private rented building, ill-ventilated and unsuited.
12	Additional blocks in the compound of the Anglo-Vernacular School, Hole-Narsipur.	The branch schools in the fort and petta are now held in a very inconvenient locality and it is proposed to locate them in a central building situated in a healthy locality.
13	Additional block in the compound of the Anglo-Vernacular School, Tiptur.	The infant classes are very badly housed in a rented building which is to be vacated.
14	Additional block in the compound of the Anglo-Vernacular School, Turuvekere.	Primary classes are held in an ill-suited rented building and in a temple which are to be vacated.
15	Constructing Anglo-Vernacular School building, Chikmagalur.	The present building is too small for the present needs as the present strength of the school is 390.
16	Girls' School, Kadur	The present building is a portion of the musafirkhana which is a dilapidated one. It is better to have a separate block constructed
17	Taluk Kannada Boys' School, Koppa ...	The building is very old and dilapidated. A new building is quite necessary.
18	Government Girls' School, Bangalore ...	A site has already been acquired in the Fort and plans and estimates have been prepared by the Public Works Department.

2. Government Order No 291-302—Edn. 219-13, dated 16th September 1914, empowering the Inspector-General of Education in Mysore, to sanction during 1914-15 original works in respect of school buildings up to the estimated cost of Rs. 1,000 in each case.

3. Un-official Note dated 1st December 1914, by the Inspector General of Education in Mysore, regarding his powers to sanction Educational grants.

Order No. 4943-55—Edn. 32-14-10, dated 21st May 1915.

In the interests of decentralisation and with a view to secure despatch of business, the Government are pleased to delegate to the Inspector-General of Education the following powers of sanction of grants-in-aid with effect from 1st July 1915.

Nature of the grant.	*Power.*
1. Grants for general instruction.	To sanction grants within the limits of the provisions in the budget and in accordance with the Grant-in-aid Code sanctioned in the Government Order read above, except in the case of Anglo-Vernacular and High Schools.
2. Grants for school buildings.	To sanction grants not exceeding Rs. 500 in each case in accordance with the Grants-in-aid Code.
3. Grants for furniture, books and laboratory or other appliances.	To sanction grants not exceeding Rs. 200 in each case in accordance with the Grant-in-aid Code.

No. 4920-34—Edn. 74-16-32, dated 23rd November 1917.

2. The Inspector-General of Education has requested that the power to sanction original school buildings not exceeding Rs. 1,000 in cost temporarily given to him for one year in he Government Order dated 16th September 1914 read above, may be made permanent. This is also sanctioned.

3. All grants-in-aid for hostels and boarding houses, special institutions, public libraries, gymnasia and other institutions should be submitted to Government for sanction, and the recommendations will be disposed of on their merits.

4. The Inspector-General of Education is requested to show in the budget estimates of he Education Department for future years the amount required on account of payment of grants under each of the above heads. The transfer of amounts from the provision for one lass of grant-in-aid to that for another or from the provision under other heads to that for grants-in-aid will require the sanction of Government.

Letter No. 4256—175, dated the 1st September 1915, from the Inspector-General of Education in Mysore, forwarding a copy of letter No. 303, dated the 11th August 1915, from the Deputy Commissioner, Tumkur District, regarding the inconvenience existing at present in the matter of disbursing the amount sanctioned for school buildings under the authority of Government Order No. 12152-4—Edn. 289-13, dated the 3rd June 1915, and suggesting that where the Government grant to a building does not exceed Rs. 1,000 the certificate of a Public Works Department Officer, which is now necessary under Rule VII of the Grant-in-aid Code before any amount can be disbursed, may be dispensed with.

[Order No. 2700-10 —Edn. 27-15-13, dated 10th December 1915.

As it has been found that owing to the large number of school buildings constructed with the aid of private contribution, the existing procedure entails undue delay in payment, Government are pleased to approve of the proposal of the Inspector-General of Education to dispense with the certificate of the Public Works Department where the Government grant to a building does not exceed Rs. 1,000. The following clause will be added to Rule VII of the Grant-in-aid Code.

"In the case of buildings, however, where the Government grant does not exceed Rs. 1,000 the certificate of a Public Works Department Officer may be dispensed with and the amount may be disbursed wholly when the building is completed, or in instalments as the building approaches completion to the satisfaction of the Inspector-General of Education or of the Deputy Commissioner of the district concerned as certified by the Amildar of the Taluk or the District Inspector of Education respectively. This power has been granted for the present for a period of three years."

2. Government Order No 2314-25- A & I 71-15-29, dated 19th September 1916, instituting short courses in agriculture on the Hebbal and Marthur Farms for the benefit of practical agriculturists.

3. Government Order No 6436-50—A & I 195-15-2, dated 6th May 1916, sanctioning the establishment of a Vernacular Agricultural School at Chikkanahalli in the Sira Taluk.

4. Government Order No 5065 79—Agri 130 13 6, dated 22nd March 1916, sanctioning the opening of rural agricultural classes in several centres in the State.

5. Letter No. 3468, dated 17th January 1917, from the Secretary, Economic Conference, forwarding for orders of Government copy of a resolution passed at the 51st monthly meeting of the Agricultural Committee (together with a note* by Dr. Coleman) recommending the institution of a vernacular course in agriculture for the benefit of cultivating raiyats.

6. The following resolution passed at the Birthday Session of the Economic Conference of 1917.

"This Conference considers it very necessary that a vernacular course in agriculture should be organised at Hebbal for the raiyat class on lines proposed by the Director of Agriculture."

* Printed as appendix to this order.

Order No. 4958-71—A. & E. 95-16-9, dated 24th November 1917.

The Agricultural School now attached to the Hebbal Farm provides only for instruction in English and owing to the great demand for qualified men for employment in the Agricultural Department, the school has so far been scarcely able to meet even the requirements of the Department. The standard for admission into the school is also fairly high.

2. Short courses are held both in connection with the Hebbal and Marthur Farms to demonstrate improved methods to the raiyats but these are obviously unsuitable for imparting any systematic training to people actually engaged in agricultural pursuits. Provision for organised instruction in agriculture in Kannada is therefore of great importance.

3. The Director of Agriculture and the Agricultural Committee have taken up for consideration the question of the institution of courses in the Vernacular for training sons of raiyats and landholders who are not conversant with English, and a scheme formulated by the Director of Agriculture on the subject is recommended for sanction. The question was also discussed at the Birthday Session of the Economic Conference of 1917 when it was unanimously resolved that it was necessary to provide for agricultural instruction in Kannada.

4. There is at present only one Vernacular Agricultural School at Chikkanahalli in the Tumkur District, which was started mainly owing to the munificent gift of the late Mr. Ugre Gowda of the village. It is reported that the school in question is working well and is popular. There is also a likelihood of similar institutions being started in other districts. But these institutions can only provide for a lower grade of training than could be organised in connection with the Hebbal School.

5. The Inspector-General of Education has also found it necessary to make some arrangements for training of teachers in agriculture for employment in the rural agricultural schools sanctioned by Government. The facilities for training such

teachers in the Training College at Mysore are stated to be insufficient. It is also considered desirable that the period of training of the teachers should be extended to one year and that such training should be given on the Hebbal Farm. For the present, the Inspector-General has arranged to depute 4 teachers for training on the Farm, pending the extension of the accommodation.

6. The Director is of opinion that the training of the Elementary School teachers may also be advantageously undertaken along with the Venacular Agricultural school now recommended.

7. On a consideration of all the proposals, Government are pleased to sanction the institution of a vernacular course in agriculture in connection with the existing English Agricultural School on the Hebbal Farm.

8. The primary object of the new school will be to train the sons of raiyats and landholders who have not received English education, in improved methods of agriculture.

9. Government direct that the agricultural classes held at the Training College in Mysore be discontinued, the Inspector-General of Education making the necessary arrangements to depute the Elementary School teachers to Bangalore for training. In the case of teachers who would be employed in the ordinary schools, the training may be from three to six months, to enable them to acquire sufficient knowledge of agriculture to impart an intelligent interest to their pupils in improved agricultural methods and practices. In the case of the sons of raiyats as also such of the teachers as are proposed to be employed in charge of rural agricultural schools, the period of training may be fixed at one year experimentally.

10. For the present, provision will be made for training 30 to 50 sons of raiyats and 6 teachers of rural agricultural schools and 50 teachers of elementary schools. Necessary provision should be made so that the number of students under training may be eventually increased to 100.

11. It is estimated that the additional accommodation and staff required for the English and Vernacular courses will involve an initial non-recurring expenditure of Rs. 60,000 and a recurring annual expenditure of Rs. 6,000.

12. Government are not in favour of large expenditure on buildings. The Director is requested as far as possible to make the necessary arrangements for the additional accommodation actually required by means of cheap structures and spread the cost over a period of five years. The total cost should not exceed Rs. 50,000. The Chief Engineer is requested to get suitable plans and estimates prepared in consultation with the Director of Agriculture and intimate to Government the manner in which provision will be made for the extensions required.

13. The following establishment and other charges for the combined courses are sanctioned:—

One Vice-Principal who will also be in charge of the English School, on Rs. 150—20—350, per mensem.

Two Teachers	....	Rs. 1 (70), 1 (50)	per mensem
One Clerk	....	(30)	do
One Attender	....	(10)	do
Three Peons	....	2 (8), (7)	do
Extra contingent grant	....	Rs. (40)	do

The English and the Vernacular School should be under the supervision of a senior officer of the Department who will be designated Principal. The Vice-Principal should be a competent graduate, preferably one who has qualified himself both in Science and Agriculture.

14. Government consider that both in the case of the sons of raiyats and the elementary teachers, the course of studies should include practical work as well as instruction in theory. In the case of the former class of students it might even be necessary that special importance should be attached to practical work so as to equip them with the requisite practical knowledge for improving their private estates after receiving training.

No. 4958-71—A. & E. 95-16-9, DATED 24TH NOVEMBER 1917.

15. The Director is requested to arrange to give effect to this orde from 1st January 1918, frame suitable rules for the admission of student and give wide publicity to them. He should also frame syllabuses of studies fo teachers and other students and submit them for the approval of Government The Inspector-General of Education is requested to select in consultation with th Director of Agriculture half a dozen teachers of rural agricultural schools and 30 t 50 teachers of ordinary schools for training every year.

16. All grants required during the current year will be met by reappropria tion from the sanctioned budget estimates of the Agricultural Department, separat provision being made for the purpose in future years.

17. The date of opening of the school and arrangements made for the prope conduct of work therein should be reported to Government for information.

APPENDIX.

Note by the Director of Agriculture in Mysore.

There is at present one vernacular agricultural school in the State, situated at Chikkanhalli in the Tumkur District. In this school the course which is purely agricultural extends over only one year. The question of the opening of other schools of a somewhat similar type is being considered by the District Committees of Chitaldrug and Shimoga Districts and it is likely that one or two more schools will be started in the near furture. The question of starting elementary agricultural instruction in existing rural schools is also receiving attention and at present a number of schools which have been selected by the Education Department for the experiment are being inspected.

During the past year a number of applications for admission into the Hebbal school have been received from candidates who have little or no knowledge of English. It seems therefore an opportune moment to consider the possibility of extending the usefulness of this school by the starting of varnacular classes. Such classes have been already tried in connection with a number of the agricultural colleges in India and with somewhat varying success. In the Central Provinces, for instance, they proved a failure and was given up. In Bombay on the other hand, they seem to have been somewhat successful. If as appears likely, the agricultural classes now being conducted at the Mysore Normal School are transferred to Hebbal, it would be necessary in any case to increase the staff of the school and the accommodation for staff and students, so it is probable that this additional staff would with slight additions at the same time be able to cope with a further class consisting of the raiyats and landholders.

The course for teachers will probably extend over a full year and the same course with slight modifications would do for raiyats' sons. All that would be required in addition for a vernacular class of 20 pupils from among the agriculturists of the State would be quarters with kitchens and one extra teacher. If all these various activities are to be combined in the Hebbal School, however, a separate school building will become absolutely necessary. Proposals have been already sent to Government in this connection but have been vetoed.

The total estimates of expenditure necessary, for extra staff and equipment, school building to accommodate all the various school activities and quarters are as follow:—

Non-recurring Expenditure.

	Rs.
1. Erection of school building to accommodate all the classes including present one	25,000
2. Quarters for teaching staff	10,000
3. Furniture and equipment	5,000
4. Installing water-supply	10,000
5. Extra quarters and kitchens	15,000
Total ...	60,000

Of this amount about one-fourth or Rs. 15,000 could be considered as for the new vernacular course students.

Recurring Expenditure.

	Rs.
1. Full time Vice-Principal on Rs. 150—20—350, average ...	3,000
2. Two extra teachers on Rs. 50 and Rs. 70 each	1,400
3. Clerk on Rs. 30, two attenders on Rs. 10 and four peons on Rs. 7	936
4. Extra contingencies	624
Total ...	6,000

Of this about one-fourth, or Rs. 1,500, should be debited to the vernacular course.

Letter No. 1529-163, dated 20th July 1917, from the Comptroller, Mysore Government, to the Deputy Commissioners and Presidents, District Committees, Economic Conference.

Adverting to Government Order No. 6604-53—I. & C. 89-16-2, dated 16th February 1917, sanctioning the rules for grant of loans for the encouragement of small industries, I have the honour to issue the following instructions regarding the accounts and registers to be kept in the Taluk Offices and the returns to be submitted by them to the District Offices and by the latter to this office:—

(1) Registers, accounts, etc., to be kept in the Loan Section of the Taluk Office:—

(i) Statement of loans sanctioned in Form A.

(ii) Personal Ledger in Form B.

The portion of this register relating to the particulars of loans to be noted at the top should be posted simultaneously with Form A and the other particulars as soon as statements in Forms C and D are received from the Treasury.

(iii) File of statements of amounts paid, received in Form C from the Treasury Section of the Taluk Office.

(iv) File of statement of amounts repaid by borrowers, received in Form D from the Treasury Section of the Taluk Office.

Files referred to in (iii) and (iv) should be carefully filed after disposal for future reference, if necessary.

(v) Broad-sheet of loans in Form E.

As soon as the payment and recovery statements for a month are posted in the Ledger, the totals of individual items of amounts paid, due and recovered as posted in the Ledger should be totalled and the totals entered in this form, and the balance of total loan and total interest due at the end of the month worked out.

(2) The Treasury Section of the Taluk Office should render monthly to the Loan Section of the Taluk Office the following returns on or before the 3rd of the month following that to which the accounts relate.—

(i) A statement of amounts paid as loans in Form C.

(ii) A statement of amounts repaid by borrowers in Form D.

(3) The following returns should be rendered by the Loan Section of the Taluk Office to the District Office on or before the 8th of the month following that to which the accounts relate.

(i) A copy of statement of loans sanctioned in Form A. This should be checked in the District Office to see if all loans sanctioned by the Deputy Commissioner and intimated by him to the taluk are included in the statement.

(ii) Demand, collection and balance statement in Form F. All control over prompt realizations of amounts due should be exercised with the help of this statement.

(iii) A copy of the monthly entry of Broad sheet. On this copy Amildars should be required to certify that credits and debits agree with the statements received from the Treasury Section of the Taluk Office.

(4) The President, District Committee, need not maintain in the District Office any registers in original. It is enough if he keeps a register in Form A for loans sanctioned by him. The loans sanctioned by the Deputy Commissioner or Goverument will relate to the different taluks and the detailed accounts of all loans of a taluk should be kept in the Taluk Office. The transactions at the headquarters of districts will, from 1st August 1917, be conducted by the District Treasuries and the State Huzur Treasury and these treasuries will render the statements of debits and credits in Forms C and D to the respective Taluk Offices. He should, however, intimate all loans sanctioned by him to the respective taluks and see that his intimations are included in the copy of statement of loans sanctioned, submitted every month by the taluk. *Vide* para 3 (i) above.

(5) The District Office should send the following returns to this office on or before the 12th of the month following that to which the accounts relate.

(i) A plus and minus memo in Form G, prepared from statements received from the taluks.

(ii) In the month of July of every year and as soon as the transactions for June have been booked, the balances on the ledgers should be communicated to the borrowers concerned and their acknowledgment obtained as to the correctness of the amounts shown against them. Along with the the Plus and Minus Memo for August, a report as to whether such acknowledgments were obtained should be sent to this office. The acknowledgment should be in Form H and caretully filed in the District Office,

No. 4808-10—I. & C. 69-16-62, DATED 20TH NOVEMBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 9706-8—I. & C. 69-16-40, dated 23rd May 1917, requesting the Comptroller to allow the Superintendent, Sandalwood Oil Factory, Bangalore, a continuing credit of Rs. 5,000 to enable him to meet all necessary charges of the factory pending final orders of Government on the exact procedure of rendering accounts.

2. Correspondence ending with this office letter No. 10406, dated 22nd June 1917, to the Comptroller in Mysore, requesting him to honour all cheques of the Superintendent of the Factory within a limit of the budget allotment but not exceeding Rs. 5,000 at a time and stating that separate orders will issue as regards the points raised by him *re* the procedure to be followed in such cases.

Order No. 4808-10—I. & C. 69-16-62, dated 20th November 1917.

The subject of simplifying the procedure to enable the Superintendent, Sandalwood Oil Factory, Bangalore, to obtain without difficulty the funds required for carrying on the operations of the factory was considered by a Committee consisting of the Financial Secretary to Government, the Secretary to Government, Departments of Education and Agriculture, the Comptroller to Government and the Superintendent, Sandalwood Oil Factory, who have made the following recommendations:—

(1) That a budget for the Sandalwood Oil Factory should be framed and the sanction of Government thereto communicated to the Comptroller and to the department.

(2) That power to incur expenditure up to budget limits may be delegated to the Director except in the case of salaries and establishment.

(3) That the monthly limit fixed for labour charges should be dispensed with.

(4) That the Director may be authorized to draw advances subject to adjustment in one month, the maximum limit of advice being Rs. 15,000.

(5) That a permanent advance of Rs. 1,000 should be given to the Factory.

(6) That all vouchers should be sent with bills.

(7) That in emergencies the Director may purchase chemicals, hardware and laboratory appliances under Rule 17 of Government Order dated the 23rd December 1913, on making a certificate as required by the rule.

(8) That all vouchers not forwarded so far should be sent to the Audit Office.

2. Government are pleased to approve of the recommendations of the Committee under 1, 2, 3, 5, 7 and 8 for a period of one year. A report should be made by the Director three months before the end of May next, as to how the system has worked and whether it may be approved permanently.

3. Separate orders will issue regarding the system of drawing.

Government Order No. 4828-37—G. M. 55-12-250, dated the 24th December 1913, appointing Mr. Y. Narasinga Rao as Special Revenue Officer to investigate and report on applications for Industrial takkavi loans.

2. Letter No. 146, dated the 24th September 1917, from the Director of Industries and Commerce recommending that, as Mr. Y Narasinga Rao has since been transferred as Superintendent of he Sandalwood Oil Factory, Mr. C. Ranganatha Rao Saheb, Deputy Director, may be entrusted vith the work of investigating and reporting on loan applications.

3. Rule 17 of the rules published with Government Order No. G. 2097-145—G. M. 55-12-239, dated the 2nd September 1913, as modified by Government Order No. 1300-11—A. & I. 56-15-107, dated the 10th August 1916.

Order No. 4540-51—I. & C. 21-17-18, dated 10th November 1917.

The Director of Industries and Commerce recommends that as Mr. Y. Narasinga Rao who, as Special Officer attached to his Department, was investigating the applications for loans under the rules, has since been transferred to the Sandalwood Oil Factory as Superintendent, the work may be entrusted to Mr. C. Ranganatha Rao Saheb, Deputy Director in the Department.

2. Government consider that as the District Economic Superintendents are now mostly officers of the rank of Assistant Commissioners they may be entrusted with the enquiry and investigation into applications of loans up to a limit of Rs. 5,000. As regards loans exceeding Rs. 5,000 it is considered desirable that such applications should be investigated by an officer not connected with the Department, or by the Director personally.

3. Government are accordingly pleased to direct that Rule 17 be further modified as follows:—

"No loan exceeding Rs. 2,500 shall be granted without a local enquiry. In cases of loans for less than Rs. 5,000, such enquiry will be referred to the Deputy Commissioners who will cause the necessary enquiries and investigations to be made by the District Economic Superintendents or other officer of not lower rank than an Assistant Commissioner and forward the report received to the Director of Industries and Commerce with their own opinion

In the case of loans exceeding Rs. 5,000 but not exceeding Rs. 10,000, the enquiry shal be held by the Assistant Secretary to the Economic Conference as a Special Officer deputed for the purpose. Applications for loans exceeding Rs. 10,000 will be enquired into by the Director himself. In dealing with applications for loans for Agricultural purposes, the Director will obtain and place on record the opinion of the Deputy Commissioner of the District where the loan is to be utilised."

The Deputy Commissioners of Districts and the Secretary to the Economic Conference are requested to see that all enquiries and investigations to be made by officers subordinate to them are completed without delay."

Encouragement of the Local Manufacture of Medicinal Drugs.

No. 4748-50—I. & C. 154-17-1, DATED 17TH NOVEMBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 4508-12—G. M. 67-13-132, dated the 15th December 1913, sanctioning certain concessions to start a factory for manufacturing Pharmaceutical preparations.

Order No. 4748-50—I. & C. 154-17-1, dated 17th November 1917.

The question of the manufacture of medicinal drugs and the growth of medicinal herbs locally has been engaging the attention of the Government for some time past, and certain concessions were granted under the order read above, to the Mysore Pharmaceuticals, Limited, to start a factory for the manufacture of pharmaceutical preparations.

2. It is reported that in the Pharmaceuticals a large quantity of medicinal drugs is being manufactured according to the British Pharmacopœia or from acknowledged formulæ. A portion of the total quantity of drugs now manufactured is purchased by the State Medical Department, the rest being supplied to the Madras Medical Department or otherwise sold outside the State. The drugs at present manufactured consist mostly of tinctures and extracts but it is stated that, with further equipment, the factory will be in a position to also manufacture other kinds of drugs that may be required for the Medical Department. The Pharmaceuticals have also been attempting to grow medicinal herbs on a small scale though there is considerable scope for further expansion in this direction.

3. With a view to encouraging the local manufacture of medicinal drugs the Government consider it desirable that, as far as possible, the annual requirements of the Medical Department should be obtained from the Mysore Pharmaceuticals, Limited. It is ascertained that the Mysore Pharmaceuticals, Limited, will be able to manufacture and supply the required quantities of the several drugs which are mentioned in the accompanying list and which are understood to be usually purchased by the Department both within and outside the State. The Senior Surgeon is therefore requested to take the needful action in this direction and also make the necessary arrangements for getting the drugs manufactured in the Pharmaceuticals properly tested, so that they may be of the standard quality required.

4. The Senior Surgeon is also requested to arrange for the deputation of an intelligent Sub-Assistant Surgeon to work under Mr. Pell, so that he may be trained in all the processes of manufacture and of testing of medicinal drugs.

5. A report showing the action that has been taken under this order should be submitted for the information of Government at the end of six months.

Letter No. 97, dated 13th July 1917, from the Secretary, Industries and Commerce Committee, forwarding an application from Mr. Pell of the Mysore Pharmaceuticals, Ltd., for a loan of Rs. 25,000, and requesting that, in accordance with the resolution of the Committee at their meeting held on the 6th July 1917, Government may be pleased to grant a loan of Rs. 6,000 to the Pharmaceuticals on the security of the Company's lands, buildings, etc., to enable the Company to pay off their present encumbrances.

2. Further correspondence on the same subject ending with letter No. 561 of the 3rd September 1917, from the Secretary, Industries and Commerce Committee, forwarding the resolution of the Committee at their meeting held on the 25th August recommending the grant of a further loan of Rs. 19,000 to the Company making a total of Rs. 25,000 on the following conditions:—

(*a*) That the entire plant, buildings and stock in trade shall be treated as security for the loan;

(*b*) That the loan be repayable in ten equal instalments with interest at 6½ per cent per annum;

(*c*) That the amount be drawn by the Director of Industries and Commerce on presentation of bills by the Company for charges incurred as they become due;

(*d*) That Government have power to nominate one of their officers as a Director of the Company till the loan is repaid; and

(*e*) That Government have the right of inspecting and auditing the accounts of the Company through officers appointed by them for the purpose.

Order No. 4743-7—I. & C. 21-17-20, dated 17th November 1917.

Government are pleased to sanction the loan of Rs. 25,000 to the Mysore Pharmaceuticals, Ltd., on the conditions suggested by the Industries and Commerce Committee with the modification that the Directorate of the Company should include two officers of Government instead of one, *viz.*, one accounts officer and the Director of Industries and Commerce. Arrangements should also be made for the supply by the Company of all medical stores the Company can manufacture to the Medical Department, which will make suitable arrangements for getting them tested and also for training local men in the manufacture of drugs.

2. The Comptroller is requested to arrange for the half-yearly audit of the accounts of the Company and forward a report on the working of the Factory to the Director of Industries and Commerce for record in his office.

3. The amount of the loan will be met from the provision for industrial and Takavi loans.

4. The Director of Industries and Commerce is requested to arrange for the necessary bonds, etc., being executed by the Company, inserting suitable conditions therein for training local men in the practical manufacture of drugs and forward a copy thereof for the information of Government.

Presence of "Ayyas" during Worship.

No. 1135—Muz. 160-16-6. dated 16th November 1917.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 4 of 1916-17.

Appellant	*vs.*	Respondent
Mahadevappa and two others.		Gurubasappa and certain others.

Subject.

Appeal against Order No. 1641, dated 15th June 1916, of the Deputy Commissioner, Chitaldrug District, excluding Ayyas (both Banajigar and Sadar) from participation in the worship at the temple of Rameswara otherwise known as Siddeswara at Ramagiri in the Holalkere Taluk, and in the processions connected with the institution.

Decision.

The case was heard on 13th July 1917. The respondents were present in person, and both the contending parties were represented through their Advocates.

This case is on all fours with that of the Basavanna's temple of Hadikere village in Tarikere Taluk decided by Government in Order No. 4007—Muz. F. 32-01, dated 21th June 1904, and re-affirmed in 1906 and 1910. If the arrangement approved in that order should have been found to be working without any hitch in that temple, there is no reason why a similar arrangement cannot be expected to work in the case of the temple in question also equally well.

It may not be difficult for the local authorities to so arrange the occasions on which each party wishes to bring its own Ayya that all chances of a collision between the two may be minimised as far as possible, if not altogether avoided. It does not seem either reasonable or equitable that, because one party objects to the presence of the Ayya of another, both of them should be deprived of the benefit of what appears to be a long standing custom. This does not, however, mean that the management and the conduct of the worship will be under the control of any one other than the temple servants and the Dharmadarsis duly nominated by Government. With these observations, the appeal is allowed.

No. 1135—Muz. 160-16-6, dated 16th November 1917.

Copy of the above is forwarded to the Deputy Commissioner, Chitaldrug District, with entire vernacular records connected with the case received with his letter No. 147, dated 18th October 1916.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 18 of 1916-17.

Appellant	*vs.*	Respondent
M. V. Anandalwar		Kumarswami Tirumalachar.

Subject.

Appeal against Order No. 143, dated 30th June 1916, of the Deputy Commissioner, Mysore District, declining to register in the appellant's name, the Addika Araward of Sri Ranganathaswami temple at Seringapatam.

Decision.

The case was heard on 21st August 1917. The appellant was present in person and was represented by his Advocate Mr. N. V. Narasima Iyengar, while the respondent's natural brother represented the respondent.

It is clear from a perusal of the records that the office in question, *viz.*, "Adigemane Addika" formerly Chikka Parpatya has been in the possession and enjoyment of the family of the appellant for more than one generation, the last holder and barawarddar having been the father of the appellant. The original designation of Chikka Parpatya was changed into that of Adigemane Addika at the time of the revision of Tasdik in 1900. At the same time, the posts of Addika and Ithihasa along with three other posts were abolished as being unnecessary, the adoptive father of the respondent having held the posts of Addika and Ithihasa. The respondent was adopted long after the abolition of the said two posts. He has no manner of right to succeed to the vacancy of Adigemane Addika caused by the death of the appellant's father.

The Deputy Commissioner's order depriving the appellant of his "hak" is neither just nor equitable, and cannot be sustained.

The appeal is allowed.

Memo No. 1206—Muz. 319-16-4, dated 24th November 1917.

Copy of the above is forwarded to the Deputy Commissioner, Mysore District with the vernacular records received with his letter No. 472, dated 12th March 1917.

READ—

Correspondence ending with letter No. 1579—S. 128-E. 666 of 1916-17, dated the 11th January 1917, from the Chairman, City Improvement Trust Board, Mysore, submitting for approval, draft rules relating to the classification, custody and preservation of records of his office.

Order No. 570—E. A. G. 29-3, dated 21st November 1917.

The rules now proposed disclose an attempt to adopt the Disposal Number System without the disposal list and combine it with the subject bundle system. Government observe that this arrangement is not likely to facilitate the arrangement of records and may lead to confusion.

2. The proposal to re-arrange the old records under the combined system above referred to does not seem to be expedient as it involves considerable time and labour without proportionate benefit.

3. The simplest course would be to adopt the Disposal Number System in its entirety from the beginning of 1916-17, and arrange the old records under the subject bundle system.

4. A set of rules of the Disposal Number System revised in the light of the above observations is hereto appended for adoption.

5. The lists submitted by the Chairman showing the nature of the several records of the office and their period of preservation have been recast and are appended to the rules.

C. S. BALASUNDARAM IYER,
Chief Secretary to Govt

To—The Chairman, City Improvement Trust Board, Mysore.

Exd.—C. B.

No. 570—E. A. G. 29-3, dated 21st November 1917.

Rules of correspondence and record arrangement in the office of the Chairman, City Improvement Trust Board, Mysore.

I. Registration of Papers.

1. ***Registers required.***—The several registers required to be maintained in the office are the current register and the periodical register. They take up all papers which are in a pending stage whether they have been received in the office or have arisen in the office.

In addition to these registers the following special current registers must be maintained :—

(1) Register of papers received from higher offices.
(2) Petition register.

2. The current register will be in Form I (Appendix).

3. One current register (running for the official year) will be maintained for the whole office.

In the case of papers arising in the office, columns 2 and 3 should be left blank.

Differences of language should not be recognised in registering, which must always be in English, whatever the language of the correspondence may be.

The general principal of registering is that there is only one current entry and one current number for each file. From this principle it follows that the reply to a reference should not be entered as a new item but should appear under column 9.

A reminder received on a current should not be shown as a new item but should be entered under columns 2 and 3 in red ink.

Reminders sent to other offices should be entered in red ink under column 8.

Ample space should be left under each entry for making subsequent entries.

Papers registered in one of the special current registers (*e.g.*, periodical, petition or current registers for higher offices) need not be registered in the general current register. The object is that the several registers should not overlap one another. Papers registered in the tour register should, however, be transferred to the current register as early as practicable.

The entries should be very brief and particular care should be taken to underline the catchword in column 5.

Three months after the close of each official year, that is to say, on the 1st October, all papers of the previous year remaining undisposed of should be carried forward under their old numbers to the new year's current register, a few pages being left blank for the purpose. When an entry in the current registers is thus carried forward, the fact should be noted against the entry under column 8 of the original register thus :— *Vide* No.....in the register of.....

4. ***Periodical register.***—Periodicals are not registered in the current registers but in the special register kept for that purpose which will be maintained in Form II (Appendix).

5. The periodical register is written in the same way as the ordinary current register but columns 2, 3, 4 and 5 are entered beforehand once a quarter. Like the current register, this is a combined register of periodicals coming into the office as well as of periodicals sent out of it.

6. ***The stock list of periodicals.***—A list of periodicals for the submission, scrutiny or review of which an office is responsible should be kept in every office and changes, if any, should from time to time be posted in it. This is a permanent list and should be kept in Form III (Appendix). Each periodical is numbered in the stock list and to each issue of a periodical a subsidiary number is given. Thus if the return of fresh men entertained in service bears the number 50 and is a quarterly, the return for the first quarter will be periodical No. 50·1 for the second quarter 50·2, for the third quarter 50·3 and for the fourth quarter 50·4. Similarly in the case of a monthly return bearing No. 60, the return for the first month will be 60·1, for the second 60·2 and so on.

From this list the periodical register is prepared by entering in it at the commencement of each quarter the several returns and reports *in the order of their falling due.* A monthly return should be booked twelve times in the register and a quarterly four times and so on. If a return is obtained from ten offices say, for review or for sending up a consolidated return to a higher office, it should be booked only once in the register, the names of the ten offices furnishing information being noted in column 7.

7. ***Register of correspondence with higher offices.***—The headings of the several columns of this register are exactly the same as those of the general current register.

8. ***Petition register.***—All petitions addressed to the office whether sent by post or presented in person should be entered in this register which will be maintained in Form IV (Appendix).

NOTE.—1. Endorsed petitions received from higher authorities for disposal should be entered as ordinary papers in the current register and should not be brought into the petition register.

2. The form of petition register prescribed by G. O. No. 8721-70—E. A. 33-14-1, dated 11th February 1915, and the instructions given therein for writing it up will be regarded as superseded in offices in which the disposal number system is introduced.

9. *Numbering currents.*—Every new current should be numbered consecutively and the number should be entered in red ink at the top of the first page of the paper. The name of the branch or of the technical register should invariably be affixed as also the year thus:—current No. 50 (Magisterial) 1915-16. In the case of petitions and periodicals, the word "Petition" or "Periodical" as the case may be should be substituted for "Current." Papers entered in the tour register should be numbered in the same manner as those in the current register except that the word "tour" is substituted for the word "current."

10. *Papers that need not be registered.*—The general rule is that every paper received in an office should be registered in the appropriate "Receive" register. But where special and technical registers are maintained in respect of any classes of papers and papers of obviously transitory importance if numerous or frequent, need not be entered in the registers. A list of papers which need not be registered should be prepared and maintained under the sanction of the Head of the Office.

II. REFERENCING AND DRAFTING.

11. *Transfer of papers to disposing clerk.*—Every current as soon as it is registered should be handed over to the clerk who deals with the subject to which it relates, the name or designation of the clerk and date on which it is so handed over being entered under column 7 of the current register. The initials of the clerk to whom the paper is given should be taken in the current register against the entry of the paper. Where this is not found practicable, a small book may be kept in which the numbers alone of the currents should be noted and the initials of the clerk to whom the papers have been handed over obtained.

12. The duties of the disposing clerk are:—

(1) To register the papers in his personal register, if one is kept under the rules below.
(2) To cause previous papers to be put up.
(3) To carry the current through all subsequent stages till he is relieved by disposal.

The maximum time allowed for referencing will be ordinarily seven days. In important or emergent cases the time must of course be less. If it proves impossible to draft on a paper within the maximum period, it must be put up for perusal with a remark to that effect.

13. *Personal register of disposing clerk.*—Disposing clerks should maintain a personal register in Form V (Appendix).

The register will be maintained as follows:—

When a paper is given to a disposing clerk, he will enter in column 1 the number which the paper bears in the current register and the date on which he received it; and should the papers be disposed of without an intermediate reference, he will enter the disposal in column 4. Should an intermediate reference be sent out, he will enter in column 2 the date on which it is issued and the name of the officer to whom it is sent; when the reply is received, the number given to the reply by the outside office and the date of its receipt will be entered in column 3; if there are further intermediate references and replies, further entries will be made in the same way in columns 2 and 3 until the file is closed by the entry of the disposal number in column 4. The abstract of the original current may be entered briefly in column 1, but this is not essential. When a current is sent to be referenced, the fact should be noted in the column of "Remarks."

Note.—If the disposing clerk has to keep any special registers for the maintenance of which he is solely responsible, the papers entered in them need not be entered again in his Personal Register. The special registers will be sufficient check for all purposes.

14. When previous papers are required for reference, the disposing clerk should look up the indexes and disposal lists and requisition for the records needed on the prescribed slips. The Record-keeper is responsible for furnishing the records asked for without undue delay, but the disposal clerk should see the paper through this stage.

15. *Modes of disposal.*—When a paper cannot be disposed of without calling for further information, the communication for the purpose should issue as a reference.

16. When it cannot be disposed of pending the disposal of another current or pending the receipt of a promised further communication, it should be put by with a remark to the effect "to lie over pending," etc." The remark should be copied in pencil in the disposal

columns of the current register, and cancelled as soon as it becomes possible to dispose of the case.

17. When all the information required for the disposal of a paper is ready and the final communication may issue, it would be a disposal and the series R, D_1 or D_2 into which it should go depends on whether it should be retained permanently or for a period (ten years or two years). A disposal is such a final order as closes the file and renders it ready to receive a disposal number and to be indexed and put in the record.

18. Disposal may be effected, however, without issuing any communication.

When for instance a paper requires no action but has to be retained, it should be put by with the order "recorded" or "lodged." In the former case it would be registered in the R series if it is to be permanently retained, and in the D_1 series if its preservation is limited to a period of ten years and it would be numbered like any other disposal and indexed. Where under similar circumstances a paper of a routine character has to be retained for a short period, it should be "lodged." It would then be entered as a disposal in the D_2 series and destroyed after two years.

Whether a paper should go out as a reference or as a disposal and in the latter case the series in which it should be entered must be determined by the drafting clerk in consultation with the head of the branch.

19. Communications addressed to subordinate officers which do not call for a report or a reply of some kind and those addressed to superior authorities which do not call for orders or instructions on any point or to which no reply is awaited from the superior office should be treated as finally disposed of.

20. *Papers endorsed out in original.*—Many disposals can go through the office endorsed in original on the current. For these office copies need not be kept nor need any entry be made in the disposal list, nor need a disposal number be given. But a copy or abstract of the disposal should be given in the last column of the current register.

It is to be observed that this rule is applicable only when all the papers without exception are sent out along with the disposal. If any papers are left behind, *e.g.*, office papers, the file must be treated as an ordinary disposal, for otherwise there will be no place in which under these rules the papers left behind can lie.

21. References can go through the office endorsed in original. A copy or an intelligent abstract of the endorsement should, in such cases, be entered in column 8 of the current register.

22. When a draft prepared by a clerk is sent up for the approval of the superior officer, the draft with the current or currents should be placed at the top, and the papers put up for a reference should be arranged below in chronological order.

23. Previous papers put up should not be filed together, nor placed either one inside the other or inside the current. They should simply be tied together by means of a tape, the oldest paper being at the bottom.

24. *Procedure before drafts are given disposal numbers.*—When a draft has been passed by the superior officer and returned to the office, the disposing clerk should:—

(1) detach all enclosures which are to go in original,
(2) detach and destroy in the presence of the head of the branch all reminders and chits not intended for record,
(3) page the file in red ink and
(4) enclose the file together with a *pherist* or list of contents, if it is of the R or D_1 series (*vide* Rule 37), in a despatch docket sheet and cause it to be stitched with a stout thread on the top of the left hand corner.

In the case of routine disposals (*i.e.*, D_2 series) each file should be stitched at one corner with a plain paper as fly-leaf on which should be noted the department to which the file belongs, its disposal number with date and the year of destruction.

The despatch docket sheet of which a specimen is given in the appendix, *vide* Form VI, is a cover of cartridge paper with printed headings for entering the disposal number and date, the officer or officers to whom sent, the date of despatch, the abstract of the disposal, the back and forward numbers and number of pages in the file, the series R or D_1 and the year of destruction. All the entries should be carefully made.

25. After this the disposing clerk should pass on the files with drafts to the disposal list clerk for entry in the disposal list.

26. One of the most important duties of a disposing clerk is to note the chains of reference. He should enter on the docket sheet under the heading "back papers" the date and the number of the previous disposal numbers put up for the current or currents disposed

of where such papers are not mere precedents but are absolutely necessary for a proper understanding of the previous history of the case. Similarly, he should enter under the heading "further papers" on the docket sheets of the disposal numbers put up, the date and number of the present disposal. For example, if a disposal No. 200, dated 15th April 1915, has a disposal No. 100, dated 1st March 1915, put up for it, the disposing clerk should when enclosing the later disposal in the docket sheet note on it as follows :—

Back papers No. 100, dated 1st March 1915,

and on the docket sheet of the earlier disposal (No. 100, dated 1st March 1915) as follows :—

Further papers No. 200, dated 15th April 1915.

It is essential that the chaining should be very carefully done, as otherwise there would be difficulty in getting together related papers.

The disposing clerk should return the put-up files to the record room and obtain back and cancel the requisition slips therefor. The Record-keeper should immediately place the returned files in their respective places and note the date of return in the issue register.

III. ENTERING DISPOSAL LIST AND DISPOSAL NUMBERS.

27. *Disposal list in its three series.*—The disposal list should be written up concurrently with the fair copying of the drafts. There should be separate disposal list for each branch in three series R, D_1 and D_2. The first or R series comprises disposals of importance which are to be preserved permanently. The D_1 series consist of ordinary disposals which may be destroyed after a period of ten years or more. The D_2 series consist of routine papers which need not be retained for more than two years. The disposal lists should have the following columns *vide* Form VII (Appendix.)

R SERIES (IMPORTANT).

1. Serial number.
2. Date of disposal, if on a current or currents received ; if not, date of issue.
3. Current or currents disposed of.
4. Officer to whom the disposal is addressed.
5. Number, year and branch of the previous disposals on the same subject.
6. Number, year and branch of the further papers on the subject.
7. Copy of record abstract.
8. Date of despatch.
9. Date of receipt of the disposal file by the Record-keeper with initials.
10. Date on which the file was indexed with initials of Indexer.

D_1 SERIES (ORDINARY).

Same as above, with the following additional column 11 "If not to be destroyed ten years hence, year of destruction."

D_2 SERIES (ROUTINE).

Same as for R Series with columns 5, 6 and 10 omitted.

28. The determination of the disposal series under which a paper should appear is a very responsible piece of work and one which requires to be done with extreme care. It should never be delegated to any official who is not of sufficient standing. As the series are noted on the drafts when they come for approval, the superior officer would have an opportunity of correcting any mistakes that may be made in this respect.

29. *Numbering disposals and entering disposal lists.*—Disposals should be numbered like currents and the name of the branch, if any, should be exhibited. The skeleton formula with the series to which a disposal belongs should be invariably furnished by the drafting clerk thus :—R. Dis. No.....Revenue, dated..... ...

Disposals sent out in original should be numbered thus :—

"N. Dis. on current number.....(Revenue) dated.. ...."
The date is the date of the disposal and not of the current.

The disposal list clerk merely fills in the number and date. The abstract of column 7 of the disposal list should be brief, but at the same time give such information as is compatible with brevity. It should clearly indicate how the paper was disposed of and the important word or phrase should be underlined.

The entries of chaining are taken from the despatch docket sheets and care should be taken not only to chain the disposal in hand backward, but also to chain previous disposals forwards.

The disposal list should invariably be posted before fair-copying or at any rate before despatch. After despatch the disposal list clerk should fill in column 8 of the disposal list

and before sending the papers to the Record-keeper, should circulate the files to the clerks concerned for making entries in the current, periodical and personal registers.

The Record-keeper's initials should be obtained in the disposal list against each entry and the Record-keeper should see that the disposal files are in order and properly paged and stitched. Incomplete and undisposed of files should under no circumstances be sent to or received in the Records and the Record-keeper should decline to take any file, the closing order of which is not attested by a superior officer. Similarly, disposed of files should never be unnecessarily detained by the disposing clerks.

30. Disposals which have not been communicated, *e.g.*, recorded and lodged files should also be transferred to the record room from day to day like communicated disposals.

Papers to be lodged should be given a disposal number in the D_2 Series and against the entry in the current register, the word 'lodged' with number and date should be entered in the last column.

31. In the case of copy applications, rain reports and other papers of an unimportant and recurring nature, it is sufficient if they are bundled up in chronological order and transferred once a year or oftener, if necessary, at fixed intervals to the record room. The papers which might be dealt with under this rule should be defined for each office. They should be tied up in separate bundles as they are disposed of and when transferred to the record room, an entry should be made in the disposal list (D_2 Series) below the entries of regular disposals thus:—

"50 Rainfall reports of 1916"
or "200 copy applications of 1916."

32. *Numbering references.*—References should bear the number of the current thus:—

Reference on current No. 100 Magisterial of 1915-16, dated the 15th April 1916, or shortly, reference 100-15, dated 15th April 1916. The date given to a reference is the date on which it is sent. It is not the date of the current.

References are registered only in the current register. But if they are numerous or if a separate account of them is desired as a ready help for issuing timely reminders, the maintenance of a separate Reference Register in Form VIII (Appendix) is suggested. References issued should be simultaneously noted in this register and in the Current Register and the receipt of replies should also be similarly entered.

IV. INDEXING.

33. The maintenance of an index is an essential part of the Disposal Number System and no effort should be spared to ensure due performance of this important duty. In the absence of an index the laborious process of searching the disposal registers may have to be gone through, if a person who remembers a particular correspondence on a subject cannot quote the number and date of such correspondence.

All disposals of the R Series and the D_1 Series should be indexed. The head of the office should occasionally scrutinise the work and see that it is carefully performed. He should periodically examine the disposal lists in the R and D_1 Series and satisfy himself by reference to the entries in column 10 of these lists that there has been no undue delay in indexing disposal files. He should also examine the disposal list of the D_2 Series to see that no important papers likely to be required for future reference are included in it by inadvertence or in order to avoid the trouble of indexing.

34. *Instructions for indexing.*—Indexing should be done on loose forms which should be bound up at the end of the year. The system of indexing to be followed is the alphabetical. The abstract of the purport in the index, the docket on the despatch sheet and the abstract in the disposal list should be identical. The catchward in the docket should be the index word or one of such words. The index words should be such as to facilitate the tracing of precedents and for this purpose the words selected should be of a general nature, but not too general. That is, they should be sufficiently restricted, if possible, to prevent so large a number of entries coming under one heading as to impair the usefulness of the index for ready reference. Special attention should be paid to cross-referencing and care should be taken to index a file under all the words under which it might possibly be looked up and especially under the names of the persons and of places, if any, concerned.

In the case of old records an index register should be maintained and the period for which they are to be preserved in accordance with the appended schedule should be noted against each.

No. 570—E. A. G. 29-3, DATED 21ST NOVEMBER 1917.

V. CHECKING ARREARS.

35. The secret of checking arrears consists in carefully closing the current and periodical registers. If a current register shows no entry in either of the two last columns, it means that it is pending in the office. If it shows an entry in column 8 and no entry corresponding to it in 9, it is against some other office If it shows an entry in the last column, it is out of the hands of the office as an arrear and is part of the record. The last columns of the Periodical Register are also similarly arranged.

36. The following are the entries for closing the Current and Periodical Registers and no others are permitted :—

(*a*) in lodged papers, the word "Lodged" with the number in the disposal list (D_2 Series) and date,
(*b*) in recorded papers, the word "Recorded" with number in R or D_1 list and date.
(*c*) (where the disposal has been sent in original) the words "N. Dis." with date and initials of the head of the office,
(*d*) when carried forward to the next year's register, an entry to that effect,
(*e*) when transferred to another current entry, a remark to that effect,
(*f*) in all other cases, the number, year and branch of the disposal.

37. *Check by Chief Ministerial Officer* —The ministerial head of the branch or office should examine the current and personal registers of his office or branch once a week at least to see that reminders are being promptly issued and that there is no undue delay in disposal, and should, for the same purpose, examine the bundles of papers pending with each clerk. At each examination he should initial the register. He should keep with him a daily calendar of periodicals posted for the whole year and score off the entries as each periodical is attended to.

He should also examine the disposal list to see if the disposals up to the 3rd day previous at any rate have been sent to the Record-room and the Record-keepers' initials obtained and that there is no undue delay in indexing disposed of files.

38. *Check by Head of Office.*—Once a month the current registers and disposal lists should be placed before the head of the office or officer in subordinate charge together with a suitable abstract somewhat in the following form :-

Abstract of arrears in the office of for the month of

	Less than a week	Less than a month but more than a week	More than a month	Names of clerks with heaviest arrears and number of papers pending with each under all heads
I. Pending in the office ...				
Current register for higher offices				
Ordinary current register ...				
Petition register ...				
Periodical register ...				
Special registers (if any) ...				

	For more than a month	For more than three months	Names of officers responsible for references more than three months old with number of references pending with each
II. Pending receipt of information from other offices.			
Current register for higher offices.			
Ordinary current register ...			
Petition register ...			
Periodical register ...			
Special registers (if any) ...			

III. Number of disposals remaining to be sent to the Record-room

IV. Number of disposals remaining to be indexed.

V. Number of times the office registers have been examined by the Chief Ministerial Officer.

No. 570—E. A. G. 29-3, DATED 21ST NOVEMBER 1917.

VI. CIRCULAR FILES.

39. Each disposing clerk should maintain a file pertaining to his branch of work of rulings issued by Government and other superior authorities as well as by the head of the office. Matters embodied in Departmental Codes and Manuals should be excluded from the circular file. The files should be examined from time to time by the head of the office to see that they are up-to-date and properly indexed for ready reference.

VII. PAPERS NOT COMING UNDER THE DISPOSAL NUMBER SYSTEM.

40. The disposal list in its three series R, D_1 and D_2 and the bundled papers referred to in Rule 52 take up all correspondence inward and outward. The only papers whose disposal is not provided for above are registers, Gazettes and other periodical publications and books.

41. *Registers.*—A label should be affixed to the outside cover of each register showing the number, name, authority prescribing, volume and period of retention.

Registers must be written in volumes continuously numbered. The practice of opening fresh registers every year when the previous volume contains a large number of blank pages should be discouraged.

42. *Stock list and ledger of registers.*—In every office a stock list of registers should be maintained in a bound book in Form IX (Appendix).

All changes made as regards the form or maintenance of the registers should be immediately noted against the entry concerned quoting the authority in column 4.

A ledger of registers should also be maintained with the following headings:—

1. Number of volume
2. Number of pages
3. Date of opening
4. Date of closing
5. Due date of destruction
6. Date of transmission to record room
7. Shelf in which lodged
8. Initials of Record-keeper
9. Destruction remarks with initials.

The number and name of the register should be written in bold characters at the top of each page allotted to a register.

43. *Gazettes.*—Where separate rules exist as in the Revenue Department as to the mode of keeping Gazettes, they should be followed. In all other cases the following arrangement should be adopted.

As each Gazette is received, portions of special interest to the office should be detached and eventually bound for preservation. The rest of the Gazette should be put in an annual bundle and destroyed at the end of two years.

44. *Newspapers.*—Newspapers should be dealt with like Gazettes, that is to say, cuttings must be made of useful matter and the rest of the papers should be filed chronologically and disposed of as waste paper at the end of two years.

45. *Other Periodical Publications.*—Such publications as can go into the Library should be put therein, the library catalogue being entered up as additions are made.

Administration reports of the departments with which an office has any degree of concern and magazines required for reference should be periodically bound up, the volumes being numbered. The annual reports of all other departments should after perusal be filed and sold as waste paper at the end of two years.

Volumes of the Monthly Proceedings of Government should be unbound and portions of interest detached two years after the period to which the proceedings relate.

The detached portions should be conveniently bound and the rest destroyed.

46. Periodical reports and returns should be filed in annual bundles arranged according to their number and sub-number in the stock list. But in case the correspondence on any periodical has taken a general form which necessitates the indexing of the papers, they should be given a separate disposal number in the appropriate series.

VIII. RECORD ROOM ARRANGEMENT.

47. A separate shelf should be set apart for each class of record. On the front of the shelf the class to which the papers therein lodged appertain should be indicated in print or in legible and durable writing on a label in bold characters.

The front sides of the shelf in which papers of permanent value are lodged should be fitted up with wire net work so as to admit of free circulation of air.

The Record-keeper who will be assisted in his work by an assistant Record-keeper shall work directly under the instructions of the office manager. No paper or book shall be removed from or deposited in the record room without the knowledge of the Record-keeper.

No. 570—E. A. G. 29-3, DATED 21ST NOVEMBER 1917.

48. When papers are taken out of the Record-room for reference, an entry to that effect should be made in the Record Issue Register to be maintained by the Record-keeper and a slip containing the undermentioned particulars of the record should be substituted for every paper so removed. The person taking papers out of the Record-room should be held responsible for returning them as soon as possible. On the return of the papers the slip is to be returned and cancelled.

Record requisition slip—

1. Serial number of the issue register
2. The date, number and description of the paper put up
3. The officer for whom put up
4. The date on which it is given
5. The necessity for the reference
6. Signature of clerk taking it
7. Initials of the Record-keeper

The issue register should be in Form X (Appendix).

The register should be periodically examined by the Record-keeper and all outstanding records should be called in by means of a circular note *vide* Form XI The note should, before being filed, be submitted to the head of the office

49. *General mode of record arrangement* —A separate shelf or space must be set apart for each department of business.

On the front of the shelf the name of the department to which the papers therein lodged appertain should be printed or written legibly and in bold characters on a thick label to be attached to the shelf.

The front and sides of the shelf in which papers of permanent value are lodged should be fitted with wire work so as to admit of the free circulation of air

OLD RECORDS

The records of the Board prior to 1916-17 which are partly arranged under the chronological system and partly under the subject bundle system should all be brought under the subject bundle system, weeding out useless papers such as reminders, intermediate replies, office notes, etc., and an alphabetical index of these subject bundles should be maintained for ready reference.

50. *Arrangement of papers dealt with under the Disposal Number System.*—All numbered disposals whether indexed or not should be arranged in chronological order and put into the record racks or shelves They should be tied up unfolded in bundles, not inconveniently bulky, between dealwood boards on the upper one of which should be pasted a printed slip of which a specimen is given in the Appendix *vide* Form XII showing the first and last number in the bundle.

The R, D_1 and D_2 Series should be kept separate but the disposals of different years in the same series must be together.

Registers should be arranged according to their number in the stock list, different volumes of the same register being together.

The arrangement of Gazettes, periodicals, etc., has already been explained.

For the arrangement and disposal of library books, *vide* rules issued with Government Order No. G. 5203-51—E. A. 4-14, dated 23rd November 1914 The library should be examined by the head of the office once in five years and all obsolete and unnecessary books removed, the library catalogue being suitably amended at the same time.

51. *Rules for the destruction of records under the Disposal Number System.*—Drafting clerks and the ministerial heads of offices and branches should mark on the docket of each disposal file before it is sent to the Record-room whether the file should be permanently retained or destroyed after a term of years, noting in the latter case the year of destruction. The entries should be checked and, if necessary, altered by the officer signing the communication.

After disposal, papers should be entered in the disposal list in the R, D_1 and D_2 Series according as they are to be permanently preserved or retained for a period of ten years or two years as the case may be. These are the recognised periods of retention under the system, but however, exception may be made in the case of papers for which these periods may not be suitable.

52. Destruction of papers should take place once a year in the latter part of December and the papers proposed for destruction should be carefully scrutinised by the head of the office. The papers to be destroyed will be :—

(1) Disposals of the D_1 Series of the 11th year preceding, with the exception of those marked for retention for a longer period.

No. 570—E. A. G. 22-3, DATED 21ST NOVEMBER 1917.

(2) Disposals of the D_2 Series and bundled papers referred to in Rule 52, Gazettes omitting portions taken for binding and administration reports not required for further reference of the 3rd year previous.

(3) Volumes of registers ripe for destruction—to be found out by consulting the ledger of registers.

(4) Old records including returns, contracts and agreements that have become time-barred according to the rules regulating their preservation.

(5) Time-expired periodical reports and returns.

At the time of destruction the fact that a paper has been destroyed and the year in which it was destroyed should be noted in the disposal lists and in the ledger of registers under the initials of the chief ministerial officer. This might be done by a rubber stamp bearing the inscription "Destroyed 19 ." In the case of old records this may be noted in the index register itself.

If at the time fixed for destruction it is considered advisable for some special reason to retain certain files either permanently or for a longer period than ten years, such files should be picked out and carried forward as indicated below either to the R list or to the appropriate D list. Thus the "destroyed" papers listed in 1898 will be taken up for destruction in 1909 and the bulk of the papers will be destroyed in that year. But suppose the following papers are then left over, *viz*:—

(*a*) Papers of 1898 to be destroyed after twelve years, *i.e.*, in 1911.

(*b*) Papers of 1898—to be destroyed after fifteen years, *i.e.*, in 1914.

(*c*) Papers of 1898—to be destroyed after twenty years, *i.e.*, in 1919.

(*d*) Papers to be permanently retained. *i.e.*, those which have been wrongly entered in the list or which the officer in charge considers it inadvisable to destroy.

Now the papers in (*a*) will be attached as a supplemental list to the D_1 list of the year 1900 which will be ripe for destruction in 1911; the papers in (*b*) will be attached as supplemental list to the D_1 list of 1903 which will ripen for destruction in 1914.

Similarly, the papers in (*c*) will form a supplemental list to the D_1 list of 1908. Lastly, the papers in (*d*) will be attached as a supplemental list to the R Series.

53. *Mode of destruction.*—All manuscript papers and all printed papers which have not been published should be burnt in the presence of the office manager.

Gazettes, newspapers and other printed papers which have been published may be sold as waste paper.

54. The registers and forms required by these rules are the following. Against the former the periods of preservation are noted.

1. Ordinary current register	... Permanent.
2. (*a*) Periodical register	... 10 years.
(*b*) Stock list of periodicals	... Permanent.
3. Current register of papers received from higher offices ...	... Permanent.
4. Petition register	... Do
5. Register of papers received in camp or tour register ...	... 2 years.
6. Personal register of disposing clerks	... Do.
7. Despatch docket sheet	...
8. Disposal list R, D_1 and D_2 Series	... Permanent.
9. Register of references	... 2 years.
10. Index register	... Permanent.
11. Monthly statement of arrears	... 2 years.
12. Stock list and ledger of registers	... Permanent.
13. Requisition slip	...
14. Record issue register	... 2 years; provided there are no outstanding records.

55. Printed slip to be pasted on the bundle of disposed records ...

The Record-keeper is responsible for the tidiness of the record-room. He should see that all soiled or torn file boards are promptly replaced by fresh ones, that the records are properly dusted and protected from damp, insects, etc., and that the record-room is securely locked before the office closes for the day.

Rules issued with Government Order No. 172—E. A. G., dated the 5th March 1917, regulating the appointment of clerks in Government service.

2 Summary of discussion at the meeting of officers at Mysore, in June 1917, regarding the revision of the clerkship rules.

Order No. 662-706—E. A. G. 195, dated 30th November 1917.

Under the proviso to Rules 1 and 2 of the Clerkship Rules read above, Government may exempt officials from passing the examinations required by the rules in exceptional and deserving cases. In order to regulate recommendations for such exemptions, Government are pleased to lay down the following supplementary instructions.

(1) No exemption will be granted under Rule 1 except in the case of persons who have put in at least 10 years' approved service, and who can read and write Kannada with facility. Officials exempted under this rule may be promoted to appointments carrying any pay up to Rs. 30 per mensem.

(2) No exemption under Rule 2 will be granted except in the case of officials who have passed at least the Mysore Lower Secondary Examination and who have put in 10 years' approved service.

(3) Recommendations to Government for exemptions under Rules 1 and 2 should be accompanied by a statement in the form given in Appendix I of this order.

(4) The quarterly return of exemptions granted by Heads of Offices in the case of temporary and acting appointments under Rule 8 of the Clerkship Rules should be submitted in the form prescribed in Appendix II of this order.

Re-organization of the Electrical Department.

No. 1009-11—C. P. S., DATED 17TH NOVEMBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ AGAIN—

(1) Government Order No 248-51—C. P S., dated the 30th June 1911, sanctioning the re-organisation of the establishment employed on the Cauvery Power Scheme with effect from 1st January 1911

(2) Government Order No 376-9—C. P. S., dated the 28th October 1911, according sanction to the nominations and promotions proposed under the above scale.

(3) Notification No. 975—C. P. S., dated the 28th November 1916, appointing Mr. N. Narasimha Iyengar, B.A , Technical Assistant to the Chief Electrical Engineer, on probation, with effect from the 22nd August 1916

READ—

(4) Note No. 145—C. P. S , dated the 12th December 1916 ,by the Public Works Secretary submitting, for sanction, proposals for thoroughly re-organising the Electrical Department.

(5) Further notes by the Public Works Secretary ending with his No. 70—C. P. S., dated the 23rd June 1917, on the same subject.

Order No. 1009-11—C. P S., dated 17th November 1917.

The re-organisation of the Electrical Department, sanctioned in the year 1911, did not involve any extra cost, as may be observed from paragraph 1 of the Government Order dated the 30th June 1911. Since then, the work of the Department has steadily expanded in different directions. The out-put of power has increased by 42 per cent and the revenue by about 7 lakhs of rupees per annum. But the establishment sanctioned in 1911 remains the same, with some additional temporary hands.

2. The Public Works Secretary has therefore submitted proposals for the re-organisation of the Electrical Department, showing the establishment absolutely necessary to meet the present requirements and duly allowing for the temporary establishment now entertained. The existing scale of salaries also has been revised as found necessary.

3. Although the proposals involve an increase in cost of about Rs. 27,000 plus a sum of about Rs. 5,000 per annum in the shape of local and conveyance allowances, they will not appreciably affect the profit now derived from the Cauvery Power Scheme as a whole, after meeting the interest charges at 4 per cent on the capital outlay.

4. In these circumstances, the Government of His Highness the Maharaja of Mysore are pleased to accord sanction to the re-organisation scheme as recommended by the Public Works Secretary (as per statement appended), with the direction that in the case of persons already employed, the scale of pay sanctioned should take effect from the 1st October 1917.

5. The necessity of simplifying the scales and avoiding the overlapping of grades must be kept in view for future guidance.

6. A statement, showing nominations for filling up vacancies and promotions proposed to be granted under the revised scale, should be submitted for the early orders of Government.

KARPUR SHRINIVASRAO,
Secy. to Govt., P. W. Dept.

To—The Chief Electrical Engineer.
The Comptroller of Mysore (through the Financial Secretary with file and 2 spare copies.)

Government Order No. R. S. 3425-3430—Ry. F. 42 G.-16-17, dated 15th May 1917, sanctioning the programme of Railway operations in Mysore for the triennium ending 1919-20.

2. Railway Secretary's Note No. R. S. 115, dated 24th August 1917 regarding the inclusion of (1) the Kolar-Mulbagal and (2) the Srinivaspur-Madanapalli road junction (*via* Rayalpad) lines in the triennial programme under preliminary survey for the year 1917-18.

Order No. R. S. 1528-1534—Ry. F. G. 273-17-18, dated 26th November 1917.

The President, Kolar District Board, who was consulted as to the advisability of constructing the Kolar-Mulbagal and Srinivaspur-Madanapalle Railway lines in the district, reported that the people were anxious to see that the Kolar-Mulbagal line was taken up first and that there would be no difficulty in raising a moiety of cost towards its construction.

2. Government after due consideration direct that the Kolar-Mulbagal Railway line should be included in the triennial programme under preliminary survey for the year 1917-18, the consideration of the Srinivaspur-Madanapalle line being deferred for the present.
